*Conquest of the New Word* Johnny Payne, 2014-02-19 Latin American fiction won great acclaim in the United States

during the 1960s when many North American writers and critics felt that our national writing had reached a low ebb In this study of experimental fiction from both Americas Johnny Payne argues that the North American reception of the boom in Latin American fiction distorted the historical grounding of this writing erroneously presenting it as mainly an exotic magical realism He offers new readings that detail the specific historical relation between experimental fiction and various authors careful deliberate deformations and reformations of the political rhetoric of the modern state Payne juxtaposes writers from Argentina and Uruguay with North American authors setting up suggestive parallels between the diverse but convergent practices of writers on both continents He considers Nelson Marra in conjunction with Donald Barthelme and Gordon Lish Teresa Porzecanski with Harry Mathews Ricardo Piglia with John Barth Silvia Schmid and Manuel Puig with Fanny Howe and Lydia Davis and Jorge Luis Borges and Luisa Valenzuela with William Burroughs and Kathy Acker With this innovative dual continent approach *Conquest of the New Word* will be of great interest to everyone working in Latin American literature women s studies translation studies creative writing and cultural theory

*The Cinematic Novel and Postmodern Pop Fiction* Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig *Betrayed* by Rita Hayworth *Heartbreak Tango* *The Buenos Aires Affair* *Kiss of the Spider Woman* and *Pubis angelical* Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire

*The Corpus Delicti* Josefina Ludmer, 2004-06-20 An intellectual tour de force from one of today s leading critics of Latin American literature and culture *The Corpus Delicti* *The Body of Crime* is a manual of crime a compendium of crime tales and an extended meditation on the central role of crime in literature in life and in the life of the nation Drawing her examples from canonical texts popular novels newspaper serials and more Josefina Ludmer captures the wide range of Argentine crime stories and detective fiction from the late nineteenth and early twentieth centuries She offers more than a mere genre study examining the relationship of crime and punishment to the formation of law the body and the modern state exposing the ways in which literature both high art and mass culture can help construct not just represent social reality Covering a dazzling array of primary sources social history and cultural theory this provocative work is also a structural masterpiece challenging readers as it charts new roles for text and notes In this redefined dialogue the notes variously offer alternate views additional insights and often parallel commentaries Glen Close s stylish translation captures

the energy of Ludmer's prose simultaneously subtle and daring for English language readers *Manuel Puig and the Spider Woman* Suzanne Jill Levine, 2022-08-23 Manuel Puig his third novel was banned by the Peronist government for irreverence His influence was already felt though even by writers who had dismissed him and by the time the film version of *Kiss of the Spider Woman* became a worldwide hit he was a renowned literary figure Puig's way of life was as unconventional as his fiction he spoke of himself in the female form in Spanish renamed his friends for his favorite movie stars referred to his young male devotees as daughters and as a perennial expatriate lived often with his mother everywhere from Rome to Rio de Janeiro
