real It's where expressing one's fears is acceptable well tolerated anyway In the sisterhood the rules are not the same as in most societies sisters here feel safe to be themselves because deep down even if their sister drives her to want to strangle her they both know that a special kind of love exists In the outside world time waits for no one Yet in the sisterhood time can stand still Husbands may come and go friends grow up and move on children too grow up and spread their wings But sisters share a special place that time cannot change Having a relationship that no matter what life may bring will always be there is heartwarming In childhood sisters teach each other great lessons and the biggest lesson is sharing Some sisters are very competitive for their parents affection and attention and this may follow on into adult life Sisterhood is a hothouse for growth It is where we sisters learn great lessons in life in the safety of this inside world Sisters learn about sharing about getting along with others cooperation fairness patience tolerance and love If ever there was a place to gain wisdom it is in sisterhood It often takes some sisters to reach old age before they can fully appreciate each other It is then that memories take on a new life It is then that sisters reminisce of good and bad times of childhood indiscretions fights and joyful times shared There is a special place that outsiders can't fathom or fully understand It's where two old ladies can sit on a porch or on the phone for hours and laugh and smile and giggle and remember all the characters that inhabited their special neighbourhood It's a place where they know their conversation won't bore the pants of each other In the sisterhood some things never die
