Economics Of Violence In Latin America A Theory Of Political Competition

John Gerring, Strom C. Thacker

Economics Of Violence In Latin America A Theory Of Political Competition:

The Economics of Violence in Latin America Wilber A. Chaffee, 1992-09-30 This study for the first time uses modern political economic theory public choice theory public goods theory and game theory to create a theoretical framework for comparative political analysis This framework which includes the nonindustrial world treats both violence and democratic processes as normal methods of political competition Deductive in nature the theory redefines political variables according to their economic counterparts Chaffee applies microeconomic theory to generate hypotheses and conclusions using examples from Latin America to illustrate the efficacy of the framework The Economics of Violence in Latin America will interest political scientists economists and policy makers especially those concerned with democratic theory and practice in the nonindustrialized world

Violence Bandy X. Lee, 2019-02-27 A comprehensive overview of the integrative study of violence Violence continues to be one of the most urgent global public health problems that contemporary society faces Suicides and homicides are increasing at an alarming rate particularly in younger age groups and lower income countries Historically the study of violence has been fragmented across disparate fields of study with little cross disciplinary collaboration thus creating a roadblock to decoding the underlying processes that give rise to violence and hindering efforts in research and prevention Violence An Interdisciplinary Approach to Causes Consequences and Cures assembles and organizes current information into one comprehensive volume introducing students to the multiple sectors disciplines and practices that collectively comprise the study of violence This innovative textbook presents a unified perspective that integrates the sociological biological politico economic structural and environmental underpinnings of violence Each chapter examines a distinct point of learning beginning with an overview of the content and concluding with discussion questions and an analytical summary The chapters focus on key domains of research encouraging interdisciplinary investigation and helping students to develop critical analytical skills and form their own conclusions Fills a significant gap in the field by providing a coherent text that consolidates information on the multiple aspects of violence Examines current legal medical public health and policy approaches to violence prevention and their application within a global context Illustrates how similar causes of violence may have dissimilar manifestations Presents a multidisciplinary examination of the symptoms and underlying processes of violence Offers a thorough yet accessible learning framework to undergraduate and graduate students without prior knowledge of the study of violence More than just an accumulation of facts and data this essential text offers a broad introduction to a thinking process that can produce rigorous scholarship across disciplines and lead to a deeper understanding of violence in its many forms

Handbook of Latin American Studies Dolores Moyano Martin, P. Sue Mundell, 1997-12-01 Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates

from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research underway in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Dolores Moyano Martin of the Library of Congress Hispanic Division has been the editor since 1977 and P Sue Mundell has been assistant editor since 1994 The subject categories for Volume 55 are as follows Anthropology including Archaeology and Ethnology Economics Electronic Resources for the Social Sciences Geography Government and Politics International Relations Sociology Desenvolvimento Wilber A. Chaffee,1998 Chaffee government Saint Mary's College uses a theoretical approach to investigate the connection between politics and economics in Brazil He offers statistics and detailed case studies of the country's regimes in support of his hypothesis that economic growth in Brazil leads to changes that support the governmental regime Topics include the country's perpetually high inflation the New Republic's strategy of growth based on import substitution Jose Sarney's efforts to restructure politics with a new constitution and the Real Plan Annotation copyrighted by Book News Inc Portland OR **Between Development and Destruction** Kumar Rupesinghe,Paul Sciarone,Luc van de Goor,2016-07-27 Much has already been written about the effects of the changes of the Cold War on conflict The ongoing disengagement of East and West from bipolar Cold War politics has resulted in an unstable international political situation which is characterized by regional conflicts Most analyses now concentrate on the consequences for Europe and the former communist Central and East European states This book however explores the effects for the Third World The contributors provide major theoretical analyses of the causes of conflict in developing countries Four main factors are distinguished the processes of state formation and nation building the rise or return of ethnicity and nationalism socio economic factors and the armaments conflict nexus The volume also provides in depth regional analyses as well as policy perspectives on the issue of conflict and development Parameters ,1996 *International Bibliography of the Social Sciences* ,1994 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Violence in the Barrios of Caracas Daniel S. Leon,2019-07-02 This book presents an overview of the problem of urban violence in Caracas and specifically in its barrios It helps situate readers familiar or not with Latin American in the context that is Caracas Venezuela a city displaying one of the world's highest homicide rates The book offers a qualitative comparison of the informal mechanisms of social control in three barrios of Caracas This comprehensive analysis can help explain high homicide rates while socio economic conditions improved due to substantial oil windfalls in the twenty first century The author describes why informal social control was not effective in some barrios and points to the role of some organizational arrangements in increasing the incentives to use violence even under improving socio economic conditions

The analysis addresses a gap in the literature on violence which mainly posits high violence rates after economic downturns. Specifically, it investigates social capital's moderating effect between Caracas political and economic structures and high violence rates. This book concludes that perverse social capital found in the barrios of Caracas helps explain high violence rates while socio-economic indicators improved until the early 2010s. Students and researchers interested in security studies or Latin America will benefit from this book because of its extensive theoretical discussions, use of primary sources, and unique multidisciplinary analysis of urban violence.

Handbook of Latin American Studies, 1997. Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies. Covers social sciences and the humanities in alternate years. **Bibliographie Mensuelle** United Nations Library (Geneva, Switzerland), 1994. Economics & Politics, 2000. *Declining Inequality in Latin America* Luis Felipe Lopez-Calva, Nora Claudia Lustig, 2010-08-01. A Brookings Institution Press and United Nations Development Programme publication. Latin America is often singled out for its high and persistent income inequality. Toward the end of the 1990s, however, income concentration began to fall across the region. Of the seventeen countries for which comparable data are available, twelve have experienced a decline, particularly since 2000. This book is among the first efforts to understand what happened in these countries and why. Led by editors Felipe Lopez Calva and Nora Lustig, a panel of distinguished economists undertakes in-depth analyses of Argentina, Brazil, Mexico, and Peru. In addition, they provide essential background in the form of overviews of the relationship between markets and inequality, the political economy of redistribution, and the evolution of income inequality in the advanced industrialized economies. Two factors account for much of the decline in inequality: a decrease in the wage gap between skilled and low-skilled labor and an increase in government transfers targeted to the poor. Thanks to the timeliness and sophistication of these essays, *Declining Inequality in Latin America* is likely to become a standard reference in its field.

The Hispanic American Historical Review James Alexander Robertson, 1995. Includes Bibliographical section. Decentralization in Ecuador Jonas Frank, 2007. *Decentralization in Ecuador* offers a new provocative interpretation in understanding why and how power as well as resources are shifted to local levels of government. The book argues that actors and their incentives are the driving force for change; legislators and labor unions, indigenous people, and presidents, finance ministers, and regional governors are the real protagonists of the game of decentralization. It shows why Ecuador's different interest groups achieved breakthroughs to redistribute resources at particular moments in time but failed so remarkably in others, falling onto the path of successful failure. As becomes apparent, time and again, ironically, it is often the winners of partial decentralization that provide the greatest obstacle to complete reform and achieve more beneficial outcomes. Drawing from first-hand experience with Ecuadorian policymakers, *Decentralization in Ecuador* presents conclusions about political strategies that have important implications for all.

Bibliographie Internationale de Science Politique, 1993. **Reflections on Uneven Democracies** Daniel Brinks, Marcelo Leiras, Scott

Mainwaring,2014-09-22 This volume is a must read for all who are concerned with development and Latin American political economy It brings together two generations of leading international scholars who probe themes such as regime dynamics and stability party politics and institutions and the quality of democratic governance The pieces build to a contribution that is reminiscent of O Donnell himself brilliant quirky important _ editorial **Small Arms Survey 2001** Graduate Institute of International Studies (Geneva, Switzerland),2001 In its premier issue this volume provides the first broad overview of major aspects of the problem of small arms and light weapons proliferation Issues covered include products and producers global firearms stockpiles brokers and transport agents legal small arms transfers illicit small arms transfers the effects of small arms availability and multilateral measures and initiatives The Survey will serve as the principal source of public information on all aspects of small arms and as a resource center for governments policy makers researchers and activists With international contributors from a variety of backgrounds it will interest all those in security studies political science law economics development studies and sociology **Theory and Practice of Communism in 1971, Part 1-A, Hearings Before the ...** United States. Congress. House Internal Security,1971 **The Law and Religious Market Theory** Jianlin Chen,2017-10-12 With comparative case studies from China Taiwan and Hong Kong Jianlin Chen s new work offers a fresh descriptive and normative perspective on law and religion This presentation of the original law and religious market theory employs an interdisciplinary approach that sheds light on this subject for scholars in legal and sociological disciplines It sets out the precise nature of religious competition envisaged by the current legal regimes in the three jurisdictions and analyses how certain restrictions on religious practices may facilitate normatively desirable market dynamics This updated and invaluable resource provides a new and insightful investigation into this fascinating area of law and religion in Greater China today **A Centripetal Theory of Democratic Governance** John Gerring,Strom C. Thacker,2008-06-08 This book outlines the importance of political institutions in achieving good governance within a democratic polity

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Economics Of Violence In Latin America A Theory Of Political Competition full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer

subscription-based access to a wide range of Economics Of Violence In Latin America A Theory Of Political Competition eBooks, including some popular titles.

FAQs About Economics Of Violence In Latin America A Theory Of Political Competition Books

What is a Economics Of Violence In Latin America A Theory Of Political Competition PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Economics Of Violence In Latin America A Theory Of Political Competition PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Economics Of Violence In Latin America A Theory Of Political Competition PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Economics Of Violence In Latin America A Theory Of Political Competition PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Economics Of Violence In Latin America A Theory Of Political Competition PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
