Demystifying Environmental, Social and Governance (ESG) Karamo NM Sonko, Mariama Sonko, 2023-08-10 Addressing a topic at the forefront of global interests in business and development this book is the first comprehensive book in the world that addresses ESG wholistically It combines academic and practical content through multidisciplinary analysis integrating economics statistics finance strategic management and mathematics with an African focus The book argues that ESG is largely in the interest of the firms companies themselves in addition to benefitting the larger society in which they exist It also makes it everyone s responsibility to play a part in addressing global climate challenges Thus the book views the survival of the corporations economies and the larger societies as interlinked It will be of interest to researchers policymakers and business persons in and outside of Africa

Globalization and Health Ichiro Kawachi, Sarah Wamala, 2006-09-21 This book provides an analysis of the most serious global threats to health the tools that can be used to evaluate them and the international

agencies established to respond to them Medical threats such as infectious diseases obesity tobacco use and global climate change are discussed but the authors also expand their scope to include socio political health impacts such as economic inequality The complex role of organizations such as the World Health Organization the International Monetary Fund and the World Bank is also analyzed as is the increasing interconnectedness of health and non health actors Is this blurring of boundaries really beneficial to the public s health or have these actors abandoned health issues for power politics By drawing together an international group of health experts Globalization and Health provides a comprehensive account of the successes and failures as well as the challenges and opportunities of globalization for public health Africa After the Cold War Adebayo Oyeade, Abiodun Alao, 1998

Although it is widely recognised that Africa s security problems are acute it has never been a subject of much intellectual inquiry This lack of scholarly discourse on the many dimensions of the problems of African security is the major consideration of this book The approach to the questions of security differ markedly from the traditional approach that gives primacy to the threat of military aggression as sole factor in state security A departure must be made from this dominant preoccupation in a new global order that has seen profound changes **The Convention on the Rights of the Child** A. Glenn C. Mower, 1997-02-28

Based on official records and reports relevant secondary sources and observations of members of the Convention s supplementary organ The Convention on the Rights of the Child describes and evaluates the first international human rights treaty to deal specifically with the rights and freedoms of the child Mower deals first with the significance origin and development of the Convention on the Rights of the Child then describes and analyzes its substantive content procedures and mechanisms for the Convention s implementation He concludes with an examination of the factors that are most likely to determine the rate of progress toward the realization of the convention s goals Based on official records relevant secondary sources and observations of members of the Convention s supplementary organ the book will be of considerable use to scholars and researchers in the fields of human rights and children s welfare

Reducing Global Poverty Barry B. Hughes, Mohammad T. Irfan, Haider Khan, Krishna B. Kumar, Dale S. Rothman, Jose Roberto Solorzano, 2015-12-22 This is the first volume in an ambitious new series Patterns of Potential Human Progress inspired by the UN Millennium Development Goals MDGs and other initiatives to improve the global condition The first and most fundamental of these goals reducing poverty worldwide is the focus of this book Using the large scale computer program called International Futures IFs developed over three decades at the prestigious University of Denver Graduate School of International Studies this book explores the most extensive set of forecasts of global poverty ever made providing a wide range of scenarios based on an authoritative array of data It transcends the 1 a day baseline measure of poverty and probes important concepts like income poverty gaps and relative poverty The forecasts are long term looking 50 years into the future far beyond the 2015 date set out by the MDGs They are geographically rich spanning the entire globe and drilling down to the country level including one of the most important global focal points India The poverty forecasts in this book and

all the volumes in the series are fully integrated in perspective across a wide range of human development arenas including demographics economics politics agriculture energy and the environment Full of colorful thoughtfully designed graphs tables maps and other visual presentations of data and forecasts this large format inaugural volume ensures that the Patterns of Potential Human Progress series will become an indispensable resource for every development professional student professor library and indeed country around the world
