Nikolaos M. Panagiotakes, translated by John C. Davis, 2016-12-05 Exploring all the available sources this study which until now was only available in Greek presents us with an account of El Greco's life up to the time he left Crete for Italy in 1567 at the age of twenty six already an accomplished professional painter Nikolaos Panagiotakes provides a thorough assessment of earlier research on Crete of the 16th century then goes on to present new conclusions on the life of El Greco deriving from the author's firsthand reading of Venetian archive material including questions relating to his birthplace family name religious affiliation and apprenticeship as a painter The evidence indicates that El Greco was an established professional master painter earlier than had previously been thought and also that he had a family before leaving Crete thus perhaps explaining why he did not later marry Jer nima de las Cuevas with whom he had a son in Toledo This work marks a valuable contribution to El Greco scholarship particularly in its thoroughly substantiated assessment of the evidence regarding the formative years in the life of El Greco one of the greatest of all European artists *The Pictorial Art of El Greco* Livia Stoenescu, 2025-10-01 The Pictorial Art of El Greco Transmaterialities Temporalities and Media investigates El Greco's pictorial art as foundational to the globalising trends manifested in the visual culture of early modernity It also exposes the figurative semantic and allegorical senses that El Greco created to challenge an Italian Renaissance centered discourse Even though he was guided by the unprecedented burgeoning of devotional art in the post Tridentine decades and by the expressive possibilities of earlier religious artifacts especially those inherited from the apostolic past the author demonstrates that El Greco forged his own independent trajectory While his paintings have been studied in relation to the Italian and Spanish school traditions his pictorial art in a global Mediterranean context continues to receive scant attention Taking a global perspective as its focus the book sheds new light on El Greco's highly original contribution to early Mediterranean and multi institutional configurations of the Christian faith in Byzantium Venice Rome Toledo and Madrid

El Greco, Life and Work, a New History Fernando Marías, 2013 The authoritative illustrated life and work of El Greco one of the world's most influential and inimitable creative spirits **El Greco** Michael Scholz-Hänsel, 2014 A prophet of modernism Strong colors and sinuous figures El Greco 1541 1614 was born Dom nikos Theotok poulos in Crete in 1541 He arrived in Venice in 1566 where his work was greatly influenced by Titian and Tintoretto However when he made an offer to the Pope to paint over Michelangelo's Last Judgement in the spirit of the Counter Reformation he incurred the wrath of Roman artists to such an extent that a career in Italy was no longer conceivable El Greco settled in Spain in Toledo where he received numerous commissions from the Church and the nobility Between 1586 and 1588 he created one of the great works of European painting the monumental Burial of the Count of Orgaz for a chapel altar in the parish church of Santo Tom in Toledo El Greco confined his palette to a small number of very expressively used shades with an evident preference for pale purple pink and yellow and greyish tones He located the iconographical events in a space that he dramatized by means of light and atmospheric phenomena His oeuvre had a wide ranging impact on art up to and including modern 20th century
