Axson, Phyllis Floyd, 1987 Ellsworth Kelly a distinguished contemporary American artist is one of the great talents of his generation His work with its array of flat sharp edged forms and unmodulated color figures significantly in the history of nongestural abstraction a hybrid of the geometric and biomorphic traditions **Ellsworth Kelly**, 2023 Accompanying the large scale traveling exhibition Ellsworth

Kelly at 100 this volume celebrates the groundbreaking career of the beloved American abstractionist. This publication highlights key aspects of his multifaceted art from his lifelong drawing practice through his later explorations of layered canvas panels. Kelly frequently revisited shapes and motifs observed throughout his career exploring form, color, line and space through painting, sculpture, collage, drawing and photography. The fully illustrated publication highlights works from major public and private collections alongside key works from Glenstone's collection including seminal early pieces such as *Painting for a White Wall* 1952 and *Painting in Three Panels* 1956 as well as examples from the iconic Chatham and Spectrum series. Also featured is *Yellow Curve* 1990 a monumental floor painting installation that spans nearly 1 000 square feet on view for the first time in more than 30 years since it was conceived for an exhibition at Portikus am Main in Frankfurt. Essays by Jean Pierre Crique, Alex Da Corte, Suzanne Hudson, Corey Keller and others explore and expand upon Kelly's canon. With three gatefolds and a tip on cover image the book also includes unpublished archival materials from the artist's studio and the Glenstone archives.

**Henri Matisse, Ellsworth Kelly** Henri Matisse, Rémi Labrusse, Éric de Chasse, Musée national d'art moderne. Galerie d'art graphique, Inverleith House, Royal Botanic Garden, 2002. This collection of work by Henri Matisse and Ellsworth Kelly is based on an exhibition of more than 100 rarely exhibited drawings organized by the Centre Pompidou in Paris. A comparative display the exhibition focuses on the role of drawing in the work of these two distinctly different 20th century masters. Henri Matisse 1869-1954 is recognized for the lyrical form and decorative aesthetic seen in his paintings and colourful paper cut outs. Ellsworth Kelly born 1923 is known for the monumental abstract forms of his sculpture and the bold colours of his hard edge paintings. Yet both artists explored their concepts in prolific studies of plants often in series in which each drawing existed on its own terms as well as part of an infinite process.
