Yao, 2016-04-30 This study examines the practice and functions of literary translation in Anglo American Modernism Rather than approaching translation as a trans historical procedure for reproducing semantic meaning between different languages Yao discusses how Modernist writers both conceived and employed translation as a complex strategy for accomplishing such feats as exploring the relationship between gender and poetry creating an authentic national culture and determining the nature of a just government all of which in turn led to developments in both poetic and novelistic form Thus translation emerges in this study as a literary practice crucial to the very development of Anglo American Modernism **Global Literary Criticism** Hongxin Jiang, 2022-09-30 This timely book offers uplifting examples of major figures in Chinese and Western civilization from ancient to modern times who learned from and influenced each other Rather than emphasizing cultural differences this inspiring text highlights successful dialogue commonalities and mutual influences in this regard Readers familiar with the Western canon will discover surprising influences of China on well known Anglosphere writers and critics Drawing on an expansive range of periods in the East and West from classical to contemporary times it is a tour de force of theoretical range and practical impact Starting with Confucius and Socrates the chapters move chronologically on to address such major figures in Eastern writing as Zhuangzi Qian Zhongshu and Zhang Longxi and Western figures including T S Eliot Ezra Pound William Empson Nietzsche and Fredric Jameson The book will appeal to scholars and students at all educational levels as well as the general public interested in understanding past and current East West cultural relations Readings in the Cantos Richard Parker, 2018-04-11 This volume offers clear readings of 28 Cantos from The Cantos of Ezra Pound in 23 essays written by eminent Poundians with careful explanation of sources balanced with critical analysis of Pound s project **American Modernist Poetry and the Chinese Encounter** Z.

Yuejun, S. Christie, 2012-10-31 American Modernist Poetry and the Chinese Encounter offers a framework for understanding the variety of imagined encounters by eight different American poets with their imagined Chinese subject. The method is historical and materialist insofar as the contributors to the volume read the claims of specific poems alongside the actual and tumultuous changes China faced between 1911 and 1979. Even where specific poems are found to be erroneous, the contributors to the volume suggest that each of the poets attempted to engage their Chinese subject with a degree of commitment that presaged imaginatively China's subsequent dominance. The poems stand as unique artifacts via proxy and in the English language for the rise of China in the American imagination. The audience of the volume is international, including the growing number of scholars and graduate students in Chinese universities working on American literature and comparative cultural studies as well as already established commentators and students in the west.

The Ezra Pound Encyclopedia Demetres P. Tryphonopoulos, Stephen J. Adams, 2005-04-30 Ezra Pound forever changed the course of poetry. The author of a vast body of literature, his enormous range of references and use of multiple languages make him one of the most obscure authors, and because of his Fascism, anti-Semitism, and questionable sanity, one of the most controversial. This encyclopedia is a concise yet comprehensive guide to his life and writings. Included are more than 250 alphabetically arranged entries on such topics as Arabic history, Chinese translation, dance, Hilda Doolittle, Egyptian literature, Robert Frost, and Pound's publications. The entries are written by roughly 100 expert contributors and cite works for further reading. Ezra Pound forever changed the course of poetry. His vast body of poetry and critical works make him one of the 20th century's most prolific writers, and his influence has shaped later poets, great and small. His enormous range of references, deliberate obscurity, and use of multiple languages make him one of the most difficult authors, and because of his Fascism, anti-Semitism, and questionable sanity, one of the most controversial figures in American literary history. This encyclopedia is a concise yet comprehensive guide to his life and writings.

Short Form American Poetry Will Montgomery, 2020-06-18 Reading a century of American poetry through the prism of short form, this book analyses the centrality of an aesthetic of brevity to American modernist verse.

Cathay Ezra Pound, 2018-12-04 Finalist Pegasus Award for Poetry Criticism. Ezra Pound's *Cathay* 1915 is a masterpiece both of modernism and of world literature. The muscular precision of images that mark Pound's translations helped establish a modern style for American literature at the same time creating a thirst for classical Chinese poetry in English. Pound's dynamic free verse translations in a modern idiom formed the basis for T. S. Eliot's famous claim that Pound was the inventor of Chinese poetry for our time. Yet Pound achieved this feat without knowing any Chinese, relying instead on word-for-word cribs left by the Orientalist Ernest Fenollosa, whose notebooks reveal a remarkable story of sustained cultural exchange. This fully annotated critical edition focuses on Pound's astonishing translations without forgetting that the original Chinese poems are masterpieces in their own right. On the one hand, the presentation of all that went into the final *Cathay* makes it possible for the first time to appreciate the magnitude and the nuances of Pound's poetic

art At the same time by bringing the final text together with the Chinese and Old English poems it claims to translate as well as the manuscript traces of Pound's Japanese and American interlocutors the volume also recovers practices of poetic circulation resituating a Modernist classic as a work of world literature The Pound text and its intertexts are presented with care clarity and visual elegance By providing the first accurate and unabridged transcriptions of Fenollosa's notebooks along with carefully edited Chinese texts the volume makes it possible to trace the movements of poetic ideas and poetic expression as they veer toward and away from Pound's creations In supplying the full Fenollosa texts the volume overturns decades of scholarship that has mystified Pound's translation process as a kind of clairvoyance displaying instead the impressive amount of sinological learning preserved in Fenollosa's hard to read notebooks and by detailing every deviation from the probable sense of the originals The edition also supplies exhaustive historical critical and textual notes clarifying points that have sometimes lent obscurity to Pound's poems and making the process of translation visible even for readers with no knowledge of Chinese Cathay A Critical Edition includes the original fourteen Chinese translations as well as Pound's unique version of The Seafarer which is fully annotated alongside its Anglo Saxon source Also included are Pound's fifteen additional Chinese translations from Lustra and other contemporary publications his essay Chinese Poetry 1919 a substantial textual Introduction and original essays by Christopher Bush and Haun Saussy on international modernism the mediation of Japan and translation The meticulous treatment and analysis of the texts for this landmark edition will forever change how readers view Pound's Chinese poems In addition to discoveries that permanently alter the scholarly record and force us to revise a number of critical commonplaces the critical apparatus allows readers to make fresh discoveries by making available the specific networks through which poetic expression moved among hands languages and media Ultimately this edition not only enables us more fully to appreciate a canonical work of Modernism but also resituates the art of Pound's translations by recovering the historical circulations that went into the making of a multiply authored and intrinsically hybrid masterpiece

Brill's Companion to the Reception of Classics in International Modernism and the Avant-Garde, 2016-12-08 Brill's Companion to the Reception of Classics in International Modernism and the Avant Garde examines how the writers and artists who lived from roughly the last quarter of the nineteenth century to the middle of the twentieth sought to build a new world from the ashes of one marked by two world wars global economic depression the rise of nationalism and the collapse of empires By surveying the modernist appropriation of Ancient Greece and Rome the fourteen chapters in this volume demonstrate how the Classics as foundational texts of the old order were nevertheless adapted to suit the stylistic innovation and formal experimentation that characterized modernist and avant garde literature and art

The Oxford Handbook of Global Modernisms Mark Wollaeger, Matt Eatough, 2013-10 The Oxford Handbook of Global Modernisms expands the scope of modernism beyond its traditional focus on English and Irish literature to explore the contributions of artists from countries and regions like the US Cuba Spain the Balkans China Japan India Vietnam and Nigeria

The Buddha in the Machine R. John Williams, 2014-06-24 The writers and artists described in this book are joined by a desire to embrace Eastern aesthetics as a means of redeeming Western technoculture The assumption they all share is that at the core of modern Western culture there lies an originary and all encompassing philosophical error and that Asian

art offers a way out of that awful matrix That desire this book attempts to demonstrate has informed Anglo and even Asian American debates about technology and art since the late nineteenth century and continues to skew our responses to our own technocultural environment **Between the Lines:Yang Lian's Poetry through Translation** Cosima

Bruno,2012-06-08 In *Between the Lines* Cosima Bruno illustrates how the study of translation can enhance our experience of reading poetry By inquiring into the mutual dependence of the source text and its translation the study offers both theoretical insights and methodological tools that bring in depth stylistic analysis to bear on the translations as against the originals Through such a process of discovery Cosima Bruno elaborates a textual exegesis of the work by Yang Lian one of the most translated and critically acclaimed contemporary Chinese poets This book thus reconciles the theory practice divide in translation studies as well as helps to dismantle the lingering Eurocentrism still present in the discipline Twenty-Nine Goodbyes

Timothy Billings,2024-12-03 A primer for those with no previous knowledge of Chinese this book introduces readers to the fundamentals of classical Chinese poetry through twenty nine ways of understanding a single poem Seeing Off a Friend by the great Tang poet Li Bai 701 762 has long been praised for its vividness subtlety and poignancy Anthologizing twenty nine translations of the poem Timothy Billings not only introduces the poem s richness and depth but also the nuanced art of translating Chinese poetry into European languages A famous exemplar of seeing off poetry which was common in an empire whose literati were continually on the move Li s poem has continued to fascinate readers far removed from its moment of composition from the Victorians to Ezra Pound to contemporary translators from around the world In talking us through these linguistic crossings Billings unpacks the intricacies of the l shi or regulated verse poem a form as pivotal to Chinese literature as the sonnet is to European tradition This book promises to transform its readers step by step into adept interpreters of one of the most significant verse forms in Chinese literary history Billings s engaging teaching style backed by a lightly worn but deep scholarly engagement with Chinese poetry makes this work an indispensable guide for anyone interested in poetry translation or the cultural heritage of China *The Organization of Distance* Lucas

Klein,2018-07-17 What makes a Chinese poem Chinese Some call modern Chinese poetry insufficiently Chinese saying it is so influenced by foreign texts that it has lost the essence of Chinese culture as known in premodern poetry Yet that argument overlooks how premodern regulated verse was itself created in imitation of foreign poetics Looking at Bian Zhilin and Yang Lian in the twentieth century alongside medieval Chinese poets such as Wang Wei Du Fu and Li Shangyin *The Organization of Distance* applies the notions of foreignization and nativization to Chinese poetry to argue that the impression of poetic Chineseness has long been a product of translation from forces both abroad and in the past *A Companion to*

Twentieth-Century Poetry Neil Roberts,2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the

idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century
