Health Needs Of The Worlds Poor Women:

Health Needs of the World's Poor Women Patricia Wohlgemuth Blair, 1981-01-01 **Women's Global Health and Human Rights** Padmini Murthy, Clyde Smith, 2010-10-25 Women's Global Health and Human Rights serves as an overview of the challenges faced by women in different regions of the world. Ideal as a tool for both professionals and students, this book discusses the similarities and differences in health and human rights challenges that are faced by women globally. Best practices and success stories are also included in this timely and important text. Major Topics include X Globalization X Gender Based Terrorism and Violence X Cultural Practices X Health Problems X Progress and Challenges **Sisterhood Is Global** Robin Morgan, 2016-03-08 A powerful and essential anthology that sheds light on the status of women throughout the world. Hailed by Alice Walker as one of the most important human documents of the century, this collection of groundbreaking essays examines the global status of women's experiences from oppression to persecution. Originally published in 1984, the compilation features pieces written by a diverse set of powerful women: journalists, politicians, grassroots activists, and scholars from seventy countries. Author Robin Morgan, a champion of women's rights herself, expertly weaves these inspiring essays into one comprehensive feminist text. These compelling herstories contain thoroughly researched statistics on the status of women throughout the world. Each chapter focuses on a different country and includes data on education, government, marriage, motherhood, prostitution, rape, sexual harassment, and sexual preference. *Sisterhood Is Global* transcends political systems and geographical boundaries to unite women and their experiences in a way that remains unequalled even decades after its first publication. *Reproductive Rights and Wrongs* Betsy Hartmann, 1995 With a new introduction, this fully revised edition of a feminist classic reveals the dangers of contemporary population control tactics, especially as they affect women in developing countries. *World Poverty* Sylvia Whitman, 2008 Examine the situations in the United States, India, Syria, the Democratic Republic of the Congo, Guatemala, and the Ukraine, and investigate the strategies that these national governments have adopted to fight poverty. **Mother and Child Health** Cicely D. Williams, Naomi Baumslag, Derrick Brian Jelliffe, 1994 This study examines in detail the problems of mother and child health on an international scale, with particular emphasis on tropical and developing countries. The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4-volume work. Although there has been extensive research on women in history by region, no text or reference work has comprehensively covered the role women have played throughout world history. The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe. Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and

by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Taking action for the world's poor and hungry people: Synopsis of an international consultation Joachim von Braun, Rajul Pandya-Lorch, 2007 Presents the main findings and highlights of the discussions at the IFPRI facilitated conference Taking Action for the World's Poor and Hungry People held October 17-19 2007 in Beijing

African Food Systems in Crisis Rebecca Huss-Ashmore, Solomon H Katz, 2019-07-19 Originally published in 1990 Produced by the Task Force on African Famine of the American Anthropological Association this is the first of a multi part project dealing with the long term and ongoing food crisis in Africa primarily at the level of local production the microperspective It offers a series of anthropological and ecological views on the cause of the current problem and on coping strategies used by both indigenous people and developmental planners The three sections of this volume review current explanations for food problems in Africa focusing mainly on production and consumption at the household level they offer a number of perspectives on the environmental historical political and economic contexts for food stress and include a series of case studies showing the ways in which Africans have responded to the threat of drought and hunger The extent of research and the degree of scholarship involved in the production of this volume recommend it to all persons concerned with this ultimately global dilemma particularly those involved in planning and relief efforts

Child Health in the Tropics R.E. Eeckels, O. Ransome-Kuti, C.C. Kroonenberg, 2012-12-06 Sixth Nutricia Cow Gate Symposium Leuven Belgium

Living With Contradictions Alison M Jaggard, 2018-03-08 This book explores some of the moral and public policy issues that divide Western especially North American feminists as the twentieth century ends and the twenty first century begins It represents an in house discussion among feminists and their social ethics

The Oxford Handbook of Transnational Feminist Movements Rawwida Baksh-Soodeen, Wendy Harcourt, 2015 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of the United Nations International Women's Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security

Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and glocal wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories

Real World Justice A. Follesdal, T. Pogge, 2005-09-28 1 2 Andreas Follesdal and Thomas Pogge 1 The Norwegian Centre for Human Rights at the Faculty of Law and ARENA Centre for 2 European Studies University of Oslo Philosophy Columbia University New York and Oslo University Centre for Applied Philosophy and Public Ethics Australian National University Canberra This volume discusses principles of global justice their normative grounds and the social institutions they require Over the last few decades an increasing number of philosophers and political theorists have attended to these morally urgent politically confounding and philosophically challenging topics Many of these scholars came together September 11 13 2003 for an international symposium where first versions of most of the present chapters were discussed A few additional chapters were solicited to provide a broad and critical range of perspectives on these issues The Oslo Symposium took Thomas Pogge's recent work in this area as its starting point in recognition of his long standing academic contributions to this topic and of the seminars on moral and political philosophy he has taught since 1991 under the auspices of the Norwegian Research Council Pogge's opening remarks What is Global Justice follow below before brief synopses of the various contributions

Oxford Textbook of Global Health of Women, Newborns, Children, and Adolescents Delan Devakumar, Jennifer Hall, Zeshan Qureshi, Joy Lawn, 2019 The aim of this book is to provide a summary of the current concepts and challenges in global maternal and child health in a format that appeals to students of the subject the general public and current practitioners in the field It also provides study exercises that may inform tutors on undergraduate and

postgraduate courses **A.I.D. Research and Development Abstracts** ,1982 *Current Catalog* National Library of Medicine (U.S.),1983 First multi year cumulation covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1983 **The Atlas of Global Inequalities** Ben Crow,Suresh K. Lodha,2016-05-04 Drawing on research from around the world this atlas gives shape and meaning to statistics making it an indispensable resource for understanding global inequalities and an inspiration for social and political action Inequality underlies many of the challenges facing the world today and The Atlas of Global Inequalities considers the issue in all its dimensions Organized in thematic parts it maps not only the global distribution of income and wealth but also inequalities in social and political rights and freedoms It describes how inadequate health services unsafe water and barriers to education hinder people s ability to live their lives to the full assesses poor transport energy and digital communication infrastructures and their effect on economic development and highlights the dangers of unclean and unhealthy indoor and outdoor environments Through world regional and country maps and innovative and intriguing graphics the authors unravel the complexity of inequality revealing differences between countries as well as illustrating inequalities within them Topics include the discrimination suffered by children with a disability the impact of inefficient and dangerous household fuels on the daily lives and long term health of those who rely on them the unequal opportunities available to women and the reasons for families descent into and reemergence from poverty **Oxford Handbook of Public Health Practice** Charles Guest,Walter Ricciardi,Ichiro Kawachi,Iain Lang,2013-02-28 Fully revised and updated for the third edition the Oxford Handbook of Public Health Practice remains the first resort for all those working in this broad field Structured to assist with practical tasks translating evidence into policy and providing concise summaries and real world issues from across the globe this literally provides a world of experience at your fingertips Easy to use concise and practical it is structured into seven parts that focus on the vital areas of assessment data and information direct action policy health care systems personal effectiveness and organisational development Reflecting recent advances the most promising developments in practical public health are presented as well as maintaining essential summaries of core disciplines This handbook is designed to assist students and practitioners around the world for improved management of disasters epidemics health behaviour acute and chronic disease prevention community and government action environmental health vulnerable populations and more

The Women's Annual, ... the Year in Review ,1984
