Heartbeat Constable Around The Green:

Constable around the green Nicholas Rhea,1994 *Heartbeat* Nicholas Rhea,1994 *Heartbeat* Nicholas RHEA,1994

The Thin Green Line Richard Doherty,2005-03-19 Formed out of the Royal Irish Constabulary at the time of Partition the RUC s history is predictably a turbulent one right through to its replacement in 2001 by the Police Service of Northern Ireland Few police forces in the world have suffered so grievously as the RUC and this book is a fitting memorial to the sacrifices made in the interests of the civil population it was determined to protect Throughout its history it has not only had to perform normal police duties but contain the ever present IRA threat In 1969 the climate changed and ushered in a new and even more violent era of sectarian strife The emergence of extreme nationalist organizations posed grave problems and with the RUC in a prime role the position of the Chief Constable was hugely important This book tells the story of a remarkable police force without fear or favor Ironically its reward for containing a hugely challenging internal security situation and at the same time policing the community traditionally was its disbandment **The British National**

Britain's Best Drives Richard Wilson,Nigel Richardson,2014-03-27 Back in the fifties motoring was a liberating experience Before motorways traffic jams and road rage the leisurely Sunday drive could be the highlight of the week Now armed with period driving guides Richard Wilson has packed his picnic flask and himself into some very stylish vintage cars to retrace six classic routes through the UK and recreate the pleasure of the golden age of motoring for BBC TV Including the dramatic winding roads of the North Cornwall coast the lochs and peaks of the Central Highlands and the bronze age monoliths of the North Yorkshire moors Richard explores some of the most striking and beautiful scenery and landmarks Britain has to offer Along the way he meets the people who live there and remember how these places once were and wonders why things aren t what they used to be Critical Systems Thinking and the Management of Complexity Michael C.

Jackson,2019-04-08 From the winner of the INCOSE Pioneer Award 2022 The world has become increasingly networked and unpredictable Decision makers at all levels are required to manage the consequences of complexity every day They must deal with problems that arise unexpectedly generate uncertainty are characterised by interconnectivity and spread across traditional boundaries Simple solutions to complex problems are usually inadequate and risk exacerbating the original issues Leaders of international bodies such as the UN OECD UNESCO and WHO and of major business public sector charitable and professional organizations have all declared that systems thinking is an essential leadership skill for managing the complexity of the economic social and environmental issues that confront decision makers Systems thinking must be implemented more generally and on a wider scale to address these issues An evaluation of different systems methodologies suggests that they concentrate on different aspects of complexity To be in the best position to deal with complexity decision makers must understand the strengths and weaknesses of the various approaches and learn how to employ them in combination This is

called critical systems thinking Making use of over 25 case studies the book offers an account of the development of systems thinking and of major efforts to apply the approach in real world interventions Further it encourages the widespread use of critical systems practice as a means of ensuring responsible leadership in a complex world The INCOSE Pioneer Award is presented to someone who by their achievements in the engineering of systems has contributed uniquely to major products or outcomes enhancing society or meeting its needs The criteria may apply to a single outstanding outcome or a lifetime of significant achievements in effecting successful systems Comments on a previous version of the book Russ Ackoff the book is the best overview of the field I have seen JP van Gigch Jackson does a masterful job The book is lucid well written and eminently readable Professional Manager Journal of the Chartered Management Institute Provides an excellent guide and introduction to systems thinking for students of management
