Alcohol: No Ordinary Commodity Thomas F. Babor, 2010-02-25 Alcohol No Ordinary Commodity Research and Public Policy Second Edition is a collaborative effort by an international group of addiction scientists to improve the linkages between addiction science and alcohol policy It presents in a comprehensive practical and readily accessible form the accumulated scientific knowledge on alcohol research that has a direct relevance to the development of alcohol policy on local national and international levels It provides an objective analytical basis on which to build relevant policies globally and informs policy makers who have direct responsibility for public health and social welfare By locating alcohol policy primarily within the realm of public health this book draws attention to the growing tendency for governments both national and local to consider alcohol misuse as a major determinant of ill health and to organize societal responses accordingly The scope of the book is comprehensive and international The authors describe the conceptual basis for a rational alcohol policy and present new epidemiological data on the global dimensions of alcohol misuse The core of the book is a critical review of the cumulative scientific evidence in seven general areas of alcohol policy pricing and taxation regulating the physical availability of alcohol modifying the environment in which drinking occurs drinking driving countermeasures marketing restrictions primary prevention programs in schools and other settings and treatment and early intervention services The final chapters discuss the current state of alcohol policy in different parts of the world and describe the need for a new approach to alcohol policy that is evidence based realistic and coordinated It will appeal to those involved in both addiction science and drug policy as well as those in the wider fields of public health health policy epidemiology and practising clinicians A companion volume published by Oxford University Press Drug Policy and the Public Good is also available

Disposable Cities Garth Andrew Myers, 2017-03-02 Based on in depth fieldwork in three cities Dar es Salaam Zanzibar and Lusaka this book provides a critical analysis of the United Nations Sustainable Cities Program in Africa SCP Focusing on the SCP s policies for solid waste management which was identified as the top priority problem by the SCP the book examines the success of these pilot schemes and the SCP s record in building

new relationships between people and government It argues that the SCP has operated in a political vacuum without recognition of the long and problematic histories and cultural politics of urban environmental governance in Eastern and Southern Africa This book brings these cultural and political histories to the fore in its examination of the contemporary dynamics In doing so it not only provides an insightful analysis of the policies and outcomes for the SCP but also puts forward a historically grounded critique of neoliberalism good governance and sustainable development discourses

Safeguarding the Ozone Layer and the Global Climate System Intergovernmental Panel on Climate Change,United Nations Environment Programme. Technology and Economics Assessment Panel,2005-10-24 Publisher Description

Mergers, Acquisitions, and Other Restructuring Activities Donald DePamphilis,2011-08-22 Two strengths distinguish this textbook from others One is its presentation of subjects in the contexts wherein they occur The other is its use of current events Other improvements have shortened and simplified chapters increased the numbers and types of pedagogical supplements and expanded the international appeal of examples

Security and Development Robert Picciotto,Rachel Weaving,2013-10-28 The new contributions in this book by acknowledged leaders in the field examine the delivery of effective aid under fire and securing the peace in environments where governance is fragile They bridge the cultural divide between the security and development professions at a time of unprecedented global economic integration geopolitical turbulence and novel threats to international peace and security More than a billion people live in countries where governance is weak poverty is rampant and economies are depressed Failed and frail states provide ideal breeding grounds for civil strife criminality and new wars that target civilians use children as combatants and commit massive human rights violations The new security risks loom within national borders while the capacity of the international community to intervene behind borders remains inadequate Policy making for security still relies heavily on military responses Yet military responses cannot address and may even

worsen the social and cultural antecedents of civil strife and social resentment Similarly development aid policy and practice are poorly adapted to the new realities of frail governance and insecure operating environments in aid recipient countries

This book was previously published as a special issue of the leading journal Conflict Security and Development **Small Arms Survey 2003**, 2003 This title includes information and analysis on global small arms production stockpiles and legal and illicit transfers and a review of international regional and national measures to address the issue of small arms proliferation **Transportation Energy Data Book**, 2003 **Environmental Accounting and Reporting**

Maria-Gabriella Baldarelli, Mara Del Baldo, Ninel Nesheva-Kiosseva, 2017-04-05 This book discusses the foundations of social and environmental accounting and highlights local differences in countries like Italy and Bulgaria It also describes the institutional environment which affects the development and application of environmental accounting and reporting as a basis for evaluating current achievements and the future steps that need to be taken to develop and spread environmental accounting The book is unique in presenting exemplary cases from different emerging and developed countries It is a valuable resource for theorists in the field practitioners in companies as well as investors and other stakeholders Moreover it provides students with the necessary theoretical constructs empirical studies as well as practical and managerial tools to allow for a quick orientation in the methodology techniques and selected practices used in environmental accounting and reporting *Geoscience Data and Collections* National Research Council, Division on Earth and Life Studies, Board on Earth Sciences and Resources, Committee on Earth Resources, Committee on the Preservation of Geoscience Data and Collections, 2002-09-23 Geoscience data and collections such as rock and sediment cores geophysical data engineering records and fossils are necessary for industries to discover and develop domestic natural resources to fulfill the nation's energy and mineral requirements and to improve the prediction of immediate and long term hazards such as land slides volcanic eruptions and global climate change While the nation has assembled a wealth of geoscience data and collections their utility remains incompletely tapped Many could act as invaluable resources in the future but immediate action is needed if they are to remain available Housing of and access to geoscience data and collections have become critical issues for industry federal and state agencies museums and universities Many resources are in imminent danger of being lost through mismanagement neglect or disposal A striking 46 percent of the state geological surveys polled by the committee reported that there is no space available or they have refused to accept new material In order to address these challenges Geoscience Data and Collections offers a comprehensive strategy for managing geoscience data and collections in the United States

Management of the National Nuclear Security Administration United States. Congress. House. Committee on Armed Services. Special Oversight Panel on Department of Energy Reorganization, 2003 Global Environment Outlook 4 United Nations Environment Programme, 2007 The fourth report in the Global Environment Outlook series provides a comprehensive scientifically credible policy relevant and up to date assessment of and outlook for the state of the global environment

Environment for development is the GEO 4 underlying theme and the report pays special attention to the role and impact of the environment on human well being as well as to the use of environmental valuation as a tool for decision making GEO 4 s 2007 publication date marks the half way point for the Millennium Development Goals The environment as well as being the subject of MDG 7 is also a thread that runs through all the goals Includes Errata **Food Quality and Consumer Value** Monika J.A. Schröder,2013-03-09 Consumer markets for foods and beverages in developed countries are well supplied and highly fragmented Yet the question being asked is how close retailers actually come to fulfilling their customers requirements The concept of consumer value is one of the main pillars underpinning the theory of market differentiation This book takes an interdisciplinary approach to the analysis of satisfaction in relation to the consumption of food with both food science and consumer science playing central parts It approaches food quality from both the technical and the consumer satisfaction perspectives and assesses the roles of management and regulatory tools in delivering food quality for all Each area is discussed in detail using the appropriate technical terminology but keeping the text accessible to readers from both academic traditions as well as to non specialist readers **Gendering the World Bank** Penny Griffin,2009-02-27 Gendering the World Bank provides an unusual wide ranging and accessible account of the constitution and effects of discourses of neoliberal governance Paying particular attention to how gender matters in and to contemporary global governance the author focuses in particular on the development discourse of the World Bank *Children's Books in Print, 2007*,2006
