*Metamodernism* Robin van den Akker, Alison Gibbons,, Timotheus Vermeulen, 2017-11-29 Metamodernism Historicity Affect Depth brings together many of the most influential voices in the scholarly and critical debate about postmodernism and twenty first century aesthetics arts and culture By relating cutting edge analyses of contemporary literature the visual arts and film and television to recent social technological and economic developments the volume provides both a map and an itinerary of today's metamodern cultural landscape As its organising principle the book takes Fredric Jameson's canonical arguments about the waning of historicity affect and depth in the postmodern culture of western capitalist societies in the twentieth century and re-evaluates and reconceptualises these notions in a twenty first century context In doing so it shows that the contemporary moment should be regarded as a transitional period from the postmodern and into the metamodern cultural moment
