I Found Love Doug

Bender, 2021-01-12 From the influential and ever-growing movement I Am Second, a remarkable collection of stories of people searching for and finding love. When I Am Second launched in 2008, the organization intended simply to tell stories of lives changed utterly by people placing God first and themselves second. Although the organization has exploded in size and influence since that original mission has remained the same and continues to have enormous power and influence today, I Found Love is the highly anticipated new book from I Am Second, gathering together stories of people who searched everywhere for fulfillment and wholeness and found it only when they surrendered to God. People whose stories appear include the following among others: David and Tamela Mann, Jason Castro, Sean Lowe, Stephen Baldwin. Moving, compelling, and profoundly inspiring, the stories found here remind us that our hearts will always be restless until they find their rest in God and always unsatisfied until we find the love of God.

The American Adrenaline Narrative Kristin J.

Jacobson, 2020-06-01 The American Adrenaline Narrative considers the nature of perilous outdoor adventure tales, their gendered biases, and how they simultaneously promote and hinder ecological sustainability. To explore these themes, Kristin J. Jacobson defines and compares adrenaline narratives by a range of American authors published after the first Earth Day in 1970, a time frame selected as a watershed moment for the contemporary American environmental movement. The forty-plus years since that day also mark the rise in the popularity and marketing of many things as extreme, including sports, jobs, travel, beverages, gum, makeovers, laundry detergent, and even the environmental movement itself. Jacobson maps the American eco

imagination via adrenaline narratives grounding them in the traditional literary practice of close reading analysis and in ecofeminism She surveys a range of popular and lesser known primary texts by American authors including best selling books such as Jon Krakauer's *Into Thin Air* and Aron Ralston's *Between a Rock and a Hard Place* and lesser known texts such as Patricia C McCairen's *Canyon Solitude* Eddy L Harris's *Mississippi Solo* and Stacy Allison's *Beyond the Limits* She also discusses such narratives as they appear in print and online articles and magazines feature length and short films television shows amateur videos social networking site posts fiction advertising and blogs Jacobson contends that these stories constitute a distinctive genre because unlike traditional nature travel and sports writing adrenaline narratives sustain heightened risk or the element of the extreme within a natural setting Additionally these narratives provide important insight into the American environmental imagination's connection to masculinity and adventure knowledge that helps us grasp the current climate crisis and how narrative understanding provides a needed intervention *Author and Journalist*, 1929
