## **Economic Governance In The Age Of Globalization:**

**Economic Governance in the Age of Globalization** William K. Tabb, 2004-06-02 Rapid growth reduced poverty and stable societies the announced benefits of the world economy celebrated by neoliberal proponents of the Washington consensus have failed to materialize What does this failure mean for future world order and the U S role as global hegemon Addressing this crucial question William Tabb argues that global economic institutions such as the World Bank and the International Monetary Fund constitute a nascent international state for which all previous models of sovereignty accountability and equity are inadequate Integrating economics and political science Tabb traces the emergence of this global state from the closing days of World War II and examines its future prospects Even as the United States will continue to dominate the emerging structures of world governance Tabb maintains it will have to change the assumptions behind its championing of classical models of international free trade A new financial architecture must encompass debt forgiveness multilateral agreements on investment and a more inclusive model of growth in the twenty first century

**Economic Governance in the Age of Globalization** William K. Tabb, 2004 The classical models of international free trade that have long been championed by the US have failed to produce the rapid growth reduced poverty stable societies that have been promised William Tabb advocates a new financial architecture to meet the real needs of the world in the 21st century

*Public Governance in the Age of Globalization* Karl-Heinz Ladeur, 2017-05-15 Globalization and its relationship to public governance is one of the key issues of our time In this book experts from a number of disciplines attempt to define what these two terms mean and perhaps even more importantly what they do not Taking as a starting point that globalization is neither the take over of political power by multi national stateless enterprises nor the chaotic unstructured process of dissolution of public order the contributors suggest that what is occurring is more institutionalized than many critics would admit It is argued that there are important transnational and supra national elements of a new public order which remain beyond the traditional borders of the state but not completely beyond the state as such Globalization as opposed to former developments in the internationalization of the economy is characterized by its transnational form i e it is based on exchange processes which to a greater or lesser degree bypass both the state and the traditional international character of the world economy of the past

*The Age of Responsibility* Yascha Mounk, 2017-05-09 Yascha Mounk shows why a focus on personal responsibility is wrong and counterproductive it distracts us from the larger economic forces determining aggregate outcomes ignores what we owe fellow citizens regardless of their choices and blinds us to key values such as the desire to live in a society of equals In this book he proposes a remedy

Beyond Western Economics Trent Schroyer, 2009-05-08 This book combines intellectual history with contemporary events to offer a critique of mainstream economic thought and its neoliberal policy incarnation in global capitalism The critique operates both theoretically at the level of metaphysics and the philosophy of science and concretely in case studies of globalization and world events Trent Schroyer provides a moral and cultural

interpretation of modernity and scientism highlighting their political and economic consequences but the book's main purpose is not to criticize. The author moves beyond this to offer alternative economic cultures again combining abstract theoretical analysis with concrete case studies of alternative economic formations from local self-sufficiency movements to cooperatives and other anti-capitalist institutional experiments. These case studies exhibit an impressive range of variation from first world to third world from reformist to utopian transformative. Finally Schroyer links the project to the global justice movement that opposes corporate globalization and eventually links participatory economics and democratic politics to a new image of science as participatory social learning.

### **The 'Postmodern Turn' in the Social Sciences** Simon

Susen, 2015-07-23 Simon Susen examines the impact of the postmodern turn on the contemporary social sciences. On the basis of an innovative five-dimensional approach, this study provides a systematic, comprehensive and critical account of the legacy of the postmodern turn, notably in terms of its continuing relevance in the twenty-first century.

### East Asian

Transformation Jeffrey Henderson, 2011-02-25 From the re-emergence of Japan as an industrial power in the 1950s through to the contemporary rise of China as a potential economic and political behemoth, the story of East Asian development has been central to any serious analysis of the dynamics and trajectory of the global political economy. Integrated into a coherent critical narrative, this book examines key political, economic and social dynamics that helped forge the miracle economies of East Asia and continue to drive them forward in the volatile circumstances of our current epoch. It analyses the relation between the state and markets, the changing nature of economic governance and its relation to inequality and the rise of China and its international consequences. Historically informed and comparative in nature, the book contributes to the analysis of the transformations of Japan, Hong Kong, South Korea, Taiwan, Singapore, Malaysia and China and is the first to cover the ground in one volume. Written by a leading analyst of East Asian development, the book engages with the relevant issues and debates in an open, non-technical language, making it useful as an advanced textbook not only for East Asian studies but more generally in international political economy and development studies.

### **This Globalizing World** Leonid E.

Grinin, Princess Irene of the Netherlands, Ervin Laszlo, Roland Robertson, Wali Teymouri, Tomasz Kamusella, Petr Blizkovsky, Karl-Heinz Pohl, Anastasia V. Mitrofanova, Patrick A. Taran, Michael Charles Tobias, Jane Gray Morrison, Endre Kiss, Tom Rockmore, Peter McCormick, William C. Gay, Lu Feng, 2015-03-30 Despite the increasing flow of publications on globalization, our ideas and knowledge about this phenomenon still leave much to be desired. That is why the special periodicals and books in the field of Global Studies are of utmost importance for modern society. Of great importance are also the books which accumulate the last achievements of scientific thought in the field of Global Studies. The present edited volume is just the book of the kind. Its title, *This Globalizing World*, reflects the main idea of the formation of a new World System. This book comprises the best articles which have been published in the interdisciplinary journals *Age of Globalization* (published in Russian) and its English language digest as well as in the *Journal of Globalization Studies*. The articles included in the

volume reflect the today s pressing issues and they also present a number of forecasts for the nearest future and for the more distant periods of the global development as well In the present volume one can find the perceptions of globalization by a number of scholars from different countries whose articles have been published in the mentioned journals      Global Encyclopedia of Public Administration, Public Policy, and Governance Ali Farazmand,2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field      Islam in the Age of Globalization Asif Mohiuddin,2024-11-29 Globalization has been a central theme in political economic cultural and religious debates since the turn of the century While some see it as a solution others consider it the root of our problems The intensification of cultural and military warfare and the West v the Rest mentality fuels a deep seated ethnocentrism Religion meanwhile faces scrutiny from various fundamentalisms and grand narratives Many modern Muslim thinkers are skeptical of globalization perceiving it as a homogenizing force that spreads Western culture and concentrates power among a few nations They argue that Islam promotes human oneness and provides an intellectual and spiritual framework for a more civilized and universal approach to globalization opposing the Western centric hegemonic tendencies The goal of this book is to demonstrate that Islam favors globalization in its original voluntary form as opposed to the violent imposition of the West on the East It will examine Muslim responses to globalization and their attempts to find global answers to local problems in their own local regional national and global contexts Several academic

works have explored various aspects of globalization focusing on tensions and conflicts such as power politics religious authority and legislative issues However there is a notable absence of attention given to the Islamic perspective on globalization including both appreciation and critique This book addresses this gap by offering not only a Muslim critique of globalization but also a broader framework for understanding Islam s unique perspective on globalization Does globalization support the inclusivity that Islam advocates How does Islam fit into the globalization era What impact and influence may Muslims have on the future of globalization What unique prospects does globalization provide Muslims and the Islamic faith Is Islamic revivalism a reaction to globalization Alternatives to globalization could exist What kind of structure will the Islamic globalization paradigm have In addition to addressing these questions the book attempts to provide a theoretical framework for Islamic globalization which incorporates the shuratic practice and the vision of an international community extending beyond the Arabs and non Arabs This underscores the importance of historical contexts for contemporary actions and beliefs In the process the book attempts to extend the debate on Islam and globalization by mapping out the effects of globalization on various aspects of Muslim culture
