Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina

Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us **Berlioz and Debussy: Sources, Contexts and Legacies** Kerry Murphy, 2017-07-05 This collection of essays by scholars of nineteenth and early twentieth century French music has been assembled in homage to the influential and inspirational French musicologist Francis Lesure who died in 2001 Lesure's immense erudition was legendary and spanned music from the sixteenth to the twentieth century Two French composers who were particular foci in his scholarship were Berlioz and Debussy and this collection is based on scholarship around these two composers and the sources contexts and legacies relating to their work *Music and Performance Culture in Nineteenth-Century Britain* Bennett Zon, 2016-04-29 *Music and Performance Culture in Nineteenth Century Britain* Essays in Honour of Nicholas Temperley is the first book to focus upon aspects of performance in the broader context of nineteenth century British musical culture In four Parts Musical Cultures Societies National Music and Methods this volume assesses the role music performance plays in articulating significant trends and currents of the cultural life of the period and includes articles on performance and individual instruments orchestral and choral ensembles church and synagogue music music societies cantatas vocal albums the middle class salon conducting church music and piano pedagogy An introduction explores Temperley's vast contribution to musicology highlighting his seminal importance in creating the field of nineteenth century British music studies and a bibliography provides an up to date list of his publications including books and monographs book chapters journal articles editions reviews critical editions arrangements and compositions Fittingly devoted to a significant element in Temperley's research this book provides scholars of all nineteenth century musical topics the opportunity to explore the richness of Britain's musical history
