The Newfoundland Diaspora Jennifer Bowering Delisle, 2013-06-01 Out migration driven by high unemployment and a floundering economy has been a defining aspect of Newfoundland society for well over a century and it reached new heights with the cod moratorium in 1992 This Newfoundland diaspora has had a profound impact on the province s literature Many writers and scholars have referred to Newfoundland out migration as a diaspora but few have examined the theoretical implications of applying this contested term to a predominantly inter provincial movement of mainly white economically motivated migrants The Newfoundland Diaspora argues that diaspora helpfully references the painful displacement of a group whose members continue to identify with each other and with the homeland It examines important literary works of the Newfoundland diaspora including the poetry of E J Pratt the drama of David French the fiction of Donna Morrissey and Wayne Johnston and the memoirs of David Macfarlane These works are the sites of a broad inquiry into the theoretical flashpoints of affect diasporic authenticity nationalism race and ethnicity The literature of the Newfoundland diaspora both contributes to and responds to critical movements in Canadian literature and culture querying the place of regional national and ethnic affiliations in a literature drawn along the borders of the nation state This diaspora plays a part in defining Canada even as it looks beyond the borders of Canada as a literary community

Voices in the Midst Catherine Ann Sabatino, 2010-04-13 This is not a book for the faint hearted This topic effects every one of us whether we realize it or not and it is one that the writer crafts with honor It is an explosively heart rendering must read that deals with the residuals of severe child abuse and the squalid monsters who commit such horrendous acts monsters who hide among us all Catherine's brutal honesty is commendably brave She spares nothing in order to get her message across for her readers to get the full feeling of the story With keen empathy and vibrancy Catherine takes you on a journey of finalizing contingent and prevailing wisdom The reader is taken into the lives and the sensations of such victims with specific ardor Her handling of the topic sets the readers feet onto the very misbegotten path that these unfortunate people were unwillingly cast onto And she does it with such openly harsh tact She artfully commends all victims into their rightful place by giving validating insight into the makings of the deep scars and the mechanisms that protrude into their lives Some might view this book as a type of thriller or horror tale by way of its purely raw depiction of a sincere truth The horizon is drawn via a variety of delicately captured candidness You will tingle and sensate from this depiction of human ugliness at its best The words may rip through you but you will undoubtedly reach a poignant climax by the travels you go on with her main character Catherine has succeeded in outlining the nefarious nature that brings about the subject with colorful detail in this creative non fiction novel You will not be able to put it down

A Look of Poetry Connie Downey, 2005 Reflections into Someone's Life is a collection of old and new poems from one woman's travels through life to adulthood facing head on the things she'd rather ignore Most of her works were destroyed in a flood and only retrieved through memory Writing is what helped her get through many trials and tribulations of addiction and inadequacy in her lifetime It was one of the things that assisted in guiding her on when most things just didn't seem worth holding onto Struggling in her own mind to be accepted writing helped her to learn about herself as well as others For years it felt like a crutch but when she could help others with her writing it became a blessing then a passion and now a dream The beauty of time and writing is you eventually learn to come to terms with yourself and see the things that really do matter An enjoyable read it touches on many aspects of life with family friends and everyday outlooks
