been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of *A New History of Spanish Literature* bids fair to be the standard reference well into the next century

La España en la que nunca pasa nada Sergio Andrés Cabello, 2021-05-10 Necesitamos escuchar a la España invisible no les neguemos la voz Nunca pasa nada es una expresión frecuente en buena parte de España y le cuadra muy bien esa España invisible a la que sólo alumbran los focos cuando se produce un suceso luctuoso o un hecho pintoresco la compuesta por ciudades pequeñas y medias también por otros municipios más reducidos que son las siguientes fichas de dominio que caen en los procesos de envejecimiento de la población salida de jóvenes abandono de actividades productivas tradicionales que hasta hace poco parecía que sólo afectaban al mundo rural Esa España intermedia entre la España vaciada y la España metropolitana seguramente está ya en una tierra de nadie en un proceso que no llevará a la despoblación en sentido estricto pero que sólo ahondará las desigualdades territoriales y sociales El presente libro quiere ser una reivindicación de esa tercera España a la cual nutre la España metropolitana a través de los procesos migratorios que fue denostada y luego reivindicada que contribuye y lo sigue haciendo a la despoblación de los municipios más pequeños Unos territorios que se dotaron de orgullo a través de la reivindicación de sus identidades colectivas mediante el Estado de las autonomías Unos municipios que se ven fuera de los grandes flujos globales En definitiva una tercera España a la que le está pasando lo que a las clases medias que tras ascender socialmente con la crisis vieron rota la movilidad social
