El Oficio De Narrar:

El oficio de narrar Marina Mayoral, Germán Gullón, 1990 *Women's Narrative and Film in 20th Century Spain* Kathleen Glenn, 2017-09-25 *Women's Narrative and Film in 20th Century Spain* examines the development of the feminine cultural tradition in Spain and how this tradition reshaped and defined a Spanish national identity. Each chapter focuses on representation of autobiography, alienation and exile, marginality, race, eroticism, political activism and feminism within the ever-changing nationalisms in different regions of Spain. The book describes how concepts of gender and difference shaped the individual, collective and national identities of Spanish women and significantly modified the meaning and representation of female sexuality. *Escribiendo historias* Juan José Hoyos, 2003 ***Escribir la catalanidad*** Stewart King, 2005. This study explores the interaction of language, culture and identity in contemporary Catalonia and rejects the exclusion of Castilian as a language capable of expressing Catalan-ness. This study charting the construction of a Catalan identity from the nineteenth-century cultural renaissance until the present day explores the interaction of language, culture and identity in contemporary Catalonia. Drawing on postcolonial and multicultural literary theories, it argues that Castilian and Catalan language narratives are expressions of the same culture. Through detailed analyses of texts by Terenci Moix, Francisco Candel, Ignasi Riera, Montserrat Roig, Juan Mars, Ramon Pallic and Manuel Vázquez Montalbán, among others, the author demonstrates that such writers share similar preoccupations and points of view and also engage in a complex literary and cultural dialogue that cuts across the established linguistic divisions that characterise cultural politics in Catalonia. The Catalan literary establishment's exclusion of Castilian as a language capable of expressing Catalan-ness is challenged and the author proposes redefining traditional understandings of Catalan literature to take into account texts produced by all members of Catalan society. Stewart King is a lecturer in Hispanic Studies at Monash University, Australia. *El oficio olvidado* Dora Pastoriza de Etchebarne, 1972 *Spanish Women Writers and Spain's Civil War* Maryellen Bieder, Roberta Johnson, 2016-12-01. The Spanish Civil War 1936-1939 pitted conservative forces including the army, the Church, the Falange fascist party, landowners and industrial capitalists against the Republic installed in 1931 and supported by intellectuals, the petite bourgeoisie, many campesinos, farm laborers and the urban proletariat. Provoking heated passions on both sides, the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers. While the literature of the period has been the subject of scholarship, women's literary production has not been studied as a body of work in the same way that literature by men has been and its unique features have not been examined. Addressing this lacuna in literary studies, this volume provides fresh perspectives on well-known women writers as well as less-studied ones whose works take the Spanish Civil War as a theme. The authors represented in this collection reflect a wide range of political positions. Writers such as Maria Zambrano, Merc Rodoreda and Josefina Aldecoa were clearly aligned with the Republic, whereas others including Mercedes Salisachs and Liberata Masoliver sympathized with the Nationalists. Most

however are situated in a more ambiguous political space although the ethics and character portraits that emerge in their works might suggest Republican sympathies Taken together the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history Confessions Of The Letter Closet Patrick Paul Garlinger, Explores the history of the letter as an expression of sexual desire **Working Through Memory** Ofelia Ferrán, 2007 Studies various constructions of memory in contemporary Spanish literature evoking different aspects of a past of repression from both the civil war and the Franco regime This book analyzes narrative texts published between the 1960s and 1990s that present memory and the recuperation of a traumatic past as their main theme Understanding the Discourse of Aging Vicent Salvador, Agnese Sampietro, 2020-11-09 There are a number of books and articles covering particular facets of the topic of aging such as the image of the elderly in the media cinema TV series and commercials and in literature which of course provide useful background material and references However these studies on aging discourse predominantly focus on a single discipline This book adds a fresh perspective by addressing the communicative practices surrounding age aging and the elderly from a multidisciplinary perspective The volume addresses several issues related to the discourse on aging from the problems related to definitions of age to the image of the elderly in literature cinema and mass media and gendered issues surrounding the aging process *El arte de la novela en el post-boom latinoamericano* Alejandro José López, 2023-05-09 Crecimos admirando el Boom Sus autores nos deslumbraron y sus libros fueron le dos con gran inter s en Latinoam rica en los Estados Unidos y en los dem s continentes Aunque aquella sobras maestras de nuestra narrativa iluminaron el panorama literario de la lengua espa ola tambi n es cierto que produjeron un efecto de eclipse sobre otra novel stica escrita simult nea o posteriormente en esta regi n Los narradores del Post boom tuvieron desde el inicio de sus carreras enormes dificultades para legitimarse culturalmente En este libro se indaga dicha problem tica se realiza una contextualizaci n del campo de la novela en nuestro continente durante la segunda mitad del siglo XX **Catalan Women Writers and Artists** Kathryn Everly, 2003 Paul Ilie s theories of internal exile as well as Michel Foucault and Julia Kristeva on the problems of subjectivity guide the readings of the visual and verbal texts BOOK JACKET Pensar y enseñar el periodismo. pretexto para describir una poca capital en la historia de España a la que discurre desde 1936 hasta nuestros días. El autor recrea acontecimientos y personajes que le ayudaron a encontrar a Dios hace más de 40 años cuando conoció la espiritualidad del Opus Dei a cuya Prelatura pertenece. Es un encuentro consigo mismo al tiempo que con diversos personajes que puede ayudar al lector desapasionado a conocer un poco mejor ese fenómeno de nuestro tiempo que es el Opus Dei. Por el libro desfilan los más diversos caracteres desde banqueros como Rafael Termes hasta la egregia figura del Beato Juan Pablo II con los que el autor dialoga con su habitual estilo desenfadado para comunicarnos sus vivencias. Se trata de un libro singular en el que diversas vidas se entrecruzan y el resultado es una realidad profunda pero escrita con el ritmo de una novela de humor y de amor.
