Elizabeth Barrett Browning Irene C. Willis, 1973 **Walking the Victorian Streets** Deborah Epstein Nord, 2018-09-05 Literary traditions of urban description in the nineteenth century revolve around the figure of the stroller a man who navigates and observes the city streets with impunity Whether the stroller appears as fictional character literary persona or the nameless omnipresent narrator of panoramic fiction he casts the woman of the streets in a distinctive role She functions at times as a double for the walker's marginal and alienated self and at others as connector and contaminant carrier of the literal and symbolic diseases of modern urban life In *Walking the Victorian Streets* Deborah Epstein Nord explores the way in which the female figure is used as a marker for social suffering poverty and contagion in texts by De Quincey Lamb Pierce Egan and Dickens What then of the female walker and urban chronicler While the male spectator enjoyed the ability to see without being seen the female stroller struggled to transcend her role as urban spectacle and her association with sexual transgression In novels nonfiction and poetry by Elizabeth Gaskell Flora Tristan Margaret Harkness Amy Levy Maud Pember Reeves Beatrice Webb Helen Bosanquet and others Nord locates the tensions felt by the female spectator conscious of herself as both observer and observed Finally *Walking the Victorian Streets* considers the legacy of urban rambling and the uses of incognito in twentieth century texts by George Orwell and Virginia Woolf **The History of British Women's Writing, 1830-1880** Lucy Hartley, 2018-09-22 This volume charts the rise of professional women writers across diverse fields of intellectual enquiry and through different modes of writing in the period immediately before and during the reign of Queen Victoria It demonstrates how between 1830 and 1880 the woman writer became an agent of cultural formation and contestation appealing to and enabling the growth of female readership while issuing a challenge to the authority of male writers and critics Of especial importance were changing definitions of marriage family and nation of class and of morality as well as new conceptions of sexuality and gender and of sympathy and sensation The result is a richly textured account of a radical and complex process of feminization whereby formal innovations in the different modes of writing by women became

Prayer and Embodiment in Nineteenth-Century Women's Writing Elizabeth Ludlow, 2025-02-20 In the 19th century an era that saw a reconfiguration of the relationship between the self the world and the divine women writers probed the theological depths of embodied faith in new ways through poetry fiction devotional prose and life writing Elizabeth Ludlow explores how through this process they articulated what it means to pray and thereby understand one's place in a world of individual and communal bodies The eight women writers discussed Elizabeth Barrett Browning Josephine Butler George Eliot Elizabeth Gaskell Dora Greenwell Felicia Hemans Adelaide Procter and Christina Rossetti provide accounts of prayer that stress that the only way to experience and respond to something of the transcendent is through embracing lived experience and through a recognition of the connectedness of all bodies In detailing how these writers engage with new ways of thinking about faith desire and the material world Ludlow argues that they offer models for ethical modes of being in the world and pave the way for later theologies of embodiment

Department of Bibliography, 1980 *Elizabeth Barrett Browning* Irene Cooper Willis, 1928 *George Eliot and Victorian Historiography* Neil McCaw, 2000-07-25 In this new study of George Eliot's fiction textual attempts to imagine a coherent and unified national past are seen as producing a contradictory vision of Englishness It is a historiographical national identity constructed in the image of predominant and conflicting trends in the Victorian writing of history The inherent uncertainty caused by the shift between different perceptions of English history leads in the later fiction to an abandonment of contemporaneous grand narratives The consequence is a history that anticipates a more modern radical philosophy of history

George Eliot, Poetess Dr Wendy S Williams,2014-08-28 The position of George Eliot s poetry within Victorian poetry and within her own canon is crucial for an accurate picture of the writer as Wendy S Williams shows in her in depth examination of Eliot s poetry and her role as poetess Williams argues that even more clearly than her fiction Eliot s poetry reveals the development of her belief in sympathy as a replacement for orthodox religious views With knowledge of the Bible and a firm understanding of society s expectations for female authorship Eliot consciously participated in a tradition of women poets who relied on feminine piety and poetry to help refine

society through compassion and fellow feeling Williams examines Eliot's poetry in relationship to her gender and sexual politics and her shifting religious beliefs showing that Eliot's views on gender and religion informed her adoption of the poetess persona By taking into account Eliot's poetess treatment of community and motherhood Williams suggests readers come to view her not only as a writer of fiction an intellectual and a social commentator but also as a woman who longed to nurture participate in and foster human relationships
