Mejorar Memoria: El Libro De La Memoria Para Mejorar Y Aumentar El Poder Del Cerebro Alimentos Para El Cerebro Y Hábitos Saludables Para Mejorar (Juegos De Memoria Y Entrenamiento Del Cerebro Para Prevenir La Pérdida De Memoria) Donald Curlee, 101-01-01

Mejorar Memoria Vivimos en un mundo que se está acostumbrando cada vez con mayor frecuencia a utilizar menos el cerebro. Los servicios automatizados, comodidades modernas y nuevas tecnologías que hacen el trabajo por nosotros están haciendo que el pensamiento lógico se vuelva obsoleto. Los avances tecnológicos pueden mejorar su vida pero muchos de ellos están reduciendo sus capacidades mentales. Si mantiene este estilo de vida verá una degradación cognitiva más rápido de lo que espera. También aprenderá qué es realmente la memoria y por qué su concepto está errado. Como los alimentos pueden potenciar su memoria. Como la intención y el estilo de vida afectan a la memoria y el aprendizaje. Como eliminar la única cosa que lo está deteniendo y sirve para liberar su memoria para que tenga un mayor desempeño. Como hacer que su mente creativa participe para ayudar a su memoria. Si completa con éxito la limpieza de batido verde podrá notar la diferencia en su cuerpo más energía, dormir mejor, tener una mejor memoria, sentirse en calma. Deshágase de la grasa corporal obstinada, incluída la grasa abdominal.

Portraying Authorship Anita Savo,2024-05-01 Portraying Authorship argues that the medieval Castilian writer Juan Manuel fashioned a seemingly modern authorial persona from the accumulation and synthesis of medieval authorial roles In the manuscript culture of medieval Castile and across Latin Europe writers typically referred to their work in ways that corresponded to their role in the bookmaking process scribes took credit for preserving the works of others compilers for combining disparate texts in productive ways commentators for explaining obscure works and authors for writing their own words Combining literary analysis with book history Anita Savo reveals how Juan Manuel forged his authorial persona Don Juan by adopting all four medieval writerly roles thereby reaping the ethical benefits of each one Each chapter in Portraying Authorship highlights a different authorial role to show how Don Juan and others who wrote in his name assumed responsibility for that role and adapted its rhetoric to his vernacular literary project The book concludes that Don Juan s authorial self portrait not only gave the humanist writers of the fifteenth century a model to imitate but also persuaded subsequent scribes editors and translators to portray him as an individual author In doing so Portraying Authorship illuminates how Juan Manuel s concept of authorship helped to secure him a privileged position in narratives of Spanish literary history

Catholic Women and Mexican Politics, 1750-1940 Margaret Chowning,2024-11-05 Historians have long looked to networks of elite liberal and anti clerical men as the driving forces in Mexican history over the course of the long nineteenth century This traditional view writes Margaret Chowning cannot account for the continued power of the Catholic Church in Mexico which has withstood extensive and

sustained political opposition for over a century How then must the scholarly consensus change to better reflect Mexico s history In this book Chowning shows that the church repeatedly emerged as a political player even when liberals won elections primarily because of the overlooked importance of women in politics Catholic women kept the church alive through the wars of independence and made it into the political force it continues to be in present day Mexico Using archival sources from ten Mexican states the book shows how women who were denied the vote and expected to stay out of the political sphere nevertheless forged their own form of citizenship through the church After Mexico gained its independence in 1821 women self consciously developed new lay associations and assumed leadership roles within them These new associations not only kept Catholicism vibrant they also pushed women into public sphere Methodologically this book shows the value of exploring gender in political and religious history and reveals the equal importance of informal political power to more formal activities like voting Commercial Spanish Carlos F.
