Heartache Poems A Brazilian Gay Man Coming Out From The Closet:

Heartache Poems Valdeck Almeida de Jesus, 2004 One's life can be easy or not. What guides one's destiny depends on where one was born, one's education, skills, family, religion, and so forth. But when someone is gay and is born in a small town where it seems everyone is against gay people, how does one survive without wounding family and friends? In some cases, it seems preferable to pretend to be hetero or to live a secret gay life. Find out how a South American loved women and men in such a situation.

Memories from Brazilian Hell Valdeck Almeida de Jesus, 2008-06-03 Most of us will never experience what young Valdeck Almeida de Jesus experienced. From falling into a cesspool and playing among garbage to collecting bones to sell and avoiding snakes on his walk to school, Valdeck recounts his family's hard life day by day, agonizing day in this moving memoir. Translated from Portuguese, *Memories from Brazilian Hell* follows Valdeck, his parents, and his seven brothers and sisters as they survived poverty, class, and racial marginalization, debilitating health problems, and financial crises while living in the Bahian region of Brazil. Amidst these hardships, they struggled to meet their basic human needs for shelter, food, and medical and dental care. Despite the overwhelming odds, Valdeck and his family spectacularly overcame the obstacles they faced. Without losing faith in the future despite uncertainty and doubt, every member of the Almeida family achieved his or her goals, each making a mark on the world. As Valdeck's history unfolds, his story becomes one of self-realization, knowledge, and empowerment. Valdeck's memories are infused with hope and illustrate that if anguished Brazilians can believe in their country and be resilient, they can fight for and achieve their ideals. This book gives voice to all those who have suffered society's inequities.

Plataforma Na Poesia Perinho Santana, 2011-04-11 Para não esquecer a poesia, o trabalho artístico do poeta Perinho Santana de se admirar. Tanto a obra quanto o seu criador evocam compromisso social, preocupa o com o meio ambiente, com as pessoas, a preserva o da memória afetiva, as relações que regem a comunidade ou seja, tudo aquilo que a sociedade moderna rejeita: carinho, cuidado, afetividade, respeito, solidariedade. A poesia de Perinho nasce e cresce em Plataforma, um bairro eminentemente negro de origem e de cor que ainda teima em se destacar do resto da cidade. Ali, nos escombros da história nas ruas onde os holandeses marcharam na tentativa de dominar a cidade e se estabelecer em Salvador, a poesia, os desenhos manuais e a magia do poeta se impregnam. Onde não há papel, formulário, apoio institucional, Perinho insiste e sua marca fica incrustada nos muros da estação de trem nas paredes na memória de quem por ali

consequently occupies a keystone place at the point where Brazilian black LGBTQ and working class literary traditions intersect Novelty of topic however is only one noteworthy aspect of *Memorial do Inferno* it is a vibrant and affecting narrative that does not stint in its portrayal of the struggles and the attendant joy that the political and social marginalization and oppression in the forms of poverty racism and classism have imposed upon the vast majority of Brazil's people The journey that de Jesus makes over his 42 years is one of increasing self realization self knowledge and self empowerment *Memorial do Inferno* is then a work of self fashioning in which a young man from a large and impoverished family living in Jequi in the rural interior of Bahia one of Brazil's best known and populous states as well as the one with the largest percentage population of African descendant people manages to overcome the odds arrayed against him eventually pursuing studies for a while in nursing and letters at a state university before moving to the 450 year old metropolis and first Brazilian capital of Salvador da Bahia the Black Rome One there de Jesus is able to further his education mature into adulthood and launch his literary career one of whose achievements is this book The contours of de Jesus's story whose parallels can be found throughout the annals of literature are universal The particularities of his experience however are his own and crucial given the national literary context to establishing the memoir's singularity Brazil's literary traditions span more than 500 years making them among the oldest in the Americas Over that period however the presence and prominence of African descendant writers especially before the late 19th century has been relatively low despite the fact that Brazil has had and continues to possess the largest population of people of African descent outside of continental Africa This stands in contrast for example to the United States's literary traditions to which black writers have made significant contributions since the 18th century and within which they have cumulatively created an internationally recognized literature In his study *Race and Color in Brazilian Literature* David Brookshaw attributes the Brazilian situation to several factors identifying one of the most important as the absence of overt racial and ethnic segregation in Brazil unlike in the US where legalized segregation and oppression over centuries has had the effect of fostering political social and cultural solidarity and autonomy for black Americans with one of the results being an autonomous black literature Brookshaw 1986 175 176 Brookshaw also notes that in Brazil the related concept of racial democracy has been mobilized to downplay or hide racism racial supremacy and the attendant ideology of social and cultural whitening *branqueamento* and structural racial discrimination all of which have combined to disadvantage Afro-Brazilians in political economic and social terms with the result that the absence or exclusion of black writers did not provoke much commentary including from some of Brazil's most important African descendant writers such as the late 19th century literary titan Machado de Assis until this century While black writers are now recognized participants in the development Brazil's literary traditions their prominence relative to the size of the Brazilian African descendant population remains small With Brazilian queer literature which emerged as a distinct category in the latter half of the 20th century though one of the foundational texts in this tradition *Bom Crioulo* by Adolfo Caminha appeared

as far back as 1895 and a mixed race queer writer like Mário de Andrade played a foundational role in 20th century Brazilian Modernism specifically during the period of the political opening or *abertura* in the latter years of the military dictatorship 1978-1984 the absence of African descendant writers is conspicuous In his discussion of the writings of the late Gaicho writer Caio Fernando Abreu critic Fernando Arenas lists the important male Brazilian prose writers and poets who have dealt overtly with homosexual or bisexual themes A study of his list reveals that only a few of these writers such as the poet Valdo Motta are black or of self-identified African descent Arenas in Canty Quinlan and Arenas 2002 p. 235 It is probably adequate to say for now though the situation will certainly change that the pool of texts in all genres by out lesbian gay bisexual and transgender Brazilian people of African descent remains small for many of the same reasons as those detailed above with the added factors of gender and sexuality An additional factor that should not be overlooked is class De Jesus's narrative makes clear his family's and his own financial difficulties the hell of poverty and purgatory of marginality and he goes some way towards situating these facts within the larger historical and social contexts of Brazilian life touched upon above De Jesus's memoir thus fills a gap in terms of Brazilian writing giving voice to those who have not been listened to before the book's social and political impact then mirrors its evident aesthetic achievement I want to register a final note which is that the first portion of the book's Portuguese title loses a little something in English *Memorial do Inferno* literally translates to *Memorial of the Inferno* but the memorial signifies both a commemoration with the various resonances of that term of a life passed successfully and perhaps past and simultaneously invokes I think its English cognate the genre of memoir or a nonfictional textual remembering a piecing together The text in both its Portuguese original and English translation possesses aspects of both these connotations echoing in prose form de Jesus's elegiac volume of poetry *Heartache Poems A Brazilian Gay Man Coming Out from the Closet* which he published in 2004 in English first to expand his potential readership It was through this volume that I first came to know his work The *inferno* of the title brings to mind not only Judeo-Christian theology and Dante's masterwork but also translates more broadly and figuratively as hell a term which de Jesus inflects throughout the book The ultimate note one leaves with however is not of the hellish of suffering or pain but of personal triumph These are the life notes of a lover of knowledge of the arts of life itself who has transformed the difficulties of his past into the foundation on which he is building his future Or to quote de Jesus's poem from the *Heartbreak* volume *I Am Nothing I am not so small* after all
