

#### THE YUKON

The Yukon is the last frontier. It has large deposits of silver, lead, and gold. Its forests of evergreen are magnificent, but the big source of timber in the west Yukon will be soon heavily taxed, for the western two-thirds of the biggest cities in North America.

#### THE GREATEST CLAMS SECTION

The Klondike section separates the Yukon from the Arctic region. This section is North America's greatest big game section today. The coast of the Klondike is covered by mountains. Klondike is a wonderful body building section, with rich forests and some of the best of the Klondike.

The Rights and Wrongs of Land Restitution Derick Fay, Deborah James, 2008-08-18 The Rights and Wrongs of Land Restitution Restoring What Was Ours offers a critical comparative ethnographic examination of land restitution programs Drawing on memories and histories of past dispossession governments NGOs informal movements and individual claimants worldwide have attempted to restore and reclaim rights in land Land restitution programs link the past and the present and may allow former landholders to reclaim lands which provided the basis of earlier identities and livelihoods Addressing the practical and theoretical questions that arise this book offers a critical rethinking of the links between land restitution and property social transition injustice citizenship the state and the market

**The North American Arctic** Dwayne Ryan Menezes, Heather N. Nicol, 2019-11-04 The North American Arctic addresses the emergence of a new security relationship within the North American North It focuses on current and emerging security issues that confront the North American Arctic and that shape relationships between and with neighbouring states Alaska in the US Yukon Northwest Territories and Nunavut in Canada Greenland and Russia Identifying the degree to which domain awareness has redefined the traditional military focus while a new human rights discourse undercuts traditional ways of managing sovereignty and territory the volume s contributors question normative security arrangements Although security itself is not an obsolete concept our understanding of what constitutes real human centred security has become outdated The contributors argue that there are new regionally specific threats originating from a wide range of events and possibilities and very different subjectivities that can be brought to understand the shape of Arctic security and security relationships in the twenty first century

**Mapping Arctic Paradplomacy** Mathieu Landriault, Jean-François Payette, Stéphane Roussel, 2021-07-29 This book analyses the possibilities and limitations that sub national actors face when developing diplomatic activities in the Arctic region Sub national actors such as civil society groups and sub national governments or administrations have been active in international relations for decades They face specific political and economic limitations on the international scene as non sovereign entities This book investigates how these actors have developed their international presence in the Arctic region It analyzes the diplomatic activities of states provinces regional administrations and multilateral forums made of sub national governments to offer comparative insights on the strategies interests and activities of sub national governments Alaska Scotland Quebec Yakutsk and Indigenous People s organizations are among the examples covered in this book that have forged bilateral and multilateral relations to promote and defend their interests and values Moreover sovereign states are often using these sub national actors to further their own interests as exemplified in this book in how Russia and China harnessed the potential of sub national governments to align with their Arctic policies The volume will be useful to academics and graduate students of Arctic politics international relations comparative politics comparative federalism foreign policy and global governance

*An Indigenous Parliament?* Kathrin Wessendorf, 2005 The indigenous peoples of the Arctic have

achieved some of the most comprehensive self government arrangements in the world These are reflected upon in this collection of articles based on discussions between indigenous peoples in Russia and other parts of the Circumpolar North Decision making and political participation are of major concern for indigenous peoples in all parts of the Circumpolar North There are many positive examples of indigenous political institutions land claims and self government agreements in the region and indigenous peoples have recognised that they can learn from each other Over the past decade indigenous peoples in Russia have attempted to gain rights and influence over political decisions concerning their lands and lives In some provinces of the Russian Federation they have achieved a certain level of influence over and an advisory role in political institutions And yet in others they remain voiceless This volume includes a number of articles on the legal situation of indigenous peoples in Russia and on their political participation at federal and provincial level along with case studies from Alaska northern Canada Greenland and S pmi This book was first published jointly by RAIPON and IWGIA in Russian in 2003

The Right Relationship John Borrows, Michael Coyle, 2017-03-17 The relationship between Canada s Indigenous peoples and the Canadian government is one that has increasingly come to the fore Numerous tragic incidents and a legacy of historical negligence combined with more vehement calls for action is forcing a reconsideration of the relationship between the federal government and Indigenous nations In The Right Relationship John Borrows and Michael Coyle bring together a group of renowned scholars both indigenous and non indigenous to cast light on the magnitude of the challenges Canadians face in seeking a consensus on the nature of treaty partnership in the twenty first century The diverse perspectives offered in this volume examine how Indigenous people s own legal and policy frameworks can be used to develop healthier attitudes between First Peoples and settler governments in Canada While considering the existing law of Aboriginal and treaty rights the contributors imagine what these relationships might look like if those involved pursued our highest aspirations as

Canadians and Indigenous peoples This timely and authoritative volume provides answers that will help pave the way toward good governance for all *Claiming Back Their Heritage* Geneviève Susemihl, 2023-10-04 This book provides a unique in depth look at three Indigenous World Heritage sites in Canada and their use for Indigenous empowerment and community development Based on extensive ethnographic field studies and comprehensive narrative interviews it shows how the three First Nation communities presented in the case studies enforce recognition of their collective rights to preserve their cultural heritage and assert their right to political economic cultural and social self determination It also considers the prevailing universalistic discourses around World Heritage and the various ways in which they serve to either reinforce existing oppressive conditions regarding Indigenous communities and voices or provide opportunities to overcome them The book will be of interest to scholars and students working on social and cultural histories histories of colonialism and in heritage and museum studies

**The Churchman** ,1919 **Mining American** ,1905 **AB Bookman's Weekly** ,1989 **Uncle Sam and Us** Stephen Clarkson, 2002-09-28 Between them Brian Mulroney and Jean Chr tien radically altered the structure and functions of the federal government first by signing and implementing major trade liberalization projects and then by cutting back the size of their governments budgets and the scope of their policies Uncle Sam and Us analyzes the Mulroney Chr tien era s impact on Canadian governance through two related factors globalization from without and neoconservatism from within Stephen Clarkson begins his study by conceptualizing the present Canadian state as a five tiered nested system stretching from the municipal and provincial levels through the federal government and on to the new continental and global spheres of governance in effect he argues the North American Free Trade Agreement and the World Trade Organization have added a supraconstitution to Canada s existing institutions His analysis concerns the changes that have occurred not just in the federal government but in provincial and municipal governance as well The impact of globalization and neoconservatism is examined extensively in the second part of Clarkson s study which examines how the functions of the Canadian state have altered Clarkson addresses the changes in a number of policy areas such as macro and monetary policy regulatory industrial and trade policy as well as social labour environmental cultural and foreign policy In linking external forces and internal factors in his analysis Clarkson brings together separate aspects of the Canadian state into a comprehensive understanding of the current Canadian political climate He combines a global knowledge of the international political economy with a micro concern for detailed analyses of policy issues and concludes that the responsibility for Canada s predicament lies less with external forces than with Canadians and the governments they elected He ends with a hopeful look into the future pointing towards a realization of the shortcomings of neoconservative globalization and the expectation of a new governing paradigm
