Merleau-Ponty and the Face of the World Glen A. Mazis,2016-09-21 Assesses Merleau Ponty s contribution to ethics as calling for a poetic interplay between perception and imagination and between silence and solidarity that reveals our place in the world and our obligations to ourselves and others Before his death in 1961 Merleau Ponty worried about what he saw as humanity s increasingly self enclosed and manipulative way of experiencing self others and the world the consequences of which remain apparent in our destructive inability to connect with others within and across cultures In Merleau Ponty and the Face of the World Glen A Mazis provides an overall consideration of Merleau Ponty s philosophy that brings out what he sees as a corrective prescription for ethical reorientation that is fundamental to Merleau Ponty s thought Mazis begins by analyzing the key role that silence plays for Merleau Ponty as a positive powerful presence rather than a lack or emptiness and then builds on this to explore the ethical significance of the face to face encounter in his thought as one of solidarity rather than obligation In the last part of the book Mazis traces the development of what he calls physiognomic imagination in Merleau Ponty s work This understanding of imagination is not fancy or make believe but rather brings out the depths of perceptual meaning and leads to an appreciation of poetic language as the key to revitalizing both ethics and ontology Drawing on Merleau Ponty s published works lecture notes unpublished writings and the work of many phenomenologists and Merleau Ponty scholars Mazis also offers incisive readings of Merleau Ponty s work as it relates to that of Antoine de Saint Exup ry Gaston Bachelard and Emmanuel Levinas
