Elvis 2000 The King Returns:

Elvis 2000 Jay Gould,1999 Top American psychic Jay Gould extensively consulted by Elvis Presley during the last year of the singer's life has been receiving spirit communications from The King for the past ten years With the millennium impending and with the timely extrication of his daughter Lisa Marie from her farcical marriage to Michael Jackson Elvis has now delivered a series of prophetic warnings and messianic imperatives to our planet This is the book that will stun the world the book that every true Elvis fan has been waiting for the return of the King **Conspiracies Declassified** Brian

Dunning,2018-06-05 A collection of the wildest conspiracies to ever exist from mind control experiments to lizard people this book explores debunks and sometimes proves the secret stories that don't quite make it into the history books What's fact and what's fiction With conspiracy theories sometimes it's hard to get to the truth In *Conspiracies Declassified* author and expert skeptic Brian Dunning explains fifty true stories of famous conspiracies throughout history From the moon landing hoax to chemtrails to the mind control dangers of fluoride Dunning is here to sort the truth from the lies to tell you what really happened *Return of the King* Gillian G. Gaar,2011-03 By the end of 1968 Presley was artistically revitalised re

emerging in a TV comeback special during December that year slimmed down for the now iconic black leather suit playing country soul influenced rock like he meant it and loved it In this second period of Presley's career which lasted through to the end of 1970 he recorded some of his most enduring records including *Suspicious Minds* and *In The Ghetto* Author Gillian Gaar shows how Presley reclaimed his rock and roll crown making an extraordinary transition from fading balladeer to an engaged vital artist *Infinite Elvis* Mary Hancock Hinds,2001 Here for the first time anywhere is a precise measurement of a celebrity's impact on American culture This annotated highly readable listing details the verified book titles magazines dissertations and significant articles about Elvis Presley The entries show that Elvis was more than just a popular culture phenomenon Besides documentation of his concerts the food he ate and posthumous Elvis sightings here is the proof of Elvis's impact on every aspect of American life his invention of rock n roll his spurring of the sexual revolution his influence on the civil rights movement how his death changed the media's treatment of celebrities and how a new religion devoted to Elvis has become part of the mainstream *Return of the Epic Film* Andrew Elliot,2015-03-05 With the success of *Gladiator* both

critics and scholars enthusiastically announced the return of a genre which had lain dormant for thirty years However this return raises important new questions which remain unanswered Why did the epic come back and why did it fall out of fashion Are these the same kinds of epics as the 1950s and 60s or are there aesthetic differences Can we treat *Kingdom of Heaven* *300* and *Thor* indiscriminately as one genre Are non Western histories like *Hero* and *Mongol* epics too Finally what precisely do we mean when we talk about the return of the epic film and why are they back *The Return of the Epic Film* offers a fresh way of thinking about a body of films which has dominated our screens for a decade With contributions from top scholars in the field the collection adopts a range of interdisciplinary perspectives to explore the epic film in the twenty

Rodman, 1996 Gil Rodman tracks down the late great Elvis as he manifests himself throughout popular US culture in search of the meaning of The King's mysterious continuing and multi-faceted ubiquity For a dead man Elvis Presley is awfully noisy His body may have failed him in 1977 but today his spirit his image and his myths do more than live on they flourish they thrive they multiply Why is Elvis Presley so ubiquitous a presence in US culture Why does he continue to enjoy a cultural prominence that would be the envy of the most heavily publicized living celebrities In *Elvis after Elvis* Gil Rodman traces the myriad manifestations of The King in popular and not so popular culture He asks why Elvis continues to defy our expectations of how dead stars are supposed to behave Elvis not only refuses to go away he keeps showing up in places where he seemingly doesn't belong Rodman draws upon an extensive and eclectic body of Elvis sightings from Elvis's appearances at the heart of the 1992 Presidential campaign to the debate over his worthiness as a subject for a postage

stamp and from Elvis's central role in furious debates about racism and the appropriation of African American music to the world of Elvis impersonators and the importance of Graceland as a place of pilgrimage for Elvis fans and followers Rodman shows how Elvis has become inseparable from many of the defining myths of US culture enmeshed with the American dream and the very idea of the United States caught up in debates about race gender and sexuality and in the wars over what constitutes a national culture
