El presente volumen es la compilación de las contribuciones que se presentaron en el VIII Congreso Nacional de la Asociación de Jóvenes Investigadores de Historiografía e Historia de la Lengua Española AJIHLE celebrado en Barcelona los días 23 y 4 de abril de 2008. Durante estos tres días un importante número de investigadores noveles procedentes de distintas universidades nacionales e internacionales convirtieron la Universidad de Barcelona UB y la Universidad Autónoma de Barcelona UAB en un lugar propicio para el debate y la puesta en común de las principales líneas de investigación que actualmente se desarrollan en el ámbito del estudio histórico de la lengua. Así lo demuestran como podrá observar el lector en las páginas que siguen tanto la relevancia de los ponentes invitados en el mundo de la investigación histórica del español como la actualidad de los contenidos presentados en las dos mesas redondas y la diversidad de los temas de las distintas comunicaciones que los socios presentaron.

Diccionario del habla nicaragüense Alfonso Valle, 1948 *Linguistic Advances in Central American Spanish*, 2023-09-29. Covering all seven countries on the isthmus this volume presents the first collection of original linguistic studies on Central American Spanish varieties which have long been neglected in Hispanic Linguistics. The analyses in this collection span across disciplines such as sociolinguistics, corpus linguistics, bilingualism, historical linguistics and pragmatics. This volume bridges the gap between international and Central American scholars as it highlights the work that has already been done by Central American scholars but is relatively unknown to scholars outside of the region. It also introduces readers to more recent work that sheds new light on Central American Spanish varieties from both urban and rural settings as well as in bilingual communities where Spanish is in contact with indigenous languages.
