The hands are positioned with fingers spread, supporting the globe from underneath and the sides. The background is a soft, out-of-focus brown, suggesting a warm, indoor setting. an energetic and spiritual concept of hospitality and it provides a completely new direction in hospitality. It is based on creating an ever increasing spirit of unconditional love, Metta, loving kindness, compassion and heart warming care which are the forgotten essence of hospitality. By working with energy, especially heart energy, and by developing the spiritual capacity of the staff, you can create limitless levels of spiritual and energetic hospitality far above the traditional SOP Customer Satisfaction ceiling. As you develop Heart Based Hospitality, you can increase the softness, gentleness, loving kindness, compassion and heart warming care of the staff and the energetic warmth of the hospitality without limit. Heart Based Hospitality is a concept and a direction that enables the spirit of hospitality to evolve energetically and spiritually. It will revolutionise the hospitality industry. I call the level Heart Based Hospitality because it is created by working with human energy, especially with the energy of the heart, by developing the heart's intelligence by increasing heart coherence so as to open the heart to experience ever stronger emotions of love and by developing spiritual capacity which increases the desire to show unconditional love, Metta, loving kindness, heart warming care and compassion from the heart. The future hospitality experience will be energetic and spiritual. Hotels in the future will also use heart field energy techniques to change the energetic vibration of the hotel staff, the guests and spaces. They will also infuse spaces, facilities and guest accommodation with pleasant feeling energy through specific meditations. I have written the book in order to bring about a revolution of change in the hotel industry. The book shows hotels how to implement and develop the process of creating Heart Based Hospitality. Part 1, the Introduction to the book, explains what the book is about. Go to this link: [http://heartbasedhospitality.com/page\\_id\\_57800](http://heartbasedhospitality.com/page_id_57800)

Deeper Still John Stirk, 2021-01-14. Deeper Still is the next stage of an ongoing process and a consequence of further inquiry into the yoga experience from author John Stirk. Following on from The Original Body, this book invites an even deeper immersion into the reality of practice and the totality of personal experience in accessing the power of our inner teacher. As the theme of this book unfolds, the reader is invited towards a sensory understanding leading to profound insight. Teachers using this book will be able to share with their students the clarity, mental space and basic wisdom that emerges as a result of their awakening physiology. We may frequently acknowledge that we are there with the group. Experience may tell us that there is no fixedness; that it is based on an unknown element upon which all creativity is founded. Deeper Still goes beyond current experience and invites teachers to write their own story, develop their own script, ride the uncatchable wave that might be called yoga and open up creativity to the next level. Deeper Still enables teachers to take their students to a deeper dimension. It also provides a basis for the chart experiences, appeals to the depth mind through a deepening physical experience, invites a more profound contact with groups, brings out the essence of yoga in students as a consequence of a deeper creativity, highlights emergent insight as a feature of group work, blends an ancient concept with modern western yoga, draws attention to the relationship between soft tissue sensitivity and the quality of consciousness, examines the potential for abundant resonance in group work and the so called universal experience.
