Elisha Kent Kane The Seafaring:

Elisha Kent Kane and the Seafaring Frontier, etc Jeannette MIRSKAYA,1954 Elisha Kent Kane and the Seafaring Frontier Jeannette Mirsky,1954 **Elisha Kent Kane and the Seafaring Frontier. Edited** Jeannette Mirsky,Oscar Handlin,1954 **Race to the Polar Sea** Ken McGoogan,2008-09-16 In the mid 1800s geographers revived the ancient idea that at the top of the world encircling the North Pole lay a temperate Open Polar Sea Without doubt the voyager who discovered this balmy basin would etch his name forever in the annals of exploration Among those drawn to the challenge was Dr Elisha Kent Kane a handsome charismatic figure from a leading Philadelphia family who was already a well known adventurer and explorer In 1853 Kane sailed to the Arctic to seek both the Open Polar Sea and the lost British explorer John Franklin After sailing farther north than anyone yet Kane and his men became trapped in the ice Besides treacherous icebergs and violent currents Kane battled starvation disease and a near mutiny before abandoning ship to lead a desperate escape in sleds and small boats *Race to the Polar Sea* tells this story in heart pounding detail Drawing on documents never before seen author Ken McGoogan brings to life a heroic figure famous in his day as America s greatest explorer and celebrates a shining example of American courage and survival *The Reluctant Spiritualist* Nancy Rubin Stuart,2005 Chronicles the life of Maggie Fox a young woman who in 1848 claimed she and her sisters had received messages from the spiritual world beginning the spiritualist movement that swept the country **Dr. Kane's Voyage to the Polar Lands** Oscar M. Villarejo,2015-09-30 Based on a narrative manuscript of Johan Carl Christian Petersen a member of Elisha Kent Kane s expedition to Greenland 1853 55 **The Poetics of the Antarctic** William E. Lenz,2021-03-19 The thesis of this book is that the 19th century interest in the Antarctic functions for modern scholars as an important index to American self discovery and self definition from the 1830s onward According to the author American hopes for confirming identity came to be focused on an unlikely goal the discovery of the illusive Antarctic continent By examining in detail one literary product of the U S Exploring Expedition 1838 1842 to Antarctica James Croxall Palmer s epic poem *Thulia A Tale of the Antarctic* 1843 and its revision *The Antarctic Mariner s Song* 1868 and by locating these works within their cultural context Lenz reveals the significance and changing meaning of exploration to emerging American concepts of nationhood The volume also considers the tradition of American sea fiction in the works of such writers as James Fenimore Cooper Edgar Allan Poe and Herman Melville arguing that for these writers the Antarctic was a locus of symbolic meaning while for Palmer it was a process of individual and collective perception The 1868 version of the Palmer poem is attached here as an appendix A useful bibliography follows that appendix **The Humboldt Current** Aaron Sachs,2007-07-31 A masterly and beautifully written account of the impact of Alexander von Humboldt on nineteenth century American history and culture The naturalist and explorer Alexander von Humboldt 1769 1859 achieved unparalleled fame in his own time Today however he and his enormous legacy to American thought are virtually unknown In *The Humboldt Current* Aaron Sachs traces Humboldt s

pervasive influence on American history through examining the work of four explorers J N Reynolds Clarence King George Wallace and John Muir who embraced Humboldt's idea of a chain of connection uniting all peoples and all environments A skillful blend of narrative and interpretation that also discusses Humboldt's influence on Emerson Whitman Thoreau Melville and Poe The Humboldt Current offers a colorful passionate and superbly written reinterpretation of nineteenth century American history *Biography of Elisha Kent Kane* William Elder, 1858 **A Great and Rising Nation** Michael A. Verney, 2022-07-27 A Great and Rising Nation illuminates the unexplored early decades of the United States imperialist naval aspirations Conventional wisdom holds that until the Spanish American War of 1898 the United States was a feeble player on the world stage with an international presence rooted in commerce rather than military might Michael A Verney's A Great and Rising Nation flips this notion on its head arguing that early US naval expeditions often characterized as merely scientific were in fact deeply imperialist Circling the globe from the Mediterranean to South America and the Arctic these voyages reflected the diverse imperial aspirations of the new republic including commercial dominance in the Pacific World religious empire in the Holy Land proslavery expansion in South America and diplomatic prestige in Europe As Verney makes clear the United States had global imperial aspirations far earlier than is commonly thought *Historical Dictionary of the Discovery and Exploration of the Northwest Passage* Alan Day, 2006-01-03 This compendium of explorers navigators and expeditions tackles this broad topic with a convenient but extensive cross referenced dictionary A chronology traces the long succession of treks to find the passage the introduction helps explain what motivated them and the bibliography provides a means for those wishing to discover more information on this exciting subject **The Americans: The National Experience** Daniel J. Boorstin, 2010-07-07 This second volume in The Americans trilogy deals with the crucial period of American history from the Revolution to the Civil War Here we meet the people who shaped and were shaped by the American experience the versatile New Englanders the Transients and the Boosters Winner of the Francis Parkman Prize **The Coldest Crucible** Michael F. Robinson, 2010-11-15 In the late 1800s Arctic Fever swept across the nation as dozens of American expeditions sailed north to the Arctic to find a sea route to Asia and ultimately to stand at the North Pole Few of these missions were successful and many men lost their lives en route Yet failure did little to dampen the enthusiasm of new explorers or the crowds at home that cheered them on Arctic exploration Michael F Robinson argues was an activity that unfolded in America as much as it did in the wintry hinterland Paying particular attention to the perils facing explorers at home The Coldest Crucible examines their struggles to build support for the expeditions before departure defend their claims upon their return and cast themselves as men worthy of the nation's full attention In so doing this book paints a new portrait of polar voyagers one that removes them from the icy backdrop of the Arctic and sets them within the tempests of American cultural life With chronological chapters featuring emblematic Arctic explorers including Elisha Kent Kane Charles Hall and Robert Peary The Coldest Crucible reveals why the North Pole a region so geographically removed from Americans became

an iconic destination for discovery **Weird and Tragic Shores** Chauncey Loomis,2000-04-04 In 1860 fifteen years after Sir John Franklin's ill fated expedition disappeared in the Arctic a Cincinnati businessman named Charles Francis Hall set out to locate and rescue the expedition's survivors He was an amateur explorer without any scientific training or experience but he was driven by a sense of personal destiny and of religious and patriotic mission Despite the odds against him he made three forays into the far North the final and fatal one taking him farther north than any westerner had ever gone before But Hall was suddenly taken ill on that voyage and died under mysterious circumstances Ninety seven years later Chauncey Loomis headed an expedition to Hall's grave in northwestern Greenland He exhumed Hall's frozen body and performed an autopsy His findings suggest that the investigators of Hall's death nervously sidestepped the damning evidence Loomis has written a masterful biography cum mystery that brilliantly evokes the lure of the Arctic and the brutal contest between man and nature With a new Introduction by Andrea Barrett author of *The Voyage of the Narwhal* Talking to the Dead Barbara Weisberg,2009-10-13 Barbara Weisberg's *Talking to the Dead* blends biography and social history in this revelatory story of the family responsible for the rise of Spiritualism A fascinating story of spirits and conjurors skeptics and converts in the second half of nineteenth century America viewed through the lives of Kate and Maggie Fox the sisters whose purported communication with the dead gave rise to the Spiritualism movement and whose recanting forty years later is still shrouded in mystery In March of 1848 Kate and Maggie Fox sisters aged eleven and fourteen anxiously reported to a neighbor that they had been hearing strange unidentified sounds in their house From a sequence of knocks and rattles translated by the young girls as a voice from beyond the Modern Spiritualism movement was born *Talking to the Dead* follows the fascinating story of the two girls who were catapulted into an odd limelight after communicating with spirits that March night Within a few years tens of thousands of Americans were flocking to séances An international movement followed Yet thirty years after those first knocks the sisters shocked the country by denying they had ever contacted spirits Shortly after the sisters once again changed their story and reaffirmed their belief in the spirit world Weisberg traces not only the lives of the Fox sisters and their family including their mysterious Svengali like sister Leah but also the social religious economic and political climates that provided the breeding ground for the movement While this is a thorough compelling overview of a potent time in US history it is also an incredible ghost story **Out at Sea** Anonymous,2023-03-26 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

Encyclopedia of American Literature of the Sea and Great Lakes Jill B. Gidmark,2000-11-30 The sea and Great Lakes have inspired American authors from colonial times to the present to produce enduring literary works This reference is a comprehensive survey of American sea literature The scope of the encyclopedia ranges from the earliest printed matter produced in the colonies to contemporary experiments in published prose poetry and drama The book also acknowledges how

literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes The alphabetical arrangement of the reference facilitates access to facts about major literary works characters authors themes vessels places and ideas that are central to American sea literature Each of the several hundred entries is written by an expert contributor and many provide bibliographical information While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London it also gives considerable attention to women at sea and to ethnically diverse authors works and themes The volume concludes with a chronology and a list of works for further reading Out at Sea, and Other Stories Sea, Two Authors, 1872

Norrie Seton, Or, Driven to Sea Anne Jane Cupples, 1869 A Hundred Years of Geography T.W. Freeman, 2017-07-12

Far from dissolving this effort demonstrates the ongoing vitality of geography as a profession In a world increasingly sensitive to the problems of people and resources geography has constantly provided the basic information for its sister sciences economics political science sociology and demography This book turns attention to geography itself in an incisive survey of the development of the discipline as a science A Hundred Years of Geography draws together the threads of a century of progress from the first scientific explorations and mappings to present day trends toward specialization and generalization It contains a synoptic view of the development of the various aspects of geography showing how the field has been differentiated from associated disciplines and how it has differentiated and specialized within itself The book also offers two important reference tools a bibliography of the important geographical works published throughout the world and biographical sketches of ninety important geographers It is informative stimulating urbane and civilized reading as well as being an excellent introductory text and reference work to recent scholarship in the field of geography

Eventually, you will entirely discover a additional experience and success by spending more cash. nevertheless when? do you receive that you require to acquire those every needs behind having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more on the subject of the globe, experience, some places, later than history, amusement, and a lot more?

It is your definitely own epoch to play a role reviewing habit. along with guides you could enjoy now is **Elisha Kent Kane The Seafaring** below.
