The Ecology of Language; Essays by Einar Haugen Einar Ingvald Haugen,1972      **THE ECOLOGY OF LANGUAGE. ESSAYS. BY EINAR INGVALD HAUGEN.** Einar Haugen,1972      **Language and Its Ecology** Einar Haugen,1997

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by approaching language from an interdisciplinary perspective TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing      The Language Phenomenon P.-M. Binder,K. Smith,2013-04-05 This volume contains a contemporary integrated description of the processes of language These range from fast scales fractions of a second to slow ones over a million years The contributors all experts in their fields address language in the brain production of sentences and dialogues language learning transmission and evolutionary processes that happen over centuries or millenia the relation between language and genes the origins of language self organization and language competition and death The book as a whole will help to show how processes at different scales affect each other thus presenting language as a dynamic complex and profoundly human phenomenon      **Desired Language** Francesc Feliu,2023-01-15 National linguistic ideology has been at the base of most historical processes that whether they are complete or not have brought us to the current reality a world of languages that represent with greater or lesser exactitude the diversity and convergences of human groups Various of today s thinkers have predicted the decline or even the end of national ideologies In the area of language postmodernism would make the linguistic affiliation of the community individuals irrelevant de ideologise language use and extend plurilingualism and language alternation in association with a new distribution of physical or functional spaces of linguistic practice But is this true everywhere Are languages now nowhere the core of collective identity Or are we witnessing a distinction between languages that because of their magnitude status strategic position etc can continue to exercise the function of national languages and languages that have to renounce this function Has national linguistic ideology really ceased to make sense What other strategies should the historic language of a given geographic area employ if it wants to continue forming part of the life of the community that is set up there What kinds of languages are desired by politicians intellectuals and philologists This book aims to bring some thoughts about these questions      Pragmatics in Practice Jan-Ola Östman,Jef Verschueren,2011-12-15 The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics

in the field of pragmatics thereby attempting to divide up its wide interdisciplinary spectrum in a transparent and manageable way While the other volumes select specific philosophical cognitive grammatical social cultural discursive variational or interactional angles this 9th volume focuses on what pragmatics is good for beyond the very discipline of pragmatics as such The chapters in the volume thus address the importance of taking a pragmatic perspective on traditional fields of applied linguistics contrastive and error analysis translation and they address the core of pragmatics as the study of language use with phenomena ranging from irony and emphasis to literacy and mass media and with approaches to the function of language like rhetoric stylistics corpus analysis and general semantics The volume contains chapters not only on the spoken and written modes of communication but also on signed language pragmatics and on computer mediated communication The impact and usefulness of taking a pragmatic perspective on language for a deeper understanding of clinical and rehabilitation practices has recently received ever more focus in this volume aspects of this direction of research are dealt with in the chapter on clinical pragmatics In most of the chapters in the volume ethics has a core role to play not only in issues of authenticity in general in relation to research on language use but also in issues that have a direct influence on the linguistic culture and society we live in irrespective of whether we are part of a linguistic majority or a minority or a minority within a minority language policy and language planning language ecology and language in relation to legal matters In all of these fields we see the importance of research within pragmatics as a discipline dealing with how language influences our everyday lives All in all the volume presents different perspectives on how research in pragmatics not only can be put to practice but how pragmatics is used as a tool to gain a better understanding of the world we live in **First**

**Person Singular** Boyd H. Davis, Raymond K. O'Cain, 1980-01-01 This volume consists of autobiographical by the following scholars together with pictures and autographs Raven I McDavid Jr Henry M Hoenigswald John B Carroll William G Moulton Archibald A Hill Yakov Malkiel Charles F Hockett Harold B Allen William Bright Einar Haugen George S Lane Frederic G Cassidy James B McMillan Winfred P Lehmann Fred W Householder and Dell Hymes A master list of references and an index of persons conclude the volume **Immigrant Englishes Around the World** Erik R. Thomas, 2025-08-29 Immigrant

Englishes Around the World is a collection that explores the varieties of English that emerge when speakers whose native languages are not English immigrate to an English speaking country The book examines the commonalities and diversity of immigrant varieties of English that may be seen from a comparison of groups with different heritage languages in different English speaking nations around the world Written by established researchers who all have conducted work with communities of immigrants or their descendants the chapters explore immigrant Englishes across Great Britain Australia South Africa and North America Covering the theoretical grounding that unifies immigrant Englishes across the globe and using a model that is designed specifically for immigrant groups the book focusses on how the communities as a whole develop their own distinctive ways of speaking English This comprehensive comparison of immigrant dialects across the

English speaking world is essential reading for advanced students and researchers of sociolinguistics language and migration and language variation

**Language Ethics** Yael Peled, Daniel M. Weinstock, 2020-08-12 Language is central to political philosophy yet until now there has been little in the way of a common framework capable of bridging disciplines that share an interest in language power and ethics Studies are predominantly carried out in isolated disciplinary silos notably linguistics philosophy political science public administration and education This volume proposes a new vision for understanding the political ethics of language particularly in linguistically diverse societies and it establishes the necessary common framework for this field of inquiry language ethics Through creative and constructive thinking Language Ethics considers how to advance our understanding of the human commonalities of moral and linguistic capacities and the challenge of linguistic difference and societal interdependence The book embraces the longstanding centrality of language to moral reasoning and reinterprets it in a manner that draws on the social and political life of real world inter and intralinguistic issues Contributors to this collection are leading international experts from different disciplines and approaches whose voices add diverse insight to the discourse on ethics and language justice Exploring social political and economic realities Language Ethics illuminates the complex nexus between ethics and language and highlights the contemporary challenges facing multilingual societies including the uncertainties ambiguities anxieties and hopes that accompany them

*The Handbook of Bilingualism and Multilingualism* Tej K. Bhatia, William C. Ritchie, 2014-09-15 Honored as a 2013 Choice Outstanding Academic Title Comprising state of the art research this substantially expanded and revised Handbook discusses the latest global and interdisciplinary issues across bilingualism and multilingualism Includes the addition of ten new authors to the contributor team and coverage of seven new topics ranging from global media to heritage language learning Provides extensively revised coverage of bilingual and multilingual communities polyglot aphasia creolization indigenization linguistic ecology and endangered languages multilingualism and forensic linguistics Brings together a global team of internationally renowned researchers from different disciplines Covers a wide variety of topics ranging from neuro and psycho linguistic research to studies of media and psychological counseling Assesses the latest issues in worldwide linguistics including the phenomena and the conceptualization of hyperglobalization and emphasizes geographical centers of global conflict and commerce

**Linguistic Landscape** Elana Shohamy, Durk Gorter, 2008-05-15 In this comprehensive and pioneering volume language scholars from around the world examine the linguistic landscape from multiple perspectives theoretical methodological and critical Written by widely recognized experts the articles in Linguistic Landscape analyze linguistic landscapes in a range of international contexts Dozens of photographs illustrate the use of language in the environment the words and images displayed and exposed in public spaces Suitable for graduate or advanced undergraduate students in applied linguistics sociolinguistics and language policy studies Linguistic Landscape is a vital contribution to a burgeoning field

**Understanding English as a Lingua Franca** Barbara Seidlhofer, 2013-01-10 A complete introduction to the

theoretical nature and practical implications of English used as a lingua franca Explore the theories and principles of English as a Lingua Franca with leading expert Barbara Seidlhofer      **Language Change in Central Asia** Elise S. Ahn, Juldyz Smagulova, 2016-01-15 Twenty years after the dissolution of the Soviet Union Kazakhstan Uzbekistan Kyrgyzstan Tajikistan and Turkmenistan are still undergoing numerous transitions This book examines various language issues in relation to current discussions about national identity education and changing notions of socio cultural capital in Central Asia

*Language and Society* William C. McCormack, Stephen A. Wurm, 2011-06-15 No detailed description available for Language and Society      **Language Contact. Volume 1** Jeroen Darquennes, Joseph C. Salmons, Wim Vandebussche, 2019-08-19 Language Contact An International Handbook offers a comprehensive overview of current topics in research on language contact Broadly conceived it stands out for its international approach to language contact complementing the theoretical state of the art with examples from traditionally eclipsed areas and languages Next to a thorough introductory overview of the ground breaking methodological and theoretical approaches that shaped the discipline ample attention goes to the new and innovative insights on language contact in the 21st century Combining concise introductory contributions with in depth treatment of the most relevant case studies in the field the handbook speaks to both junior and established scholars      *African Languages in a Digital Age* Don Osborn, Donald Zhang Osborn, 2010 With increasing numbers of computers and diffusion of the internet around the world localisation of the technology and the content it carries into the many languages people speak is becoming an ever more important area for discussion and action Localisation simply put includes translation and cultural adaptation of user interfaces and software applications as well as the creation and translation of internet content in diverse languages It is essential in making information and communication technology more accessible to the populations of the poorer countries increasing its relevance to their lives needs and aspirations and ultimately in bridging the digital divide      **A Companion to the Anthropology of Education** Bradley A. Levinson, Mica Pollock, 2016-01-19 A Companion to the Anthropology of Education presents a comprehensive and state of the art overview of the field exploring the social and cultural dimension of educational processes in both formal and nonformal settings Explores theoretical and applied approaches to cultural practice in a diverse range of educational settings around the world in both formal and non formal contexts Includes contributions by leading educational anthropologists Integrates work from and on many different national systems of scholarship including China the United States Africa the Middle East Colombia Mexico India the United Kingdom and Denmark Examines the consequences of history cultural diversity language policies governmental mandates inequality and literacy for everyday educational processes      Questioning Language Contact Robert Nicolai, 2014-08-21 This volume critically exposes problems in present language contact analysis and uses empirical findings to provide answers to the following questions What can we learn from the study of language contact for our knowledge of languages their dynamics and their functions systemic elaborations language practices semiotic

developments How should linguistic theory incorporate the empirical findings of language contact studies and how could these alter underlying postulates of existing models choice of analysis and epistemic framework Which role has language contact been playing in the history of linguistic research and academic life And how has this idea influenced individual researchers and their approaches

**Language and Identity** John Edwards, 2009-09-17 The language we use forms an important part of our sense of who we are of our identity This book outlines the relationship between our identity as members of groups ethnic national religious and gender and the language varieties important to each group What is a language What is a dialect Are there such things as language rights Must every national group have its own unique language How have languages large and small been used to spread religious ideas Why have particular religious and linguistic markers been so central singly or in combination to the ways in which we think about ourselves and others Using a rich variety of examples the book highlights the linkages among languages dialects and identities with special attention given to religious ethnic and national allegiances

**The Cambridge Handbook of Endangered Languages** Peter K. Austin, Julia Sallabank, 2011-03-24 It is generally agreed that about 7 000 languages are spoken across the world today and at least half may no longer be spoken by the end of this century This state of the art Handbook examines the reasons behind this dramatic loss of linguistic diversity why it matters and what can be done to document and support endangered languages The volume is relevant not only to researchers in language endangerment language shift and language death but to anyone interested in the languages and cultures of the world It is accessible both to specialists and non specialists researchers will find cutting edge contributions from acknowledged experts in their fields while students activists and other interested readers will find a wealth of readable yet thorough and up to date information
