La poesía de Jorge Luis Borges Vicente Cervera Salinas, 1992 The Quest for God in the Work of Borges Annette U. Flynn, 2011-11-03 This book argues that the quest for God though largely unheeded by the critical canon was a major and enduring preoccupation for Borges This is shown through careful analysis both of his essays with their emphasis on his philosophical theological explorations and of the narrative articulations which are his stories It is in the poetry of his middle and closing years however that Borges search is most manifest as it is no longer obscured Spanning different periods of his life and different literary genres Borges work attests to a maturing and evolving quest The book reveals Borges engagement as an active and evolving process and its chronological structure allows the reader to trace his thought over time Flynn shows that the spiritual component in Borges writing drives key texts from the 1920s to the 1980s Offering an interpretation that unlocks a fuller significance of his work she shows how Borges reflections on time and identity are symptomatic of a deeper spiritual searching which can only be answered by a Divine Absolute **Spanish American Poetry After 1950**

Donald Leslie Shaw, 2008 The principal developments in Spanish American poetry in the second half of the twentieth century Providing a basis for understanding the main lines of development of poetry in Spanish America after Vanguardism this volume begins with an overview of the situation at the mid century the later work of Neruda and Borges the emergence of Paz Consideration is then given to the decisive impact of Parra and the rise of colloquial poetry politico social poetry Dalton Cardenal and representative figures such as Orozco Pacheco and Cisneros The aim is to establish a few paths through the largely unmapped jungle of Spanish American poetry in the time period The author emphasises the persistence of a generally negative view of the human condition and the poets exploration of different ways of responding to it These vary from outright scepticism to the ideological the religious or those derived from some degree of confidence in the creative imagination as cognitive At the same time there is analysis of the evolving outlook on poetry of the writers in question both in regard to its

possible social role and in regard to diction DONALD SHAW holds the Brown Forman Chair of Spanish American literature in the University of Virginia

Jorge Luis Borges
Lucas Adur,2025-09-04 Como se escribe una vida La pregunta por las posibilidades y límites de la biografía inquiet al propio Borges Una vida según reflexionaba el escritor consta de una cantidad casi innumerable de hechos Cualquier biografía por extensa que sea implica un recorte una selección por donde empezar qué escenas privilegiar y abordar en detalle cuáles pueden omitirse cómo elegir aquellas que marcan hitos A lo largo de estas páginas el lector encontrará un encantador recorrido por la vida o las vidas de uno de los mayores escritores de la lengua española así como uno de los más interesantes personajes de la literatura del siglo pasado Y es que Borges comprendió muy prontamente que no basta con escribir textos para ser un escritor al menos no la clase de escritor que quiere a ser para renovar la literatura para fundar una mitología criolla para imponer una determinada concepción de la poesía o de la narración necesitaba socios colaboradores amigos y rivales La historia de su existencia pasa pues como lo hace este libro por transitar constantemente de lo privado a lo público de lo oficioso a lo oficial de la persona al personaje y a la inversa
