## **Elizabeth Bishop Questions Of Mastery:**

**Elizabeth Bishop** Bonnie Costello,1991 The poet Elizabeth Bishop is said to have a prismatic way of seeing In this companion to her poetry making connections between modern art and modern poetry Bonnie Costello aims to give a sense of the poet and her ways of seeing and writing **Elizabeth Bishop** Bonnie Costello,1993 **Elizabeth Bishop** Susan McCabe,2010-11-01 **Elizabeth Bishop** Linda Anderson,2013-08-20 Linda Anderson explores Elizabeth Bishop s poetry from her early days at Vassar College to her last great poems in *Geography III* and the later uncollected poems Drawing generously on Bishop s notebooks and letters the book situates Bishop both in her historical and cultural context and in terms of her own writing process where the years between beginning a poem and completing it for which Bishop is legendary are seen as a necessary part of their composition The book begins by offering a new reading of Bishop s relationship with Marianne Moore and with modernism Through her journeys to Europe Bishop it is also argued learned a great deal from visual artists and from surrealism However the book also follows the way Bishop came back to memories of her childhood developing ideas about narrative in order to explore time both the losses it demands and the connections it makes possible The lines of connections are both those between Bishop and her contemporaries and her context and those she inscribed through her own work suggesting how her poems incorporate a process of arrival and create new possibilities of meaning

**Elizabeth Bishop's Poetics of Intimacy** Victoria Harrison,1993-01-29 Elizabeth Bishop s *Poetics of Intimacy* a biographical and critical study of one of the great poets of this century offers a fresh look at Bishop s published and unpublished writing over the course of her career Informed by pragmatic post modern and feminist theories Victoria Harrison s study also makes extensive use of Bishop s archives many pieces of which have never been discussed to reveal the process of the poet s writing Harrison explores Bishop s childhood memoirs journals letters Brazilian travel prose unfinished poems and draft material researching dates of undated material and reproducing Bishop s revisions cancellations and idiosyncratic spellings Attentiveness to the detail of this archival writing gives Harrison a broad foundation for arguing that Bishop treats some of our largest concerns family relationships sexuality war and cultural differences within poetry and prose that are intimate but not self revelatory and daily but never ordinary Elizabeth Bishop charges the moments of her writing with the desires fears and passions of her life *Elizabeth Bishop* Brett C. Millier,1993 Biography of poet Elizabeth Bishop that pieces together the compelling and painful story of her life and traces the writing of her poems **Elizabeth Bishop** Harold Bloom,2009 Offers a biographical profile of the poet Elizabeth Bishop and provides analyses and critical views of her work **Mastery's End** Jeffrey Gray,2005-01-01 Focusing on lyric poetry *Mastery's End* looks at important yet neglected issues of subjectivity in post World War II travel literature Jeffrey Gray departs from related studies in two regards nearly all recent scholarly books on the literature of travel have dealt with pre twentieth century periods and all are concerned with narrative genres Gray questions whether the postcolonial theoretical model of travel as mastery hegemony and exploitation

still applies In its place he suggests a model of vulnerability incoherence and disorientation to reflect the modern destabilizing nature of travel a process that began with the unprecedented movement of people during and after World War II and has not abated since What the contemporary discourse concerning displacement border crossing and identity needs says Gray is a study of that literary genre with the least investment in closure and the least fidelity to ethnic and national continuities His concern is not only with the psychological challenges to identity but also with travel as a mode of understanding and composition Following a summary of American critical perspectives on travel from Emerson to the present Gray discusses how travel by nature defamiliarizes and induces heightened awareness Such phenomena Gray says correspond to the tenets of modern poetics traversing territories immersing the self in new object worlds reconstituting the known as unknown He then devotes a chapter each to four of the past half century s most celebrated English speaking western poets Elizabeth Bishop Robert Lowell John Ashbery and Derek Walcott Finally two multi poet chapters examine the travel poetry of Allen Ginsberg Gary Snyder and Robert Creeley Lyn Hejinian Nathaniel Mackey and others

**Elizabeth Bishop in Context** Angus Cleghorn,Jonathan Ellis,2021-08-26 Elizabeth Bishop is increasingly recognised as one of the twentieth century s most original writers Consisting of thirty five ground breaking essays by an international team of authors including biographers literary critics poets and translators this volume addresses the biographical and literary inception of Bishop s originality from her formative upbringing in New England and Nova Scotia to long residences in New York France Florida and Brazil Her poetry prose letters translations and visual art are analysed in turn followed by detailed studies of literary movements such as surrealism and modernism that influenced her artistic development Bishop s encounters with nature music psychoanalysis and religion receive extended treatment likewise her interest in dreams and humour Essays also investigate the impact of twentieth century history and politics on Bishop s life writing and what it means to read Bishop via eco criticism postcolonial theory and queer studies

**Reading Elizabeth Bishop** Ellis Jonathan Ellis,2019-04-01 A comprehensive and original guide to Elizabeth Bishop s poetry and other writing including literary criticism and prose fiction Celebrating Elizabeth Bishop as an international writer with allegiances to various countries and national traditions this collection of essays explores how Bishop moves between literal geographies like Nova Scotia New England Key West and Brazil and more philosophical categories like home and elsewhere human and animal insider and outsider The book covers all aspects and periods of the author s career from her early writing in the 1930s to the late poems finished after Geography III and those works published after her death It also examines how Bishop s work has been read and reinterpreted by contemporary writers

**Key Features** Provides a companion to Bishop s entire artistic oeuvre including letter writing literary criticism and short story writing Offers a sustained consideration of Bishop s identity politics including the role of race Studies Bishop s influence on contemporary culture

**Elizabeth Bishop's Prosaic** Vidyan Ravinthiran,2015-07-01 Elizabeth Bishop is now recognized as one of the greatest poets of the twentieth century a uniquely cosmopolitan writer with

connections to the US Canada Brazil and also the UK given her neglected borrowings from many English authors and her strong influence on modern British verse Yet the dominant biographical psychoanalytical approach leaves her style relatively untouched and it is vital that an increasing focus on archival material does not replace our attention to the writing itself Bishop's verse is often compared with prose sometimes insultingly writing fiction she worried she was really writing poems But what truly is the difference between poetry and prose structurally conceptually historically speaking Is prose simply formalized speech or does it have rhythms of its own Ravinthiran seeks an answer to this question through close analysis of Bishop's prose like verse her literary prose her prose poems and her letter prose This title is a provocation It demands that we reconsider the pejorative quality of the word prosaic playing on mosaic Ravinthiran uses Bishop's thinking about prose to approach for the first time her work in multiple genres as a stylistic whole Elizabeth Bishop's *Prosaic* is concerned not only with her inimitable style but also larger questions to do with the Anglo American shift from closed to open forms in the twentieth century This study identifies not just borrowings from but rich intertextual relationships with writers as diverse as among others Gerard Manley Hopkins W H Auden Virginia Woolf Flannery O'Connor and Dorothy Richardson Though Bishop criticized Woolf she in particular is treated as a central and thus far neglected precursor crucial to our understanding of Bishop as a feminist poet Finally the sustained discussion of how the history of prose frames effects of rhythm syntax and acoustic texture in both Bishop's prose proper and her prosaic verse extends a body of research which seeks now to treat literature as a form of cognition Technique and thought are finely wedded in Bishop's work her literary forms evince a historical intelligence attuned to questions of power nationality tradition both literary and otherwise race and gender

Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *Fifty Years of English Studies in Spain (1952-2002)* Asociación Española de Estudios Anglo-Americanos. Congreso, Ignacio M. Palacios Martínez, 2003 **The American Landscape in the Poetry of Frost, Bishop, and Ashbery** M. MacArthur, 2008-08-04 Robert Frost Elizabeth Bishop and John Ashbery stand out among major American poets all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale Drawing on biography cultural history and original archival research MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres the Romantic scene of the abandoned house This book scrutinizes the popular notion of Frost as a deeply rooted New Englander demonstrates that Frost had an underestimated influence on

Bishop whose preoccupation with houses and dwelling is the obverse of her obsession with travel and questions dominant anti biographical readings of Ashbery as an urban identified poet As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets MacArthur also sketches relevant cultural trends including patterns of rural de settlement the transformation of rural economies from agriculture to tourism and modern American s increasing mobility and rootlessness

*Midcentury Suspension* Claire Seiler,2020-08-11 How did literary artists confront the middle of a century already defined by two global wars and newly faced with a nuclear future Midcentury Suspension argues that a sense of suspension a feeling of being between beginnings and endings recent horrors and opaque horizons shaped transatlantic literary forms and cultural expression in this singular moment Rooted in extensive archival research in literary print and public cultures of the Anglophone North Atlantic Claire Seiler s account of midcentury suspension ranges across key works of the late 1940s and early 1950s by authors such as W H Auden Samuel Beckett Elizabeth Bishop Elizabeth Bowen Ralph Ellison and Frank O Hara Seiler reveals how these writers cultivated modes of suspension that spoke to the felt texture of life at midcentury Running counter to the tendency to frame midcentury literature in the terms of modernism or of our contemporary Midcentury Suspension reorients twentieth century literary study around the epoch s fraught middle

**Anthropocene Poetics** David Farrier,2019-02-19 How poetry can help us think about and live in the Anthropocene by reframing our intimate relationship with geological time The Anthropocene describes how humanity has radically intruded into deep time the vast timescales that shape the Earth system and all life forms that it supports The challenge it poses how to live in our present moment alongside deep pasts and futures brings into sharp focus the importance of grasping the nature of our intimate relationship with geological time In Anthropocene Poetics David Farrier shows how contemporary poetry by Elizabeth Bishop Seamus Heaney Evelyn Reilly and Christian B k among others provides us with frameworks for thinking about this uncanny sense of time Looking at a diverse

array of lyric and avant garde poetry from three interrelated perspectives the Anthropocene and the material turn in environmental philosophy the Plantationocene and the role of global capitalism in environmental crisis and the emergence of multispecies ethics and extinction studies Farrier rethinks the environmental humanities from a literary critical perspective Anthropocene Poetics puts a concern with deep time at the center defining a new poetics for thinking through humanity's role as geological agents the devastation caused by resource extraction and the looming extinction crisis
