A tale imparted from the perspective of long-time imaginary friend Budo, traces his awareness of his advancing age and constant thought of the inevitable day when eight-year-old Max, an autistic boy, will stop believing in him. **Guy Fawkes; or, The Gunpowder Treason** William Harrison Ainsworth, 2022-07-20. More than two hundred and thirty-five years ago, or to speak with greater precision, in 1605, at the latter end of June, it was rumored one morning in Manchester that two seminary priests, condemned at the late assizes under the severe penal enactments then in force against the Papists, were about to suffer death on that day. Attracted by the report, large crowds flocked towards the place of execution, which, in order to give greater solemnity to the spectacle, had been fixed at the southern gate of the old Collegiate Church, where a scaffold was

erected Near it was a large blood stained block the use of which will be readily divined and adjoining the block upon a heap of blazing coals smoked a cauldron filled with boiling pitch intended to receive the quarters of the miserable sufferers Neither the executioner nor his companions appeared in the slightest degree impressed by the butcherly business about to be enacted for the former whistled carelessly as he pursued his task while the latter laughed and chatted with the crowd or jestingly pointed their matchlocks at the jackdaws wheeling above them in the sunny air or perching upon the pinnacles and tower of the neighboring fane Not so the majority of the assemblage Most of the older and wealthier families in Lancashire still continuing to adhere to the ancient faith of their fathers it will not be wondered that many of their dependents should follow their example And even of those who were adverse to the creed of Rome there were few who did not murmur at the rigorous system of persecution adopted towards its professors **Bentley's Miscellany**, 1840 *Gloriana* Michael

Moorcock, 2017-09-05 A fable satirizing Spenser's *The Fairie Queen* and reflecting the real life of Elizabeth I tells of a woman who ascends to the throne upon the death of her debauched and corrupted father King Hern Gloriana's reign brings the Empire of Albion into a Golden Age but her oppressive responsibilities choke her prohibiting any form of sexual satisfaction no matter what fetish she tries Her problem is in fact symbolic of the hypocrisy of her entire court While her life is meant to mirror that of her nation an image of purity virtue enlightenment and prosperity the truth is that her peaceful empire is kept secure by her wicked chancellor Monfallcon and his corrupt network of spies and murderers the most sinister of whom is Captain Quire who is commissioned to seduce Gloriana and thus bring down Albion and the entire empire Goodreads.com
