British prime ministers Major Brown Blair and Cameron in confronting and reacting to the reality of European Union from the Maastricht Treaty 1992 onward This examination suggests that rather than political continuity discontinuity led the UK through Prime Minister David Cameron s efforts at renegotiation in the EU to Brexit and his instant resignation This book invites readers to rethink refine and challenge the dominant narrative of Britain as a predictable permanent outsider condemned to irrelevance in the EC EU It will appeal to scholars of international relations and political history as well as political decision makers both in Britain and the EU
