## **Economic Anxiety Christian Faith:**

**Economic Anxiety & Christian Faith** Larry L. Rasmussen, 1981      **Financial Anxiety** Brendan J. Barnicle, 2021-10-19  
An honest and innovative look at our relationship to money Though theologians of every era have written about money and scripture and theology provide ample material for a rich discussion of wealth and possessions we have tremendous difficulty talking about money in the church Therefore congregational leaders need to know how to talk about money and particularly how to lead a theological discussion about it and the anxiety individuals often feel This series of Little Books on Faith and Money is designed to foster conversations within congregations around certain principles and practices that nurture community and growth in the ongoing life of the church      Christian Ethics in the Protestant Tradition Waldo Beach, 1988-01-01 With Christian Ethics in the Protestant Tradition Waldo Beach provides a basic introductory text on Christian ethics He has designed a challenging work that grapples with the ethical questions surrounding modern day problems from the perspective of Protestant theology and tradition His two part format is especially helpful for study  
*Bible and Ethics in the Christian Life* Bruce C. Birch, 1989-01-01 Among the topics treated are Christian ethics as community ethics Charting the moral life Elements of character formation Character and social structure Decision making The nature and role of biblical authority Uses of Scripture in Christian ethics      Christian Faith and Its Cultural Expression George Rudolph Gordh, 1962      **Talking Dollars and Sense** Brendan J. Barnicle, 2022-02-22 Tools for clergy and congregational leaders to lead theological conversations about money Scripture and theology provide ample material for a rich discussion of money and possessions Theologians of every era have written about money Author Brendan Barnicle offers pastoral programs to bring the conversation into contemporary focus by considering personal budgeting and estate planning personal discipleship parish budgets and parish investments communal ministry and congregational partnering and policy advocacy global mission      **Stories Economists Tell** John P. Tiemstra, 2012-12-19 A Christian approach to economic analysis requires that humans be thought of not as maximizing their own private economic welfare but rather as making moral choices with their resources Professor Tiemstra lays out the methodology of this approach in the first section of this book He then applies it to real economic problems including poverty and economic justice environmental sustainability and globalization      **God the Economist** M. Douglas Meeks, God does not appear in the modern market For most economists this is as it should be It is in no way necessary according to modern economic theory to consider God when thinking about economy Indeed the absence of God in economic matters is viewed as necessary to the great advances in modern economy The difficulty with modern market economies however is that human livelihood is also left out of the theory and practice of the market economy I propose to bring the church's teaching about God the doctrine of the Trinity to bear on the masked connections between God and economy I will treat the Trinity as the way of understanding what the Bible calls the economy of God      **Christian Ethics and Political Economy in North America** Travis Kroecker, 1995-01-17 Kroecker argues that in

trying to make their theological ethics relevant to economic policy Christian social ethicists have accepted assumptions that are incompatible with theological beliefs Starting with the Social Gospel movement he discusses the positions of theologian Walter Rauschenbusch and Canadian politician James Shaver Woodsworth He then turns to Christian Realism and compares the views of Reinhold Niebuhr with those of Gregory Vlastos the central figure in the Canadian Fellowship for a Christian Social Order He also examines recent pastoral letters on the economy by the Canadian and US conferences of Roman Catholic bishops In conclusion Kroeker suggests an alternative theological approach based on the classical Christian realism of Augustine that might better address the moral malaise of liberal political economy

**The Oxford Handbook of Christianity and Economics** Paul Oslington, 2014 The new interdisciplinary field of Christianity and economics deals with the important and difficult questions that cluster at the boundary of these disciplines drawing on contemporary theory and empirical findings in both fields with roots in older discourses This landmark volume surveys the field and advances the discussion It deploys historical economic and theological analysis to search for answers

**WealthWatch** Michael S. Moore, 2011-05-12 The purpose of this book is to help postmodern Westerners understand what the Bible has to say about wealth and possessions its acquisition and protection deprivation and slavery corruption and hedonism and even relations between management and labor Focusing on Torah the Pentateuch it interprets this great text against other great texts in its literary historical environment including some epic poems from Mesopotamia some Jewish texts from Syro Palestine and some Nazarene parables from the Greek New Testament

**House of Disciples** Michael H. Crosby, 2004-01-28 The household was the basic unit of the early church it also constituted the basic unit of political economy until the Industrial Revolution This richly detailed work uses the notion of house as a unifying theme establishing the identity and concerns of the early Christian churches What emphases did Matthew's gospel have for that audience which Crosby establishes was urban based and prosperous and what does it mean to First World Christians today Through an in depth exploration of Matthew's gospel and its socioeconomic milieu House of Disciples shows how the world of the early church continues to challenge Christians nineteen hundred years later It makes a unique contribution to both New Testament scholarship and the practice of a contemporary spirituality

**Bulls, Bears and Golden Calves** John E. Stapleford, 2015-03-27 John Stapleford interacts with seven standard introductory economics texts to show how ethics are inextricably intertwined with economic life and analysis This revised and expanded edition includes discussions of entitlements global poverty government debt healthcare reform and immigration reform

**Abortion Policy and Christian Social Ethics in the United States** Mako A. Nagasawa, 2021-01-06 Today's Christian pro life movement has misplaced its priorities The issue of abortion is more complex than the movement often appreciates For a start Scripture is less clear about the moral weight of the fetus than we often think In fact early Christians took different positions on abortion because they also relied on different scientific sources about the unborn Furthermore Christian conservatives today do not acknowledge that in American history as today Christian

stances on abortion were motivated by other political fears White Protestant Americans developed different state laws on abortion to accomplish anti immigrant goals in the North but anti black racism in the South That messiness impacts U S constitutional law including Roe v Wade Meanwhile Scripture commissions God s people to confront socio economic factors that push abortion rates higher male privilege and the disempowerment of women the high cost of child raising the causes of birth defects the desire to care narrowly for just my children mistaken views about contraception and the culture wars and most of all poverty This book incorporates biblical studies church history science social science history and public policy to argue that we must not approach abortion policy primarily from a criminal justice standpoint as modern conservatives do but from a broad social and economic standpoint meant to benefit and bless all children

**Ethics and Liberation** Charles L. Kammer, 2002-12-26 The introduction to the nature and purpose of Christian ethics presents an ethical theory consistent with the fundamental insights of the Christian tradition Ethics and Liberation outlines an ethic which provides guidelines for responsible stands on contemporary issues be they personal or socio political Exploring both the strengths and weaknesses of traditional Christian ethics Kammer proposes going beyond them to an ethic of theonomous responsibility one based on the precepts of liberation theology Stressing the socio political dimension of ethics Kammer follows the threads of Christian tradition that led to an emphasis on personal salvation and a neglect of social issues Finally he traces the path from Christian realism through liberation theology Ethics and Liberation concludes with a discussion of two serious test cases in contemporary moral issues the distribution of health care and nuclear disarmament

The Crusader ,1922 **A Global Ethic for Global Politics and Economics** Hans Kung, 1998-04-16 As the twentieth century draws to a close and the rush to globalization gathers momentum political and economic considerations are crowding out vital ethical questions about the shape of our future Now Hans K ng one of the world s preeminent Christian theologians explores these issues in a visionary and cautionary look at the coming global society How can the new world order of the twenty first century avoid the horrors of the twentieth Will nations form a real community or continue to aggressively pursue their own interests Will the Machiavellian approaches of the past prevail over idealism and a more humanitarian politics What role can religion play in a world increasingly dominated by transnational corporations K ng tackles these and many other questions with the insight and moral authority that comes from a lifetime s devotion to the search for justice and human dignity Arguing against both an amoral realpolitik and an immoral resurgence of laissez faire economics K ng defines a comprehensive ethic founded on the bedrock of mutual respect and humane treatment of all beings that would encompass the ecological legal technological and social patterns that are reshaping civilization If we are going to have a global economy a global technology a global media K ng argues we must also have a global ethic to which all nations and peoples of the most varied backgrounds and beliefs can commit themselves The world he says is not going to be held together by the Internet For anyone concerned about the world we are creating A Global Ethic for Global Politics and Economics offers equal measures of informed analysis compassionate

,2020-04-28 Using a range of critical perspectives On the Question of Truth in the Era of Trump closely examines notions of truth in crisis leading up to and after the election of Donald Trump The authors explore how truth is constructed along the lines of race social class and gender as filtered through the self referential characteristics of social media in particular The authors assert that the US left has shown itself inadequate to the task of confronting right wing ideologies which have only intensified since the 2016 election resulting in increased mobilization of white supremacist and nationalist groups Whether underestimating Trump by downplaying the threat of his candidacy during the primaries trivializing the concerns of women and minorities as identity politics or rushing to prioritize the free speech rights of the far right left academics and the media have found themselves unable to use their traditional arsenal of evidence rational discourse and appeals to diversity of viewpoints The authors assert that political resistance to the right is not a matter of playful use of signs and symbols or discourse alone and has to be fought directly and in solidarity At this point it is clear that Trump and his supporters have not just deployed relativism as a form of strategy but have fully weaponized it against their perceived enemies women immigrants minorities LGBTQ people along with educational scientific and journalistic institutions It is hoped that this in depth critical dissection of truth in the current political reality will assist in the project of resistance Contributors are Faith Agostinone Wilson Mike Cole Jeremy T Godwin Jones Irwin Austin Pickup Daniel Ian Rubin and Eric C Sheffield      **Money, Lies, and God** Katherine Stewart,2025-02-18 INSTANT NEW YORK TIMES BESTSELLER An eerily prescient guide to the phantasmagoria of our political moment The New York Times Book Review American democracy isn't simply dying It is as Stewart observes being murdered The New Republic Meticulously researched elegantly written and hard hitting Kristin Kobes Du Mez From the acclaimed author of The Power Worshippers an indispensable citizen's guide to the anti democratic MAGA Right in America Congressman Jamie Raskin Why have so many Americans turned against democracy In this deeply reported book Katherine Stewart takes us to conferences of conspiracy mongers backroom strategy gatherings and services at extremist churches and profiles the people who want to tear it all down She introduces us to reactionary Catholic activists atheist billionaires pseudo Platonist intellectuals self appointed apostles of Jesus disciples of Ayn Rand women hating opponents of the gynocracy pronatalists preoccupied with the dearth of white babies Covid truthers militia members masquerading as concerned moms and battalions of spirit warriors who appear to be inventing a new style of religion even as they set about attacking democracy at its foundations Along the way she provides a compelling analysis of the authoritarian reaction in the United States She demonstrates that the movement relies on several distinct constituencies with very different and often conflicting agendas Stewart's reporting and comprehensive political analysis helps reframe the conversation about the moral collapse of conservatism in America and points the way forward toward a democratic future Katherine Stewart has written what may be the most important political book of the day exposing the networks of dark
