Stevans,2003-11 Originally published in 1903 this is an excellent source for an historical perspective on superstitions and folklore Hundreds of entries are arranged alphabetically within broad subject categories The original subtitle reads A comprehensive library of human belief and practice in the mysteries of life through more than six thousand years of experience and progress including the fundamental intuitions and instincts underlying the structure of civilization theology mythology demonology magic witchcraft esoteric philosophy signs omens oracles sorceries auguries divinations prophecies methods and means employed in revealing fortune and fate systems and formulas for the use of psychical forces hypnotism clairvoyance telepathy spiritualism character reading and character building with all the known powers and wonders of mind and soul illustrated with numerous ancient and modern designs and thoroughly indexed The Encyclopedia of Superstitions Richard Webster,2025-08-05 Have you ever rubbed a frog on your freckles Trivia fans and fun fact fanatics will adore this fascinating flickable encyclopedia of superstitions Richard Webster presents over five hundred of the most obscure curious and just plain freaky superstitions of the Western world Discover batty beliefs about baldness beans and the Bermuda Triangle and peculiar practices regarding hiccups hearses and hunchbacks From modern myths to centuries old lore The Encyclopedia of Superstitions offers a wealth of wonderfully weird beliefs on just about every topic you can imagine Holidays Birth Death Weddings Colors Gemstones Trees Flowers Fairies Weather Numbers Animals Birds Insects Household Items Zodiac Signs Gambling The Human Body Food Praise T his reference makes for compulsive browsing Publishers Weekly *Superstitions* William Carroll,1998 Encyclopaedia of Superstitions, Folklore, and the Occult Sciences of the World Cora Linn Daniels,Charles McClellan Stevens,1903 *Northern Mythology, Comprising the Principal Popular Traditions and Superstitions of Scandinavia, North Germany and the Netherlands* Benjamin Thorpe,1851

The Encyclopedia of Curious Rituals and Superstitions Arie Kaplan,2025-07-15 The Encyclopedia of Curious Rituals and Superstitions illustrates and explores the most curious beliefs and superstitions from around the world weaving together folklore religions cultures traditions and even human nature itself **Superstitions** Max Cryer,2016-05-01 Some people casually say touch wood when they speak of something they hope will happen Others won t allow peacock feathers into the house And almost anyone who finds a four leafed clover will treasure it and keep it Why Some superstitions are so ancient and have been practised for so long that they have come to be regarded as just harmless and widely observed customs without people realising they are basically superstitions For instance many people wouldn t bother tossing spilled salt over their left shoulder or avoid walking under a ladder But they happily continue to wear a wedding ring and blow out candles on

a birthday cake They don't know why it's just a custom But both are actually superstitions In a book full of surprises and revelations Max Cryer explains the origins of many of the things we commonly say and observe and why we continue to include them in our lives kissing under the mistletoe the unlucky number thirteen the significance of the bridal bouquet saying bless you after sneezing the hanging of a horseshoe the Scottish play the danger in opals the Leap Year proposal so many aspects of our lives are coloured by superstition Now you can discover the reasons for them in a book that is both witty and informative Superstitions will provide many Eureka moments and settle many family disputes

Defending Against Psychic Attacks Carlos Ruiz Poleo, 2013-06-19 Back Cover excerpt Thousands of books have been written about happiness and how to achieve it but these do not consider outer influences from other humans in our life Of course all of us would like to be happy and without problems But many of us have had bad experiences or some sort of problems in our daily life without them having a logical cause or a possible explanation Some things did not go as expected despite all of our efforts We are sometimes victims of unforeseen accidents We sometimes are also unable to reach our foreseen immediate goals which previously were considered very simple even though we were fighting hard to achieve them We do not know why these events occur but most people attribute it to a possible bad luck at the time or something which was meant to be A second group either by superstition or rightly sustained attribute them to a third party's influence that is considered as an evil eyed

person or bird of ill omen A third smaller group attributes causes to premeditated attacks from witches or sorcerers and to have been the target of curses or spells Negative intentions that could be either normal or enhanced are what we call psychic attacks My idea is to give orientation on something undeniable that exists although is blindly rejected by many Superstitions and myths are analyzed into a logical rational and partly scientific framework There are strong cultural differences between people from the western hemisphere and those from the orient and even between people that speak a common language but are separated by geographical or political boundaries But when common human reactions and events are observed in several different environments this makes us think that certain truth should be something underlying as the origin and outcomes of those events

The Eyes Have It Evan Marshall, 2003 There is no better way to read behavior and the human personality than by observing the human eye For centuries people have studied eye language to discover hidden motivations and personality traits lie detector tests now use movement of the eyes as a detection of guilt The movement and characteristics of the eye play a crucial role in successes in love career and every aspect of life Now readers can master this important part of nonverbal communication with *The Eyes Have It* Individual chapters explore loving and lying eyes the etiquette of staring the evil eye pupillometry iridology trends in eye adornment and the vital blink Also included are surprising analyses of some of the world's most famous eyes In this enlightening guide to understanding one of the world's most subtle and effective forms of language *The Eyes Have It* reveals fascinating tips such as A drooping eyelid signifies a person with sex appeal preoccupied with the chase but who is apt to be cold hearted Long thin eyebrows denote the superior intellect of an artist or scholar A large iris indicates an affectionate and family oriented person The green eyed person possesses creativity and originality and is believed to be the happiest of the color groups

The Evil Eye in the Bible and in Rabbinic Literature Rivka Ulmer, 1994 Jewish belief in the power of the evil eye aroused and energized by emotions such as jealousy and mean spiritedness has been a common concern in Jewish life from earliest times The everpresent fear of its malevolent power is expressed by the common Yiddish expression *kein ahoro* which means literally without an evil eye *Kein ahoro* is intended to ward off any potential evil eye when one speaks of one's favorable prospects Sephardic Jews have been concerned with it as well and like the Ashkenazim their Jewish ritual life has incorporated ways of protecting against it Dr Ulmer's book examines this idea in its many permutations in Rabbinic literature In particular she examines its origin in people's negative emotions and its effects on its victims in many phases of life in causing death and sickness for example or its role in sexual transgression etc The Angel of Death is depicted as having many eyes and early Jewish mystical literature depicts angels in general as covered with eyes On the other hand the good eye has many positive meanings and these are discussed as well Dr Ulmer's study provides the reader with a complete view of the numerous symbolic meanings which this most important sense organ has been given in Jewish culture Book Jacket

Northern Mythology, comprising the principal popular traditions and superstitions of Scandinavia, North Germany, and the Netherlands, etc Benjamin THORPE, 1851

The Darker Superstitions of Scotland, Illustrated from History and Practice John Graham Dalyell, 1834 **An Essay on Demonology, Ghosts and Apparitions, and Popular Superstitions** James Thacher, 1831 **Baptism, Superstitions, and the Supernatural** Lesley George Anderson, 2022-07-07

Baptism Superstitions and the Supernatural by Rev Dr Lesley G Anderson is a book uniquely and unquestionably one of the most informative and remarkable of its type. The sacrament of baptism is undoubtedly to this day an exceedingly controversial sacrament of the Christian Church. The continuing differing debates, arguments and views about adult believers versus infant baptism are examined. Superstitions and the supernatural associated with this sacrament are given adequate attention in addition to the many other informative factors relating to this sacrament. Further, this sacrament is examined as a scriptural, psychological, theological and social reality. The introduction of baptism as a liturgical phenomenon highlights the educational quality of this book as it takes the reader into the interesting and fascinating areas of baptism of blood, baptism by fire, baptism of the dead, baptism of the Holy Spirit and baptism in the name of Jesus only. In addition, this book brings to the fore an intrinsic excitement and understanding about the symbols and symbolism, images and mysteries, signs and wonders associated with this sacrament. The role of the Holy Spirit and the centrality of Jesus in the baptismal act are of importance and recognized. If symbolically baptism means dying to sin and rising to new life with Christ, does this apply only to adult believers? This book explores the question against the background of research conducted in the Central American country of Belize that unearthed the views and beliefs of laypersons. The reach of the work extends beyond Belize and Methodist traditions are compared with contrasting beliefs and practices of other denominations. Popular superstitions associated with baptism are also explored as well as the impact of African cultural practices on Christian theology in the lived experience of Caribbean peoples. Although this research was conducted in Belize, it is borderless and boundless. Of vital interest is the exploration of this sacrament in African religious beliefs and cultural practices. According to Professor Neville Duncan, former director of the Sir Arthur Lewis Institute of Social and Economic Studies at the University of the West Indies, Mona, Jamaica, the book is theologically and sociologically stimulating. While written from the Methodist perspective, the issues raised will resonate with all Christian denominations. All denominations noted in this book are given their due respect regardless of their beliefs and or baptismal practices.
