El Obispado De Michoacán En 1765:

El Obispado de Michoacán en 1765 Isabel González Sánchez, 1985 El cabildo catedral de Valladolid de Michoacán Oscar Mazín Gómez, 1996 Thorough study of the cathedral cabildo the ruling body of the Episcopal church in the important diocese of Michoacán Covers the entire colonial period The cabildo is analyzed as a collegiate body aware of its historical identity its responsibilities and duties and its relationship with the bishop Traces important nuances in the evolution of this body Sustained by strong archival research this is a commendable history of a key part of the secular church Handbook of Latin American Studies v 58 La Catedral de Morelia Archivo Capitular de Administración Diocesana, Valladolid-Morelia, Oscar Mazín Gómez, Marta Parada, Herón Pérez Martínez, Elena I. Estrada de Gerlero, 1991 Estudios michoacanos Carlos Herrejón Peredo, 1986 Making a New World John Tutino, 2011-08 This history of the political economy social relations and cultural debates that animated Spanish North America from 1500 until 1800 illuminates its centuries of capitalist dynamism and subsequent collapse into revolution **Creating Pátzcuaro, Creating Mexico** Jennifer Jolly, 2018-01-24 LASA Visual Culture Studies Section Book Prize Latin American Studies Association LASA Winner Arthur P Whitaker Prize Middle Atlantic Council of Latin American Studies 2019 In the 1930s the artistic and cultural patronage of celebrated Mexican president Lázaro Cárdenas transformed a small Michoacán city Pátzcuaro into a popular center for national tourism Cárdenas commissioned public monuments and archeological excavations supported new schools libraries and a public theater developed tourism sites and infrastructure including the Museo de Artes e Industrias Populares and hired artists to paint murals celebrating regional history traditions and culture The creation of Pátzcuaro was formative for Mexico not only did it provide an early model for regional economic and cultural development but it also helped establish some of Mexico's most enduring national myths rituals and institutions In *Creating Pátzcuaro* *Creating Mexico* Jennifer Jolly argues that Pátzcuaro became a microcosm of cultural power during the 1930s and that we find the foundations of modern Mexico in its creation Her extensive historical and archival research reveals how Cárdenas and the artists and intellectuals who worked with him used cultural patronage as a guise for radical modernization in the region Jolly demonstrates that the Pátzcuaro project helped define a new modern body politic for Mexico in which the population was asked to emulate Cárdenas by touring the country and seeing and embracing its land history and people Ultimately by offering Mexicans a means to identify and engage with power and privilege the creation of Pátzcuaro placed art and tourism at the center of Mexico's postrevolutionary nation building project Census Records for Latin America and the Hispanic United States Lyman De Platt, 1998 This is the largest and most complete survey of census records available for Latin America and the Hispanic United States The result of exhaustive research in Hispanic archives it contains a listing of approximately 4 000 separate censuses each listed by country and thereunder alphabetically by locality province year and reference locator *Michoacán and Eden* Bernardino Verástique, 2010-01-01 Don Vasco de Quiroga 1470-1565 was the first bishop of Michoacán in Western

Mexico Driven by the desire to convert the native Purh pecha Chichimec peoples to a purified form of Christianity free of the corruptions of European Catholicism he sought to establish New World Edens in Michoac n by congregating the people into pueblo hospital communities where mendicant friars could more easily teach them the fundamental beliefs of Christianity and the values of Spanish culture In this broadly synthetic study Bernardino Ver stique explores Vasco de Quiroga s evangelizing project in its full cultural and historical context He begins by recreating the complex and not wholly incompatible worldviews of the Purh pecha and the Spaniards at the time of their first encounter in 1521 With Quiroga as a focal point Ver stique then traces the uneasy process of assimilation and resistance that occurred on both sides as the Spaniards established political and religious dominance in Michoac n He describes the syncretisms or fusions between Christianity and indigenous beliefs and practices that arose among the Purh pecha and relates these to similar developments in other regions of Mexico Written especially for students and general readers this book demonstrates how cultural and geographical environments influence religious experience while it adds to our understanding of the process of indigenous appropriation of Christian theological concepts in the New World
