Elizabeth Bishop Rebel In Shades And Shadows:

Rebel in "Shades and Shadows" Victoria Gail Harrison, 1988 *Elizabeth Bishop* Xiaojing Zhou, 1999 Elizabeth Bishop one of the most admired American poets of the twentieth century occupies a unique place in American poetry Bishop's poems have inspired poets of various schools and intrigued critics who find her work difficult to categorize This study explores the theoretical grounds and enabling conditions for Bishop's distinct poetry drawing from Mikhail Bakhtin's dialogism and Bishop's own artistic theories elaborated in her prose notebooks and letters Focusing on Bishop's continuous efforts to test the limits of poetic forms it sheds new light on the artistic merits and significance of Bishop's oeuvre **Elizabeth Bishop's Prosaic** Vidyan Ravinthiran, 2015-07-01 Elizabeth Bishop is now recognized as one of the greatest poets of the twentieth century a uniquely cosmopolitan writer with connections to the US Canada Brazil and also the UK given her neglected borrowings from many English authors and her strong influence on modern British verse Yet the dominant biographical psychoanalytical approach leaves her style relatively untouched and it is vital that an increasing focus on archival material does not replace our attention to the writing itself Bishop's verse is often compared with prose sometimes insultingly writing fiction she worried she was really writing poems But what truly is the difference between poetry and prose structurally conceptually historically speaking Is prose simply formalized speech or does it have rhythms of its own Ravinthiran seeks an answer to this question through close analysis of Bishop's prose like verse her literary prose her prose poems and her letter prose This title is a provocation It demands that we reconsider the pejorative quality of the word prosaic playing on mosaic Ravinthiran uses Bishop's thinking about prose to approach for the first time her work in multiple genres as a stylistic whole Elizabeth Bishop's Prosaic is concerned not only with her inimitable style but also larger questions to do with the Anglo American shift from closed to open forms in the twentieth century This study identifies not just borrowings from but rich intertextual relationships with writers as diverse as among others Gerard Manley Hopkins W H Auden Virginia Woolf Flannery O'Connor and Dorothy Richardson Though Bishop criticized Woolf she in particular is treated as a central and thus far neglected precursor crucial to our understanding of Bishop as a feminist poet Finally the sustained discussion of how the history of prose frames effects of rhythm syntax and acoustic texture in both Bishop's prose proper and her prosaic verse extends a body of research which seeks now to treat literature as a form of cognition Technique and thought are finely wedded in Bishop's work her literary forms evince a historical intelligence attuned to questions of power nationality tradition both literary and otherwise race and gender Elizabeth Bishop's Poetics of Description Zachariah Pickard, 2009-03-17 Elizabeth Bishop's Poetics of Description argues that attention to the material realm informs everything Bishop does Seen through this lens many familiar topics look remarkably different Bishop's relationship to travel epiphany surrealism and imagery are all transformed and a timely new Bishop emerges one quite different from the postmodern poet that has dominated recent scholarship *Art and Memory in the Work of Elizabeth Bishop* Jonathan Ellis, 2018-01-17 In Art and

Memory in the Work of Elizabeth Bishop Jonathan Ellis offers evidence for a redirection in Bishop studies toward a more thorough scrutiny of the links between Bishop's art and life. The book is less concerned with the details of what actually happened to Bishop than with the ways in which she refracted key events into writing both personal unpublished material as well as stories poems and paintings. Thus Ellis challenges Bishop's reputation as either a strictly impersonal or personal writer and repositions her poetry between the Modernists on the one hand and the Confessionals on the other. Although Elizabeth Bishop was born and died in Massachusetts she lived a life more bohemian and varied than that of almost all of her contemporaries a fact masked by the tendency of biographers and critics to focus on Bishop's life in the United States. Drawing on published works and unpublished material overlooked by many critics Ellis gives equal attention to the influence of Bishop's Canadian upbringing on her art and to the shifts in her aesthetic and personal tastes that took place during Bishop's residence in Brazil during the 1950s and 1960s. By bringing together the whole of Bishop's work this book opens a welcome new direction in Bishop studies specifically and in the study of women poets generally.

White Women in Racialized Spaces Samina Najmi, Rajini Srikanth, 2012-02-01 At once racially privileged and sexually marginalized white women have been energetic in calling for solidarity among all women in opposing patriarchy but have not been equally motivated to examine their own racial privilege. White Women in Racialized Spaces turns primarily to literature to illuminate the undeniable blind spots in white women's comprehension of their advantage. The contributors cover extensive historical ground from early captivity narratives of white women in seventeenth century America up to the present day trials of Louise Woodward and Manjit Basuta both British nannies accused of causing the deaths of their infant charges in the United States. Their wide ranging discussions also include representations of white women in Native American Latin American African Asian and Middle Eastern contexts. The volume ultimately makes the case that by creating alternative scenarios to particular ethical political or emotional problems against which readers and characters test their responses literature forms an ideal vehicle for exploring white women's actual and potential roles in their efforts to undercut the oppressive force of whiteness.
