Science, Reason, and Faith Fr. Robert Spitzer, SJ, 2023-09-18 Built into our very nature is a desire to know about the world around us The big questions of human existence are inescapable Who am I Why am I here and where am I going Why is there evil in the world What is the meaning of life This yearning for truth ultimately leads us to our Creator God knows the longings of the human heart and he reveals himself to us through creation through Scripture and ultimately through the Incarnation Because God the Son became man we have a person to look to in our pursuit of truth Jesus Christ himself who is Truth Christ helps us see that truth is not just the object of science and reason but what animates the mysterious and loving power of faith In *Science Reason and Faith* Fr Robert Spitzer SJ explores in depth the Bible and the intersection of three realms that the secular world tells us are separate and incompatible Fr Spitzer draws the modern reader's attention to the many seeming conflicts between science reason and Catholic teaching By tackling these difficult questions he shows that it is precisely through the integration of science reason and faith that we can truly discover ourselves our world and our God
