S. Eliot T. S. Eliot,2015-07-14 This fifth volume of the collected letters of poet playwright essayist and literary critic Thomas Stearns Eliot covers the years 1930 through 1931 It was during this period

that the acclaimed American born writer earnestly embraced his newly avowed Anglo Catholic faith a decision that earned him the antagonism of friends like Virginia Woolf and Herbert Read Also evidenced in these correspondences is Eliot's growing estrangement from his wife Vivien with the writer's newfound dedication to the Anglican Church exacerbating the unhappiness of an already tormented union Yet despite his personal trials this period was one of great literary activity for Eliot In 1930 he composed the poems *Ash Wednesday* and *Marina* and published *Coriolan* and a translation of Saint John Perse's *Anabase* the following year As director at the British publishing house Faber Faber and editor of *The Criterion* he encouraged W H Auden Stephen Spender Louis MacNeice and Ralph Hodgson published James Joyce's *Haveth Childers Everywhere* and turned down a book proposal from Eric Blair better known by his pen name George Orwell Through Eliot's correspondences from this time the reader gets a full bodied view of a great artist at a personal professional and spiritual crossroads

Changing Play: Play, Media and Commercial Culture from the 1950s to the Present Day Jackie Marsh, Julia Bishop, 2013-10-16 This book explores changes in the nature of the relationship between play media and commercial culture through a comparison of play in the 1950s 60s and the present day examining the continuities and discontinuities in play over time There are many aspects of play which remain the same today as they were sixty years ago which relate to the purposes of play the way in which children weave in material from a range of sources in their play including media and how they play with each other Differences in play between now and the mid twentieth century are due to the very different social and cultural worlds children now inhabit in which technology is central to many play activities Challenging deficit notions of play in contemporary society and providing evidence to contest the recurrent myth of the disappearance of play the book Provides an historical account of changes in the relationship between play media and commercial culture over the past sixty years Offers fascinating illuminating and direct accounts of children playing in the

1950s 60s and today Engages with the work of the renowned folklorists Iona and Peter Opie and reviews their legacy Addresses key issues such as outdoor play technology and play and gender and play Changing Play recovers the groundbreaking work of Iona and Peter Opie making it relevant and consequential for the contemporary study of children play and media cultures Marsh and Bishop convincingly demonstrate how children s play practices when approached on their own terms exhibit a persistent dynamism that cannot and should not be reduced to simple exclamations of panic or celebration Daniel Thomas Cook Department of Childhood Studies Rutgers University USA Using the work of Iona and Peter Opie as a benchmark Changing Play tracks the continuities in children s play and the changes that have taken place over the past half century The research juxtaposes the memories of children who grew up in the 1950s and 1960s with observations of and conversations with today s children in Sheffield and London in doing so it allays much of the current anxiety about consumption and the media Timely and topical Changing Play will find its place alongside the Opies classic volumes Hugh Cunningham University of Kent UK Author of The Invention of Childhood This important new text challenges the prevailing view that children s play has been contaminated by access to digital technologies In exploring accounts of children s play from the 1950s and 60s to the present day against the backdrop of rapid changes within media and commercial markets the authors skillfully reveal the particular ways in which children s play has changed and stayed the same In so doing they invite the reader to reject romantic notions of lost childhoods and embrace the realities and richness of children s play in the 21st century I highly recommend this book Professor Trisha Maynard Director Research Centre for Children Families and Communities Canterbury Christ Church University UK
