# Emancipating Slaves Enslaving Free Men A History Of The American Civil War

**Jeff Rigenbach**

## **Emancipating Slaves Enslaving Free Men A History Of The American Civil War:**

**Emancipating Slaves, Enslaving Free Men** Jeffrey Rogers Hummel, 1996 This book combines a sweeping narrative history of the Civil War with a bold new look at the war's significance for American society Professor Hummel sees the Civil War as America's turning point simultaneously the culmination and repudiation of the American revolution A unique feature of the book is the bibliographical essays which follow every chapter Here the author surveys the literature and points out where his own interpretation fits into the continuing clash of viewpoints which informs historical debate on the Civil War

**Emancipating Slaves, Enslaving Free Men** Jeffrey Hummel, 2013-11-18 This book combines a sweeping narrative of the Civil War with a bold new look at the war's significance for American society Professor Hummel sees the Civil War as America's turning point simultaneously the culmination and repudiation of the American revolution While the chapters tell the story of the Civil War and discuss the issues raised in readable prose each chapter is followed by a detailed bibliographical essay looking at all the different major works on the subject with their varying ideological viewpoints and conclusions In his economic analysis of slavery Professor Hummel takes a different view than the two major poles which have determined past discussions of the topic While some writers claim that slavery was unprofitable and harmful to the Southern economy and others maintain it was profitable and efficient for the South Hummel uses the economic concept of Deadweight Loss to show that slavery was both highly profitable for slave owners and harmful to Southern economic development While highly critical of Confederate policy Hummel argues that the war was fought to prevent secession not to end slavery and that preservation of the Union was not necessary to end slavery the North could have let the South secede peacefully and slavery would still have been quickly terminated Part of Hummel's argument is that the South crucially relied on the Northern states to return runaway slaves to their owners This new edition has a substantial new introduction by the author correcting and supplementing the account given in the first edition the major revision is an increase in the estimate of total casualties and a foreword by John Majewski a rising star of Civil War studies

Greatest Emancipations Jim Powell, 2008-06-24 The Astonishing Story of How Slavery Was Abolished in a Single Century Freeing Over Seven Million Slaves For millennia slavery went unchallenged in principle Then in a remarkable turn of events slavery was eradicated in the span of just one century Greatest Emancipations tells this incredible story focusing on the countries that accounted for the vast majority of slaves in the west Haiti the British Caribbean the United States Cuba and Brazil Author Jim Powell offers surprising insights into the process and tremendous influence that slavery's abolition had on individual societies He reveals that while the eradication of slavery was essential for any free society it wasn't the sole determining factor as some societies that abolished slavery later embraced dictatorships Discover the historical abolition movements and the evolution of democracy that led to the emancipation of over seven million slaves Greatest Emancipations is a compelling look at a pivotal moment in western history exploring the end of slavery and its impact on civil rights equal rights and capitalist developments

**The Encyclopedia of**

**Libertarianism** Ronald Hamowy, 2008-08-15 As a continuation of the older tradition of classical liberalism libertarian thinking draws on a rich body of thought and scholarship Contemporary libertarian scholars are continuing that tradition by making substantial contributions to such fields as philosophy jurisprudence economics evolutionary psychology political theory and history in both academia and politics With more than 300 A to Z signed entries written by top scholars The Encyclopedia of Libertarianism is purposed to be a useful compilation of and introduction to libertarian scholarship The Encyclopedia starts with an introductory essay offering an extensive historical and thematic overview of key thinkers events and publications in the development of libertarian thought The Reader's Guide groups content for researchers and students alike allowing them to study libertarianism topically biographically and by public policy issues Key Features Entries conclude with bibliographies and references for further reading and cross references to related entries Each entry provides an introduction to a topic or policy question relevant to libertarianism or a biography of a person who has had an impact on libertarianism Editors take special care to ensure entries clearly explain libertarian approaches to issues do not take sides on disputed matters or engage in polemics and represent the views of all sides fairly and accurately **Neither Liberty nor**

**Safety** Robert Higgs, 2007-04-01 Those who would give up essential Liberty to purchase a little temporary Safety deserve neither Liberty nor Safety wrote Benjamin Franklin Attempting to gain security by sacrificing liberty is also a foolish action because it only increases the potential for harm In Neither Liberty Nor Safety Fear Ideology and the Growth of Government economist and historian Robert Higgs illustrates the false trade off between freedom and security by showing how the U S government's economic and military interventions reduced the civil and economic liberties prosperity and genuine security of Americans in the 20th century Extending the theme of Higgs's earlier books Neither Liberty Nor Safety stresses the role of misguided ideas in the expansion of government power at the expense of individual liberty Higgs illuminates not only many underappreciated aspects of the Great Depression the two world wars and the postwar era but also the government's manipulation of public opinion and the role that ideologies play in influencing political outcomes and economic performance

**Labor Economics From A Free Market Perspective: Employing The Unemployable** Walter Block, 2008-03-28 Labor is the most important of the three traditional factors of production land labor and capital accounting for some 75% of the GDP It is therefore important to focus on issues of labor economics In this book the approach taken will be that of the free market philosophy of libertarianism the perspective that allows the maximum of freedom consistent with the responsibility of all to respect the equal rights of all others The position of this book on unions is unique outside of the libertarian movement and this is indicative of its analysis of several other issues such as minimum wages For scholars on the left it is almost true that unions can do no wrong for Marxists they do not do enough but that is another story Their role is to raise wages for the workingman and this task is almost unstintingly applauded Conservatives on the other hand oppose unions root and branch except for their support of foreign wars which is also another story To this end they support a welter of regulations designed

to reduce their power limitations of check offs forced secret ballots etc For libertarians the analysis depends intimately on whether or not these are voluntary organizations If they are there is no more justification for imposing secret ballots on them than to do so for the chess or garden club If they are not they should not be weakened by restrictions but rather banned and their leaders imprisoned

### **Reconstructing Southern Rhetoric** Christina L. Moss, Brandon Inabinet, 2021-11-01

Contributions by Whitney Jordan Adams Wendy Atkins Sayre Jason Edward Black Patricia G Davis Cassidy D Ellis Megan Fitzmaurice Michael L Forst Jeremy R Grossman Cynthia P King Julia M Medhurst Ryan Neville Shepard Jonathan M Smith Ashli Quesinberry Stokes Dave Tell and Carolyn Walcott Southern rhetoric is communication s oldest regional study During its initial invention the discipline was founded to justify the study of rhetoric in a field of white male scholars analyzing significant speeches by other white men yielding research that added to myths of Lost Cause ideology and a uniquely oratorical culture Reconstructing Southern Rhetoric takes on the much overdue task of reconstructing the way southern rhetoric has been viewed and critiqued within the communication discipline The collection reveals that southern rhetoric is fluid and migrates beyond geography is constructed in weak counterpublic formation against legitimated power creates a region that is not monolithic and warrants activism and healing Contributors to the volume examine such topics as political campaign strategies memorial and museum experiences television and music influences commemoration protests and ethnographic experiences in the South The essays cohesively illustrate southern identity as manifested in various contexts and ways considering what it means to be a part of a region riddled with slavery Jim Crow laws and other expressions of racial and cultural hierarchy Ultimately the volume initiates a new conversation asking what southern rhetorical critique would be like if it included the richness of the southern culture from which it came

### Against Leviathan Robert

Higgs, 2025-10-07 What is fundamentally wrong with government today In Against Leviathan economist and historian Robert Higgs offers an unflinching critical analysis of government power Against Leviathan combines an economist s analytical scrutiny an historian s respect for the facts and a refusal to accept the standard excuses and cruelties of government officialdom Topics include Social Security the paternalism of the FDA the War on Drugs the nature of political leadership civil liberties the conduct of the national surveillance state and governmental responses to a continuing stream of crises including domestic economic busts and foreign wars both hot and cold Against Leviathan is a thorough and penetrating critique and a significant contribution in this current time of crisis and unchecked expansion of government power

### **Slavery in America**

Kenneth Morgan, 2005 Designed specially for undergraduate course use this new textbook is both an introduction to the study of American slavery and a reader of core texts on the subject No other volume that combines both primary and secondary readings covers such a span of time from the early seventeenth century to the Civil War The book begins with a substantial introduction to the entire volume that gives an overview of slavery in North America Each of the twelve chapters that follow has an introduction that discusses the leading secondary books and articles on the topic in question followed by

an essay and three primary documents Questions for further study and discussion are included in the chapter introduction while further readings are suggested in the chapter bibliography Topics covered include slave culture the slave based economy slavery and the law slave resistance pro slavery ideology abolition and emancipation The essays by such eminent historians as Drew Gilpin Faust Don E Fehrenbacher Eric Foner John Hope Franklin and Sylvia R Frey have been selected for their teaching value and ability to provoke discussion Drawing on black and white male and female experiences the primary documents come from a wide variety of sources diaries letters laws debates oral testimonies travelers accounts inventories journals autobiographies petitions and novels

**The Progressive Era** Murray N. Rothbard, 2017-10-06 Rothbard's posthumous masterpiece is the definitive book on the Progressives It will soon be the must read study of this dreadful time in our past From the Foreword by Judge Andrew P Napolitano The current relationship between the modern state and the economy has its roots in the Progressive Era From the Introduction by Patrick Newman Progressivism brought the triumph of institutionalized racism the disfranchising of blacks in the South the cutting off of immigration the building up of trade unions by the federal government into a tripartite big government big business big unions alliance the glorifying of military virtues and conscription and a drive for American expansion abroad In short the Progressive Era ushered the modern American politico economic system into being From the Preface by Murray N Rothbard

**The Slaveholding Republic** Don Edward Fehrenbacher, 2001 This volume analyses how the government of the United States effectively became an agent of the slaveholding interest despite the fact that the nation had been founded upon ideals potentially hostile to the institution of slavery

**Property Rights** Walter E. Block, 2019-11-04 In this timely book Walter E Block uses classical liberal theory to defend private property rights Looking at how free enterprise capitalism and libertarianism are cornerstones of economically prosperous civilizations Block highlights why private property rights are crucial Discussing philosophy libertarian property rights theory reparations and other property rights issues this volume is of interest to academics students journalists and all those interested in this integral aspect of political economic philosophy

*Crisis Management* Anthony J. Asquith, 2022-01-18 What happens to an economy when a war occurs in a local town or village The original purpose of the book explored how war severed the economy from society and sought to identify potential solutions Research for the book advanced into three rationales The first rationale explored deterrence theory literature and intrastate conflict phenomena and literature The second rationale contributed to the intrastate conflict scientific body of knowledge The third rationale established a foreign policy to fill a knowledge gap in understanding This guidebook contributes to fixing the intelligence blueprint for the 9 11 wars

**Politics for the Greatest Good** Clarke Forsythe, 2010-06 With a level headed voice leading policy strategist Clarke Forsythe speaks clearly into the fray of political striving Here he campaigns for a recovery of a rich understanding of the virtue of prudence and for its application by policymakers and citizens to contemporary public policy As Forsythe explains prudence in its classical sense is the ability to apply wisdom to right action In this book he explores the

importance of applying the principles of prudence taking account of limitations in a world of constraints and striving to achieve the greatest measure of justice under current circumstances to the realm of politics especially that of bioethics In particular Forsythe applies these concepts to the ongoing debate among pro life advocates regarding gradual versus radical change as the most effective way to achieve political and legislative goals Drawing on the Bible philosophy and the wisdom of historical figures such as Abraham Lincoln and William Wilberforce he makes a strong case for a strategy of seeking to achieve the maximal change possible at a given time or political prudence As such it has broad implications for political scientists and strategists both within and beyond the pro life context

### **Why American History Is Not What They Say**

Jeff Rigenbach,2009 Americans have been warring with each other for more than a century over the contents of the American history textbooks used in the nation s high schools and colleges Page 4 of cover

### **Call of Duty J. Steven**

Wilkins,1997 Robert E Lee was a gentleman Although he lived during a time filled with conflict and turmoil in the eyes of his countrymen he emerged from the Civil War with untainted integrity and the respect of all Despite being perceived as one of the greatest military leaders of all time he managed to maintain a most humble spirit In this engaging new biographical study of Lee J Stephen Wilkins examines the sterling character of this undeniably noble man Charles Bracelen Flood has said that the essence of Robert E Lee was to be found not in what he said but in what he did There were dimensions to Lee but his life was one long response to whatever struck him as being the call of duty He was bound by duty to care for his mother duty as a son a student a soldier a husband a father and a general and duty as a mentor of students at both West Point and Washington College Duty called him at every point of his life In this captivating look at his leadership in action we see why and how Lee answered again and again the calls of duty he could not ignore Indeed Robert E Lee was a leader of leaders Publisher

*21st Century Slavery* ,2024-02-07 More than 46 million people are currently victims of 21st century slavery globally most of whom are women and children This book *21st Century Slavery The Various Forms of Human Enslavement in Today s World* provides a comprehensive overview of modern day slavery also known as contemporary slavery neo slavery institutional slavery and numerous other terms It includes eight chapters that highlight human trafficking and explain and explore the act of recruiting harbouring transporting providing or obtaining a person for compelled labour or commercial sex acts using force fraud or coercion The book discusses the recruitment transportation transfer harbouring and receipt of persons by improper means such as force abduction fraud or coercion for an improper purpose including forced labour or sexual exploitation It concludes that the world must not accept slavery in the 21st century This volume is a useful resource on modern slavery for all academics interested in humanitarian and development studies across the globe and to all policymakers and governments of nations who are pushing for the elimination of all forms of slavery in their nationhood

*The Trouble with Democracy* William D. Gairdner,2007-08 Gairdner s work shows that the ancient American and Canadian democracies were established on practical social and political grounds vastly different from the strange modern

dream of a democracy of autonomous individuals that is now venerated everywhere

**Bye Bye, Miss American Empire** Bill Kauffman, 2010-07-10 It's been almost a century and a half since a critical mass of Americans believed that secession was an American birthright. But breakaway movements large and small are rising up across the nation. From Vermont to Alaska, activists driven by all manner of motives want to form new states and even new nations. So just what's happening out there? The American Empire is dying, says Bill Kauffman in this incisive eye-opening investigation into modern-day secession: the next radical idea poised to enter mainstream discourse. And those rising up to topple that empire are a surprising mix of conservatives, liberals, regionalists, and independents who, from movement to movement, may share few political beliefs but who have one thing in common: a sense that our nation has grown too large and too powerfully centralized to stay true to its founding principles. *Bye Bye, Miss American Empire* traces the historical roots of the secessionist spirit and introduces us to the often radical, sometimes quixotic and highly charged movements that want to decentralize and re-localize power. During the George W. Bush administration, frustrated liberals talked secession back to within hailing distance of the margins of national debate, a place it had not occupied since 1861. Now secessionist voices on the left and right and everywhere in between are amplifying. Writes Kauffman: "The noise is the sweet hum of revolution of subjects learning how to be citizens of people shaking off their Wall Street and Pentagon overlords and taking charge of their lives once more." Engaging, illuminating, even sometimes troubling, *Bye Bye, Miss American Empire* is a must read for those taking the pulse of the nation.

**Escape to the City** Viola Franziska Müller, 2022-09-07 Viola Franziska Müller examines runaways who camouflaged themselves among the free Black populations in Baltimore, Charleston, New Orleans, and Richmond. In the urban South, they found shelter, work, and other survival networks that enabled them to live in slaveholding territory shielded and supported by their host communities in an act of collective resistance to slavery. While all fugitives risked their lives to escape slavery, those who fled to southern cities were perhaps the most vulnerable of all. Not dissimilar to modern-day refugees and illegal migrants, runaway slaves that sought refuge in the urban South were antebellum America's undocumented people forging lives free from bondage but without the legal status of freedpeople. Spanning from the 1810s to the start of the Civil War, Müller reveals how urbanization, work opportunities, and the interconnectedness of free and enslaved Black people in each city determined how successfully runaways could remain invisible to authorities.

The Top Books of the Year Emancipating Slaves Enslaving Free Men A History Of The American Civil War The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Emancipating Slaves Enslaving Free Men A History Of The American Civil War : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
