From Pearl To Gawain Forme To Fynisment:

From Pearl to Gawain Robert J. Blanch, Julian N. Wasserman, 1995 Despite lip service to the proposition that the Pearl manuscript is the product of a single author critics usually treat the four poems as isolated entities The two authors of this work who individually and together have produced a formidable body of research criticism and bibliographic study of this anonymous fourteenth century poet set forth a different thesis They assume not only that the works share a common author but that they are connected and intersect in fundamental ways They begin with the observation that the four Cotton Nero poems taken together extend from Creation to the Apocalypse and then transcendence to the heavenly Jerusalem Comprising the entire scope of History the poems share a Creator whose active intervention in human affairs bespeaks a providential history that is the product of divine Will Beginning with this premise the authors discuss a series of interrelated themes language covenants miracles the iconography of the hand and the role of the intrusive narrator that successively arise from their initial observation Every discussion treats all four poems using each individual work to gloss the others While this study builds on centuries of previous scholarship much of what Blanch and Wassermann explore has never been discussed elsewhere Some of the material in particular their reading of the Green Knight's offer of weapons to Arthur's court and the thematic significance of moral handiwork in the Gawain poems not only breaks new ground but challenges accepted interpretations

Meeting the Foreign in the Middle Ages Albrecht Classen, 2002-04-12 This collection brings together an outstanding group of historical cultural and literary scholars to investigate the complicated nuanced and often surprising union and desire and dread associated with the figure of the foreign Other in the Middle Ages represented variously by Muslims Jews heretics pagans homosexuals lepers monsters and witches Exploring the diverse manifestations of the foreign in medieval literature historical documents religious treatises and art these essays mine the traces of unprecedented encounters in which fascination and fear meet

Manuscript, Narrative, Lexicon Robert Boenig, Kathleen Davis, 2000 Each of these essays considers the convoluted nature of the transmission process in question and reconsiders the historical framework that has informed our own reception of it

BOOK JACKET *The Liminality of Fairies* Piotr Spyra, 2020-05-13 Examining the fairies of medieval romance as liminal beings this book draws on anthropological and philosophical studies of liminality to combine folkloristic insights into the nature of fairies with close readings of selected romance texts Tracing different meanings and manifestations of liminality in Sir Gawain and the Green Knight Sir Orfeo Sir Launfal Thomas of Erceldoune and Robert Henryson's Orpheus and Eurydice the volume offers a comprehensive theory of liminality rooted in structuralist anthropology and poststructuralist theory Arguing that romance fairies both embody and represent the liminal The Liminality of Fairies posits and answers fundamental theoretical questions about the limits of representation and the relationship between romance hermeneutics and criticism The interdisciplinary nature of the argument will appeal not just to medievalists and literary critics but also to anthropologists folklorists as well as scholars working within the fields of cultural

history and contemporary literary theory **A Companion to Popular Apocalypticism in the High and Late Middle Ages** Sally Mayall Brasher, 2025-04-07 The many crises of the high and late Middle Ages in Europe saw a resurgence of interest in apocalypticism and millenarianism Pious Christians who feared the coming judgement day but found the established Church lacking in an adequate response sought out leadership and direction from thinkers who appealed to their lived experience In this volume we examine how this eschatology was interpreted expressed and disseminated in popular culture by a variety of lay religious movements and individuals such as the Order of Apostles Bianchi Guglielmites Wycliffites and Hussites among others The authors here focus on how this creative response to apocalypticism reflected the changing social and political culture of medieval Europeans and is intended to illuminate the active exchange of popular and elite religious culture in the era Contributors include Sally M Brasher Steven A Hackbarth Eleanor Janega Stephen Lahey Richard Landes Alexandra R A Lee Lucie Mazalov Jerry B Pierce and Sergio Sancho Fibla **The Poems of the Pearl Manuscript** Malcolm Andrew, Ronald Waldron, 1982 This third edition of The Poems of the Pearl Manuscript has been newly revised and updated taking account of some of the more important textual and interpretative notes and articles published on the poems since the appearance of the first edition in 1978 **The Epistemological Perspective of the Pearl-Poet** Piotr Spyra, 2016-02-17 Original and engaging this study presents the four anonymous poems found in the Cotton Nero MS Pearl Cleanness Patience and Sir Gawain and the Green Knight as a composite text with a continuous narrative While it is widely accepted that the poems attributed to the Pearl Poet ought to be read together this book demonstrates that instead of being analyzed as four distinct though interconnected textual entities they ought to be studied as a single literary unit that produces meaning through its own intricate internal structure Piotr Spyra defines the epistemological thought of Saint Augustine as an interpretive key which when applied to the composite text of the manuscript reveals a fabric of thematic continuity This book ultimately provides the reader with a clear sense of the poet's perspective on the nature of human knowledge as well as its moral implications and with a deeper understanding of how the poems bring the theological and philosophical problems of the Middle Ages to bear on the individual human experience **Bulletin Bibliographique de la Société Internationale Arthurienne** International Arthurian Society, 2000 **Quoting Speech in Early English** Colette Moore, 2011-02-24 This study of speech representation in English texts from 1350 1600 examines the problems of interpreting discourse in these early works *Approaches to Teaching the Middle English Pearl* Jane Beal, Mark Bradshaw Busbee, 2018-01-01 Offers pedagogical techniques for teaching the Middle English Pearl in the college classroom including considerations of authorship translation poetics J R R Tolkien performance allegory symbolism landscape religion and Sir Gawain and the Green Knight Includes information on editions reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses **Chasing the Pearl-Manuscript** Arthur Bahr, 2025-03-11 A unique study of the only physical manuscript containing Sir Gawain and the Green Knight as both a material and literary object In

this book Arthur Bahr takes a fresh look at the four poems and twelve illustrations of the so called Pearl Manuscript the only surviving medieval copy of two of the best known Middle English poems Pearl and Sir Gawain and the Green Knight In Chasing the Pearl Manuscript Bahr explores how the physical manuscript itself enhances our perception of the poetry drawing on recent technological advances such as spectroscopic analysis to show the Pearl Manuscript to be a more complex piece of material visual and textual art than previously understood By connecting the manuscript s construction to the intricate language in the texts Bahr suggests new ways to understand both what poetry is and what poetry can do

Language and imagination in the Gawain poems J. J. Anderson, 2021-01-19 This major new literary study offers a fresh view of the significance of the famous group of fourteenth century poems Pearl Cleanness Patience and Sir Gawain and the Green Knight It is a comprehensive study which puts the poems themselves firmly at its centre though it is always alert to relevant aspects of their literary and cultural context John Anderson builds his discussions of the poems ideas on an examination of the anonymous poet s superb Shakespeare like language He finds that the great fourteenth century struggle between religious and secular forces for control of men s minds underlies all the poems This title is the first in the new Manchester Medieval Literature series which makes readability a priority Accordingly despite its wide range of reference and the radicalism of some of its leading ideas this book is written in a jargon free style designed to appeal to specialist non specialist and student readers alike

Time and the Astrolabe in the Canterbury Tales Marijane Osborn, 2002 Marijane Osborn demonstrates that Chaucer structured the Canterbury Tales after the astrolabe an Arabic Islamic time keeping device Chaucer s fascination with this device also accounts for the sense of time and astronomy in the Tales

Romancing the Goddess Marijane Osborn, 1998 Take three exciting medieval romances translate them two for the first time into modern English verse and you ll have only part of Marijane Osborn s Romancing the Goddess Osborn introduces and translates the three tales all dealing with women cast adrift upon the northern and Mediterranean seas then shows how the stories forge a hitherto missing link with worship of a savior goddess in the distant past

Transporting Chaucer Helen Barr, 2015-11-01 This book draws on the work of the British sculptor Antony Gormley alongside more traditional literary scholarship to argue for new relationships between Chaucer s poetry and works by others Chaucer s playfulness with textual history and chronology anticipates how his own work is figured in later and earlier texts Conventional models of source and analogue study are re energised to reveal unexpected and sometimes unsettling literary cohabitations and re placements The author presents innovative readings of relationships between medieval texts and early modern drama and between literary texts and material culture Associations between medieval architecture pilgrim practice manuscript illustration and the soundscapes of dramatic performance reposition how we read Chaucer s oeuvre and what gets made of it An invaluable resource for scholars and students of all levels with an interest in medieval English literary studies and early modern drama Transporting Chaucer offers a new approach to how we encounter texts through time

Debate and Dialogue Emma Cayley, 2006-09-28 Alain

Chartier was one of medieval France's most influential writers but has been overlooked by modern criticism. This is the first full-length study of his work in its cultural context. It reconsiders the French verse debates in particular based on their material context of transmission and on similarities with his French and Latin prose works. **The Surgeon in Medieval English Literature** J. Citrome, 2016-04-30 Jeremy Citrome employs the language of contemporary psychoanalysis to explain how surgical metaphors became an important tool of ecclesiastical power in the wake of the Fourth Lateran Council of 1215. Pastoral, theological, recreational, and medical writings are among the texts discussed in this wide-ranging study.

Arthurian Writers Laura Lambdin, Robert Thomas Lambdin, 2007-11-30 King Arthur is perhaps the central figure of the medieval world, and the lore of Camelot has captivated literary imaginations from the Middle Ages to the present. Bowers, 2021-08-01 In *An Introduction to the Gawain Poet*, John Bowers surveys an expanded selection of the works of Chaucer's anonymous contemporary, considering *Sir Gawain and the Green Knight* alongside the poet's lesser-known but no less brilliant works. In addition to his succinct introductions and plot summaries, Bowers skillfully details the cultural, historical, political, and religious contexts for these works, synthesizing them with close reading of selected passages. Perhaps his most exciting contribution to the field is his choice to historicize the poet's life and works in the context of the royal culture of King Richard II, boldly contending that it was highly possible the *Gawain Poet* was a frequent visitor to Richard's court in London. The final chapter surveys the works influenced by, as well as the influences reflected in, the poet's work, from the Bible to *The Lord of the Rings*. The attention Bowers pays to the critical tradition that has developed around these texts over the past hundred years makes *An Introduction to the Gawain Poet* an ideal volume for both undergraduate students and

scholars of the Gawain Poet Bowers has marshaled his formidable skills to create a book impressive in its balanced combination of breadth and depth **Adapting the Arthurian Legends for Children** Barbara Tapa Lupack, 2004-01-02

For centuries the Arthurian legends have fascinated and inspired countless writers artists and readers many of whom first became acquainted with the story as youngsters From the numerous retellings of Malory and versions of Tennyson for young people to the host of illustrated volumes to which the Arthurian Revival gave rise From the Arthurian youth groups for boys and eventually for girls run by schools and churches to the school operas theater pieces and other entertainment for younger audiences and from the Arthurian juvenile fiction sequences and series to the films and television shows featuring Arthurian characters children have learned about the world of King Arthur and his Knights of the Round Table
