The Classics in Modernist Translation Lynn Kozak, Miranda Hickman, 2019-02-07. This volume sheds new light on a wealth of early 20th century engagement with literature of Graeco Roman antiquity that significantly shaped the work of anglophone literary modernism. The essays spotlight translation a concept the modernists themselves used to reckon with the Classics and to denote a range of different kinds of reception from more literal to more liberal translation work as well as forms of what contemporary reception studies would term adaptation refiguration and intervention. As the volume's essays reveal modernist translations of Classical texts crucially informed the innovations of many modernists and often themselves constituted modernist literary projects. Thus the volume responds to gaps in both Classical reception and Modernist studies essays treat a comparatively understudied area in Classical reception by reviving work in a subfield of Modernist studies relatively inactive in recent decades but enjoying renewed attention through the recent work of contributors to this volume. The volume's essays address work significantly informed by Classical materials including Homer Sophocles Euripides Sappho Ovid and Propertius and approach a range of modernist writers Pound and H D among the modernists best known for work engaging the Classics as well as Cummings Eliot Joyce Laura Riding and Yeats. **The Rhetoric of Love in the Collected Poems of William**

Carlos Williams Cristina Giorcelli, Maria Anita Stefanelli, 1993. **Paterson** William Carlos Williams, 2013-12-10. Long recognized as a masterpiece of modern American poetry William Carlos Williams' *Paterson* is one man's testament and vision a humanist manifesto enacted in five books a grammar to help us live. Denis Donoghue *Paterson* is both a place the New Jersey city in whom the person the poet's own life and the public the history of the region are combined. Originally four books published individually between 1946 and 1951 the structure of *Paterson* in Dr Williams' words follows the course of the Passaic River from above the great falls to its entrance into the sea. The unexpected Book Five published in 1958 affirms the triumphant life of the imagination in spite of age and death. This revised edition has been meticulously re-edited by Christopher MacGowan who has supplied a wealth of notes and explanatory material. Many Gods and Many Voices Louis Lohr Martz, 1998. Martz English emeritus Yale argues that the prophetic tradition with its focus on the evils of the present as well as the possibilities of redemption should be understood as an integral component of both the texture and contents of works by such modernist poets as Ezra Pound William Carlos Williams T S Eliot and others. Biblical prophecy he asserts is an important precedent for the tone and subject matter of these poets' works. Annotation copyrighted by Book News Inc Portland OR. Poems of the American Empire Jen Hedler Phillis, 2019-11-01. *Poems of the American Empire* argues that careful attention to a particular strain of twentieth century lyric poetry yields a counter history of American global power. The period that Phillis covers from Ezra Pound's *A Draft of XXX Cantos* in 1930 to Cathy Park Hong's *Engine Empire* in 2012 roughly matches what some consider the ascent and decline of the American empire. The diverse poems that appear in this book are

united by their use of epic forms in the lyric poem a combination that violates a fundamental framework of both genres relationship to time This book makes a groundbreaking intervention by insisting that lyric time is key to understanding the genre These poems demonstrate the lyric form s ability to represent the totality of history making American imperial power visible in its fullness Neither strictly an empty celebration of American exceptionalism nor a catalog of atrocities Poems of the American Empire allows us to see both **William Carlos Williams Review** ,2006
