Economic Policy In The Reagan Years

Joseph Hogan

Economic Policy In The Reagan Years:

The Economy in the Reagan Years Anthony S. Campagna, 1994-01-05 The arguments over the economic policies of the Reagan Administration will continue until sufficient time has elapsed for a consensus to be possible In the meantime it is necessary for contemporary scholars to record their opinions as a base for the consensus Campagna has recorded his conclusions based on considerable research on Reagan Administration policies He begins by describing what was planned by the government From there he discusses what actually happened and devotes the remainder of the work to his opinion of what has been left with which the future must deal Campagna concludes that the Reagan economic policies failed He establishes a position for others to attack or defend in their own publications in the continuing argument Economic Policy in the Reagan Years Charles F. Stone, Isabel V. Sawhill, 1984 *Perspectives on the Reagan Years* John Logan Palmer, 1986

The Reagan Years Joseph Hogan, 1990 A collection of political commentaries published originally in the Wall Street Journal by a Reagan critic No index No bibliography Contributors from both Britain and the US but mostly Britain cover Reagan's management of institutions Congress the Supreme Court the Cabinet councils and the White House staff the mass media the political parties and assess his leadership in the arenas of economic policy and foreign affairs Generally oriented to the level of advanced undergraduate students and generally well done though an index is sorely lacking Distributed in the US and Canada by St Martins Press Annotation copyrighted by Book News Inc Portland OR The Reagan Effect John W. Sloan, 1999 Now that Reagan's achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation That is precisely what John Sloan delivers Sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning Reagan's economic policies He gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant Reagan more credit and status than he deserves **Reagan and the Economy** Michael J. Boskin, 1987 *Reagan and the Economy* is the most comprehensive authoritative and up to date critique of Reaganomics the revolutionary economic and political program of the 1980s whose effects are only beginning to be felt In accessible non technical language Michael J Boskin describes the Reagan economic program as it was conceived and as it evolved over the first six years of the Reagan presidency showing its place in the changing world of economic thought His aim is to dispel the myths about Reaganomics by taking a hard look at the actual data and evaluating the performance of the economy Many of his findings run counter to conventional wisdom Boskin's greatest contribution is his analysis of supply side economics the new school of economic thinking that produced several tax cuts during the Reagan Presidency He analyzes the effects of these policies in light of the economic conditions and alternatives available at the time and finds the supply side tax cuts to be partially successful These findings form a comprehensive and accurate review of Reaganomics *Reagan and the Economy* is essential to understanding the political and economic choices the nation will face in the coming years From publisher's description

The Reagan Presidency and the Governing of America Changing Domestic Priorities Project (Urban Institute),1984

The Reagan Administration Helga Haftendorn,Jakob Schissler,2019-08-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries *The Reagan Presidency* Paul Kengor,Peter Schweizer,2005-04-29 In this important new volume editors Paul Kengor and Peter Schweizer bring together original essays from leading scholars who examine topics as varied as Iran Contra abortion the Cold War governmental management and economic policy Through critical analysis these essays

American Economic Policy in the 1980s Martin Feldstein,2007-12-01 Destined to become the standard guide to the economic policy of the United States during the Reagan era this book provides an authoritative record of the economic reforms of the 1980s In his introduction Martin Feldstein provides compelling analysis of policies with which he was closely involved as chairman of the Council of Economic Advisers during the Reagan administration monetary and exchange rate policy tax policy and budget issues Other leading economists and policymakers examine a variety of domestic and international issues including monetary and exchange rate policy regulation and antitrust as well as trade tax and budget policies The contributors to this volume are Alberto Alesina Phillip Areeda Elizabeth Bailey William F Baxter C Fred Bergsten James Burnley Geoffrey Carliner Christopher DeMuth Douglas W Elmendorf Thomas O Enders Martin Feldstein Jeffrey A Frankel Don Fullerton William M Isaac Paul L Joskow Paul Krugman Robert E Litan Russell B Long Michael Mussa William A Niskanen Roger G Noll Lionel H Olmer Rudolph Penner William Poole James M Poterba Harry M Reasoner William R Rhodes J David Richardson Charles Schultze Paula Stern David Stockman William Taylor James Tobin W Kip Viscusi Paul A Volcker Charles E Walker David A Wise and Richard G Woodbury

The Reagan Experiment John Logan Palmer,Isabel V. Sawhill,Changing Domestic Priorities Project (Urban Institute),1982 A report of the Urban Institute s Changing Domestic Priorities Project Page ii URI 34200 T p verso Includes bibliographical references

The Presidency and Economic Policy Chris J. Dolan,John P. Frenndreis,Raymond Tatalovich,2008 The Presidency and the Economic Policy offers an update on how economic issues have developed and evolved since the first version of the book was published in 1994 This book addresses the extent to which the president influences the domestic and global economy manages and coordinates the economic policymaking process and determines various economic issues on the national public policy agenda

The Reagan Presidency Dilys M. Hill,Raymond A. Moore,Phil Williams,2016-07-27 The Reagan presidency has been both eulogised and reviled Supporters have claimed that Ronald Reagan not only regenerated American power and restored American prestige but changed the direction of domestic policy in a way which marked the end of a twenty year period of expanding government This book explores the Reagan policy

style and substance It considers the initial aspirations of the two Reagan administrations examines the constraints with which they had to contend and assesses the legacy of achievement and failure

Explaining the Reagan Years in Central America Jeremy M. Brown,1995 In his analysis of the relations between the United States and Central America through the 1980s Brown seeks to broaden our view of events and historical processes by examining these relations in historical and global terms in lieu of the usual local or regional comparative focus By drawing on the central concepts of Immanuel Wallerstein s World System Theory the ideologically and strategically contorted policies of the Reagan years can be understood in the context of an evolving American society within the Modern World System This critical historical narrative follows the growth of an American state and nation and its relations with Central America from its origins as a collection of colonies on the periphery of the world system through eras of expansionism imperialism world wars and triumph as global hegemon and into ultimate crisis decline and conservative reaction through the 1980s Primary emphasis is placed on the internal ideological and global strategic polarizations of the Cold War and their influence on American society foreign relations with Central America and the conservative extremes of the Reagan years

Reagan's Presidency: Leadership, Economics, and Consequences Pasquale De Marco,2025-04-08 In the annals of American history few presidents have left an imprint as profound and enduring as Ronald Reagan His presidency spanning from 1981 to 1989 was a period of transformative change marked by bold economic policies a conservative social agenda and a pivotal role in the Cold War s conclusion This book offers a comprehensive exploration of Reagan s leadership examining his policies decisions and their lasting consequences Reagan s economic policies often referred to as Reaganomics were characterized by tax cuts deregulation and a reduction in government spending These policies rooted in the belief that the free market could drive economic growth had a significant impact on the American economy While some argue that Reaganomics led to economic prosperity and a reduction in inflation others contend that it exacerbated income inequality and contributed to the national debt Beyond economics Reagan pursued a conservative social agenda aligning his policies with the values of the religious right He appointed conservative judges to the Supreme Court took a strong stance against abortion and supported traditional family values These policies reflected Reagan s belief in limited government intervention in personal and moral issues a philosophy that resonated with many Americans In foreign policy Reagan adopted a hawkish stance towards the Soviet Union labeling it an evil empire He increased defense spending supported anti communist movements around the world and took a hard line in negotiations with Soviet leaders Reagan s foreign policy played a significant role in the eventual collapse of the Soviet Union a development that marked a turning point in the Cold War Reagan s presidency was not without controversy The Iran Contra Affair in which his administration secretly sold arms to Iran in exchange for the release of American hostages tarnished his reputation and led to criminal charges against several of his top aides Despite this scandal Reagan maintained high approval ratings throughout his presidency largely due to his optimistic demeanor his ability to connect with

the American people and his success in bringing about economic recovery Reagan's legacy remains a subject of debate among historians and political commentators Some hail him as a transformative leader who restored American pride and prosperity while others criticize his policies for exacerbating economic inequality and social divisions Regardless of one's perspective there is no denying that Reagan's presidency left a lasting imprint on American politics and society shaping the course of the nation for decades to come If you like this book write a review

Debating the Reagan Presidency John Ehrman, Michael W. Flamm, 2002-09-01 The presidency of Ronald Reagan has become a Rorschach Test for politicians and citizens alike While many conservatives see the Reagan era of the 1980s as the high water mark for their movement and a time of national recovery from the difficulties of the 1970s many liberals maintain that the rosy Reagan legacy is based largely on myth and that in fact his eight years as president caused serious harm to the country John Ehrman and Michael W. Flamm give due attention to the lasting controversies surrounding the Reagan record and provide a balanced view of the fortieth president's foreign and domestic policies Students are encouraged to draw their own conclusions by reading key primary documents

Sociocultural Studies in Education Richard A. Quantz, 2016-01-08 Sociocultural Studies in Education Critical Thinking for Democracy fills a void in the education of educators and citizens in a democracy It explores some of the fundamentals around which disagreements in education arise It presents a process with which those new to these debates can understand often confusing and entwined sets of facts and logics This book leads the reader through some general concepts and intellectual skills that provide the basis for making sense out of the debates around public education in a democracy This book can be seen as a primer on how to read texts about education It acknowledges that good teachers must be not only trained to teach but also educated about education It presents the various themes and currents found within the arguments and narratives that people use to represent public education It assumes that the more those interested in education know about how to see through the rhetoric the better they will be at discerning whose interests are served by which texts

The Reagan Era Doug Rossinow, 2015-02-17 In this concise yet thorough history of America in the 1980s Doug Rossinow takes the full measure of Ronald Reagan's presidency and the ideology of Reaganism Believers in libertarian economics and a muscular foreign policy Reaganite conservatives in the 1980s achieved impressive success in their efforts to transform American government politics and society ushering in the political and social system Americans inhabit today Rossinow links current trends in economic inequality to the policies and social developments of the Reagan era He reckons with the racial politics of Reaganism and its debt to the backlash generated by the civil rights movement as well as Reaganism's entanglement with the politics of crime and the rise of mass incarceration Rossinow narrates the conflicts that rocked U.S. foreign policy toward Central America and he explains the role of the recession during the early 1980s in the decline of manufacturing and the growth of a service economy From the widening gender gap to the triumph of yuppies and rap music from Reagan's tax cuts and military buildup to the celebrity of Michael Jackson and Madonna from the era's Wall

Street scandals to the successes of Bill Gates and Sam Walton from the first war on terror to the end of the Cold War and the brink of America's first war with Iraq this history lively and readable yet sober and unsparing gives readers vital perspective on a decade that dramatically altered the American landscape

Selected Papers Of Lawrence R Klein: Theoretical Reflections And Econometric Applications Kanta Marwah, 1997-06-01 This volume contains selected papers of Lawrence R Klein in economics econometric theory and applications in modeling forecasting macroeconomic analysis international economics and public policy Nobel Laureate Lawrence Klein's bibliography spans a half century including books articles and chapters in conference proceedings festschriften and thematic books One such volume of solely scientific collections mainly from his relatively early articles has already been published The present volume is different it includes some articles but largely chapters or book excerpts that were mostly written since 1980 the approximate cut off date of the prior volume and the year of his Nobel Prize Also it includes things that were published in very limited or obscure editions Thus it provides a more complete picture of his scholarly career and his current reflections on the state of economic science All these writings are in the vanguard of thinking about economics in a global domain The thirty five plus selections are organized in five parts by major themes An editorial commentary introduces each part The introductory chapters include Klein's autobiographical research commentary and his professional life philosophy

The Dual-Entity of Market Competition Yunxian Chen, 2021-12-28 The relationship between the government and the market lies at the heart of Economics as a discipline This title approaches this issue with a new lens termed mezzoeconomics A branch of modern economics that mainly studies regional economic entities and the allocation of regional resources after they are generated Combining mezzoeconomic theory with practice in the light of China's Reform and Opening up the author analyzes the regional governments participation in market competition the dual entities enterprises and regional governments of market competition and a mature market economy featuring a strong form of effective government and efficient market Three corresponding theories are proposed the Regional Government Competition Theory the Dual Entity of Market Competition Theory DEMC and the Double Strong Forms Theory The author hopes that these theories of mezzoeconomics can build a new effective theoretical model and serve as a guidance for regional governments to reform and innovate their governance philosophy and policies This book will be of keen interest to students and scholars of economics and regional governance
