Hermes, Karen A. Ritzenhoff, 2009-01-14 Sex and sexuality are topics that have defined feminism since its inception What has changed is that there is now a generation of feminists and scholars who are comfortable not only to write in their own disciplines but who incorporate feminist ideas in their research This book assembles a variety of essays most of which were written especially for this collection that negotiate sex and sexuality in historical contexts as well as in contemporary times There is a common ground of history and popular culture among the articles While different theories of feminism operate in these essays feminist lenses have allowed the reevaluation of familiar topics from early religious practices to medieval literature to current films and advertising The authors represented in this collection range from established feminist and gender scholars to those who employ feminist theoretical frameworks in their respective disciplines **Reporting from the Wars 1850 - 2015** Barry Turner, Daniel Barredo Ibáñez, Steven James Grattan, 2019-07-05 From the foundations of the world's first great empires to the empires of today war has preoccupied human civilisation for as many as 4000 years It has fascinated horrified thrilled confused inspired and disgusted mankind since records began Provoking such a huge range of emotions and reactions and fulfilling all the elements of newsworthiness it is hardly surprising that war makes good news Modern technological advancements such as the camera and television brought the brutality of war into the homes and daily lives of the public No longer a far away and out of sight affair the public's ability to see what was happening on the frontline changed not only how wars were fought but why they were fought Even when a war is considered popular the involvement of the press and the weight of public opinion has led to criticisms that have transformed modern warfare almost in equal measure to the changes brought about by weapon technology War reporting seeks to look beyond the official story to understand the very nature of conflict whilst acknowledging that it is no longer simply good versus evil This edited volume presents a unique insight into the work of the war correspondent and battlefield photographer from the earliest days of modern war reporting to the present It reveals how influenced by the changing face of modern warfare the work of the war correspondent has been significantly altered in style method and practice By combining historical analysis with experiences of modern day war reporting this book provides an important contribution to the understanding of this complicated

Hitler's Hangmen Brian Lett, 2019-11-13 Before and after the outbreak of the Second World War there were a number of sizable Fascist groups active in Britain, all of whom were working towards a violent uprising to overthrow the British government. These groups included The Right Club led by Captain Jock Ramsey MP, Arnold Leese's Imperial Fascist League and Sir Oswald Mosley's British Union of Fascists. When Churchill became Prime Minister in May 1940, Ramsey, Leese, Mosley and hundreds of their supporters were arrested and interned. They were released in 1943 and 1944, all the more embittered and just as intent on bringing about the installation of a Fascist Government in Britain, which Ramsey hoped to lead. Churchill was the man they hated most; under Chamberlain they had remained free men. Churchill had interned them and sworn to fight the Nazis to the bitter end. Britain under Churchill would never surrender. In the autumn of 1944, Adolf Hitler made his last attempt to achieve victory in the west or at least a favorable peace. He would then be free to concentrate on defeating the Soviet Union. In the Ardennes, he launched a massive counter-attack using dirty tricks and murdering prisoners that has become known as the Battle of the Bulge. In Italy, he counter-attacked down the Serchio valley and in the UK he gave orders for an uprising or escape in all of the German camps under Nazi control and in at least one of the Italian Fascist prisoner of war camps. A part of Hitler's plan was the simultaneous assassination of both Churchill and Eisenhower. This was the opportunity Ramsey had been waiting for. Under the cover of a Social for all those who had been released from detention, a meeting was arranged for the day of the breakout. They would join and aid the uprising, providing invaluable support. An organization called the Prisoners of War Assistance Society, set up by members of Leese's organization, was to help the prisoners get out. Two Nazi camps were to lead the Break Out: Camp No 23 Devizes and Camp No 17 Sheffield. The plot was discovered by chance at Camp 23 and foiled. Nazi Vehmic Court murders of suspected informers followed in relation to Camp 23 and at Camp 17. The plan was to seize US military ambulances in Devizes and tanks and armoured vehicles and to advance on London. The ambulances would provide useful camouflage in the same manner as

captured US vehicles and uniforms were used in the Battle of the Bulge Waiting and willing to help them at the House of Commons in London was Jock Ramsay MP He continued to serve as an MP after his release from four years detention and when he attended the House he would sit within yards of his greatest enemy Winston Churchill In December 1944 Churchill was in London and addressed the House of Commons on 14 and 20 December Ramsay had the right to attend the House of Commons at all times and his Right Club had once boasted eleven MPS amongst its members He could provide the German task force with assistance in their attempt to kill or capture Churchill and other Cabinet Ministers thus leaving Britain without its leaders at a vital moment A simultaneous plot to assassinate General Eisenhower was discovered during the Battle of the Bulge it was known as Eisenhower Aktion and involved English speaking Germans disguised as US soldiers and driving US vehicles This is the incredible disturbing story of how close British Fascists came to impacting the outcome of the Second World War It is also a comprehensive investigation into the Break Out Plot as it unfolded across Britain how it came to fruition and how it was quashed its repercussions and the many little known stories of escape and recapture which took place throughout the country

Death March through Russia Klaus Willmann,2019-11-29 In this rare World War II memoir Lothar Herrmann a soldier from the Wehrmacht details his unimaginable experience as a German Prisoner of War in the Soviet Union Hermann grew up in Bavaria going through the RAD Nazi Labour Service before being conscripted into a Wehrmacht Mountain Division the Gebirgsdivision in 1940 He participated in Germany's advance through southern Ukraine in 1941 and in 1944 was arrested in Romania while retreating to Germany The Romanians passed him onto the Soviets who placed him in a forced labour camp where he watched two thirds of prisoners around him die In 1949 Herrmann was finally released to Germany and returned to Bavaria Three million German troops were taken prisoner by the Red Army and around two thirds of them survived to return to Germany in 1949 but their stories are little known Klaus Willmann draws on interviews he conducted with Herrmann to recount these astonishing recollections in the first person Depicting the challenges of growing up in Nazi Bavaria to becoming a Soviet prisoner of war this is a gripping and enlightening account from a necessary but rarely explored perspective

The Sword And The Olive Martin Van Creveld,2008-08-06 Combining razor sharp analysis with dramatic narrative vivid portraits of soldiers and commanders with illuminating discussions of battle tactics and covert actions The Sword and the Olive traces the history of the IDF from its beginnings in Palestine to today The book also goes beyond chronology to wrestle with the political and ethical struggles that have shaped the IDF and the country it serves struggles that are manifesting themselves in the recent tragic escalation of the Palestinian Israeli conflict Often revisionist in attitude surprising in many of its conclusions this book casts new light on the struggle for peace in the Middle East

Stalag Luft III Charles Messenger,2019-03-30 In early 1942 the Third Reich opened a maximum security prisoner of war camp in Lower Silesia for captured Allied airmen Called Stalag Luft III the camp soon came to contain some of the most inventive escapers ever known The escapers were led by Squadron Leader Roger Bushell codenamed Big X In March 1944 Bushell masterminded an attempt to smuggle hundreds of POWs down a tunnel built right under the noses of their guards In fact 76 Allied airmen clambered into the tunnel and only three made successful escapes This remarkable breakout would be immortalized in the famous Hollywood film *The Great Escape* in which the bravery of the men was rightly celebrated Behind the scenes photographs from the film are included in this definitive pictorial work on the most famous POW camp of World War II

Savage Continent Keith Lowe,2012-07-03 Winner of the PEN Hessel Tiltman Prize A superb and immensely important book Jonathan Yardley *The Washington Post* The Second World War might have officially ended in May 1945 but in reality it rumbled on for another ten years The end of World War II in Europe is remembered as a time when cheering crowds filled the streets but the reality was quite different Across Europe landscapes had been ravaged entire cities razed and more than thirty million people had been killed in the war The institutions that we now take for granted such as police media transport and local and national government were either entirely absent or compromised Crime rates soared economies collapsed and whole populations hovered on the brink of starvation In *Savage Continent* Keith Lowe describes a continent where individual Germans and collaborators were rounded up and summarily executed where concentration camps were reopened and violent anti-Semitism was reborn In some of the monstrous acts of ethnic cleansing the world has ever seen tens of millions were expelled from their ancestral homelands *Savage Continent* is the story of post war Europe from the close of the war right to the establishment of an uneasy stability at the end of the 1940s Based principally on primary sources from a dozen countries *Savage Continent* is the chronicle of a world gone mad the standard history of post World War II Europe for years to come

Language, Ideology and Japanese History Textbooks Christopher Barnard,2004-03-01 The Japanese history textbook debate is one that keeps making the news particularly with reference to claims that Japan has never apologised properly for its actions between 1931 and 1945 and that it is one of the few liberal democratic countries in which textbooks are controlled and authorised by the central government There are frequent protests both from within Japan and from overseas that a biased nationalistic history is taught in Japanese schools This is the first time that all the authorised textbooks currently in use have been analysed using a critical discourse that is anchored firmly in the theory of language

within society elucidating the meanings and associated ideologies created by the language of the textbooks
