Interactive Fictions Yael Halevi-Wise, 2003-09-30 Arguing that genre must play a role in our study of narrative fiction this tour of the novel examines interactive storytelling scenes in which characters argue about how to tell a tale that meets their respective social and aesthetic expectations Through intense readings of interactive storytelling scenes in works spanning the 17th through 20th centuries Halevi Wise demonstrates how dramatized arguments about storytelling open a window on social and generic dilemmas affecting the narrative of each novel at the time of its composition Examined in detail are Cervantes Don Quixote Sterne s Tristram Shandy Austen s Northanger Abbey Dickens s Little Dorrit Conrad s Lord Jim Yehoshua s Mr Mani and Esquivel s I Like Water for Chocolate Redressing an imbalance between sociological approaches that displace aesthetic considerations and aesthetic analyses that bracket cultural phenomena the author shows why both genre and culture must be taken into account when we analyze the formation and reception of a narrative Each interactive storytelling event illustrates how social and aesthetic interests compete and reinvent themselves within their framing texts and those texts respective national and historical contexts Just as social interactions cannot be indefinitely displaced in the study of narrative fiction genre cannot be ignored in the study of identity

**Romance, Diaspora, and Black Atlantic Literature** Yogita Goyal, 2010-04-22 Romance Diaspora and Black Atlantic Literature offers a rich interdisciplinary treatment of modern black literature and cultural history showing how debates over Africa in the works of major black writers generated productive models for imagining political agency Yogita Goyal analyzes the tensions between romance and realism in the literature of the African diaspora examining a remarkably diverse group of twentieth century authors including W E B Du Bois Chinua Achebe Richard Wright Ama Ata Aidoo and Caryl Phillips Shifting the center of black diaspora studies by considering Africa as constitutive of black modernity rather than its forgotten past Goyal argues that it is through the figure of romance that the possibility of diaspora is imagined across time and space Drawing on literature political history and postcolonial theory this significant addition to the cross cultural study of literatures will be of interest to scholars of African American studies African studies and American literary studies

*Subversive Seduction* Travis Landry, 2013-01-10 Male male rivalry and female passive choice the two principal tenets of Darwinian sexual selection raise important ethical questions in *The Descent of Man* and in the decades since about the subjugation of women If female choice is a key component of evolutionary success what impact does the constraint of women's choices have on society The elaborate courtship plots of 19th century Spanish novels with their fixation on suitors and selectors rivalry and seduction were attempts to grapple with the question of female agency in a patriarchal society By reading Darwin through the lens of the Spanish realist novel and vice versa Travis Landry brings new insights to our

understanding of both while Darwin's theories have often been seen as biologically deterministic Landry asserts that Darwin's theory of sexual selection was characterized by an open ended dynamic whose oxymoronic emphasis on passive female choice carries the potential for revolutionary change in the status of women Modernizing George Eliot K.M.

Newton,2011-12-08 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) George Eliot's work has been subject to a wide range of critical questioning most of which relates her substantially to a Victorian context and intellectual framework This book examines the ways in which her work anticipates significant aspects of writing in the twentieth and indeed twenty first century in regard to both art and philosophy This new book presents a series of linked essays exploring Eliot's credentials as a radical thinker Opening with her relationship to the Romantic tradition Newton goes on to discuss her reading of Darwinism her radical critique of Victorian values and her affiliation with the modernists The final essays discuss her work in relation to Derridean themes and to Bernard Williams concept of moral luck What emerges is a very different Eliot from the conservative figure portrayed in much critical literature *A Female Poetics of Empire* Julia Kuehn,2013-10-30

Many well known male writers produced fictions about colonial spaces and discussed the advantages of realism over romance and vice versa in the art of fiction debate of the 1880s but how did female writers contribute to colonial fiction This volume links fictional non fictional and pictorial representations of a colonial otherness with the late nineteenth century artistic concerns about representational conventions and possibilities The author explores these texts and images through the postcolonial framework of exoticism arguing that the epistemological dilemma of a self encountering an other results in the interrelated predicament to find poetic modalities mimetic realistic and documentary on the one hand romantic fantastic and picturesque on the other that befit an exotic representation Thus women writers did not only participate in the making of colonial fictions but also in the late nineteenth century artistic debate about the nature of fiction This book maps the epistemological concerns of exoticism and of difference self and other home and away familiarity and strangeness onto the representational modes of realism and romance The author focuses exclusively on female novelists travel writers and painters of the turn of the century exotic and especially on neglected authors of academically under researched genres such as the bestselling novel and the travelogue

**Outlines of English and American Literature** William Joseph Long,1917 *The Novel Art* Mark McGurl,2020-06-30 Once upon a time there were good American novels and bad ones but none was thought of as a work of art The Novel Art tells the story of how beginning with Henry James this began to change Examining the late nineteenth century movement to elevate the status of the novel its sources paradoxes and reverberations into the twentieth century Mark McGurl presents a more coherent and wide ranging account of the development of American modernist fiction than ever before Moving deftly from James to Stephen Crane Edith Wharton Gertrude Stein William Faulkner Dashiell Hammett and Djuna Barnes among others McGurl argues that what unifies this diverse group of ambitious writers is their agonized relation to a middling genre

rarely included in discussions of the fine arts He concludes that the new product despite its authors desire to distinguish it from popular forms never quite forsook the intimacy the genre had long cultivated with the common reader Indeed the art novel sought status within the mass market and among its prime strategies was a promotion of the mind as a source of value in an economy increasingly dependent on mental labor McGurl also shows how modernism's obsessive interest in simple mindedness revealed a continued concern with the masses even as it attempted to use this simplicity to produce a heightened sophistication of form Masterfully argued and set in elegant prose *The Novel Art* provides a rich new understanding of the fascinating road the American novel has taken from being an artless enterprise to an aesthetic one *Charlotte Brontë from the Beginnings* Judith E. Pike, Lucy Morrison, 2016-09-19 Composed of serialized works poems short tales and novellas Charlotte Brontë's juvenilia merit serious scholarly attention as revelatory works in and of themselves as well as for what they tell us about the development of Brontë as a writer This timely collection attends to both critical strands positioning Brontë as an author whose career encompassed the Romantic and Victorian eras and delving into the developing nineteenth century's literary concerns as well as the growth of the writer's mind As the contributors show Brontë's authorship took shape among the pages of her juvenilia as figures from Brontë's childhood experience of the world such as Wellington and Napoleon transmuted to her fictional pages while her siblings' works and worlds both overlapped with and extended beyond her own

*Literary Modernism and Beyond* Richard Lehan, 2012-01-09 Lehan has further widened his scope and deepened his insights with a sweeping study of modernism and postmodernism *Literary Modernism* provides an indispensable overview of literary creation and criticism over the past one hundred plus years It is an engrossing read as well as a useful research tool its index directing the reader to enlightening looks at particular writers and concepts in the context of their time and its tendencies *Studies in American Naturalism* In *Literary Modernism and Beyond* Richard Lehan tracks the evolution of modernism from its emergence in the late nineteenth century to its recent incarnations In his wide ranging study Lehan demonstrates how and why the originary vision of modernism changed radically after it gained prominence With critical discussions on a variety of modernist writers intellectuals and artists and their works including Virginia Woolf Gertrude Stein T S Eliot Wallace Stevens André Gide Franz Kafka Zora Neale Hurston Ian Fleming and J K Rowling Lehan examines the large scale changes that came about as critical authority moved from one generation to another **Selected Passages from the**

**Works of Bernard Shaw** Bernard Shaw, 1912 *Robert Louis Stevenson, Science, and the Fin de Siècle* J. Reid, 2006-06-28 In this fascinating book Reid examines Robert Louis Stevenson's writings in the context of late Victorian evolutionist thought arguing that an interest in primitive life is at the heart of his work She investigates a wide range of Stevenson's writing including Dr Jekyll and Mr Hyde and *Treasure Island* as well as previously unpublished material from the Stevenson archive at Yale Reid's interpretation offers a new way of understanding the relationship between his Scottish and South Seas work Her analysis of Stevenson's engagement with anthropological and psychological debate also illuminates the dynamic
