PN Review, 1993 Romantic Writings Stephen Bygrave, 2017-09-29 Romantic Writings is an ideal introduction to the

cultural phenomenon of Romanticism one of the most important European literary movements and the cradle of Modern culture Here you will find an accessible introduction to the well known male Romantic writers Blake Wordsworth Coleridge Byron Shelley and Keats Alongside are chapters dealing with poems by Charlotte Smith Mary Robinson Ann Barbauld Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman Throughout close reading of texts is matched by an insistence on reading them in their historical context Romantic Writings offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers

Owen the Poet Dominic Hibberd, 1986-11-10 Wilfred Owen's poetry is now very widely known as the finest that came out of the First World War But much about the poet and his work has not been fully understood This book based on unrivalled research is the first to study of Owen's complete poetic achievement revealing the uniqueness strangeness and unity of what he called his poethood His war poems are shown to be a consistent development from his prewar verse and his unswerving allegiance to Romanticism they grew out of a pattern of mythologised secret experience that took shape in some of his least known manuscripts before he knew anything of the trenches Owen lived for poetry many unfamiliar aspects of that life are brought into focus including his early discovery of Georgianism his battle with Revivalist religion his debt to the French Decadence his alleged cowardice the torment of his shellshock and the remarkable sociological treatment he received for it his sexual nature and his friendship with Oscar Wilde's beleaguered disciples in 1918 and his supreme courage in making poetry out of inner horrors deliberately recollected in tranquility Learning from Wordsworth and Shelley Aesthetes and Decadents Sassoon and the Georgians Hardy Barbusse Russell Edward Carpenter and many others Owen realised his life's ambition and became a profoundly original poet Owen the Poet ends with chapters on two of his richest works *Strange Meeting* his worst shellshock nightmare and *Spring Offensive* the epilogue to all he wrote Notes appendixes and bibliography complete what is likely to be the most authoritative book on its subject for many years to come *Penelope Fitzgerald*

Perspectives on Abstract Concepts Marianna Bolognesi, Gerard J. Steen, 2019-06-15 Human language is the most powerful communication system that evolution has produced Within this system we can talk about things we can physically see such as cats and tables but also about more abstract entities such as theories and feelings But how are these abstract concepts grounded in human cognition and represented in the mind How are they constructed in language And how are they used in natural communication settings This book addresses these questions through a collection of studies that relate to various theoretical frameworks ranging from Conceptual Metaphor Theory to Words as Social Tools Contributors investigate how abstract concepts are grounded in the mind represented in language and used in verbal discourse This richness is matched by a range of methods used throughout the volume from neuroimaging to computational modeling and from behavioral experiments to corpus analyses The British National Bibliography Cumulated Subject Catalogue ,1968
