model as a vital tool to amplify effective listening in coaching practice Accessible and applicable the book explores the three listening modalities of Head Heart and Hands as active though largely unconscious lenses that inform the potency of our listening Dakin Neal argues that once coaches identify how they listen they can assist their clients in more targeted ways to positively impact their personal and professional lives Chapters are divided into the three listening modalities Head Heart and Hands and are filled with case studies stories reflective questions and exercises from the author s experience to help coaches strengthen their listening skills The book also includes a comprehensive listening assessment for coaches to use in practice This book is essential reading for coaches in practice and in training as well as organizational psychologists HR professionals and those working within corporations Hamlet William Shakespeare,1877 *Head, Heart and Hara* Peter Wilberg,2003 An ancient Daoist saying tells us When you are sick do not seek a cure Find your centre and you will be healed The centre it refers to is located deep in the sensed interiority of our belly that abode of the soul known in Japanese as hara Depression a word with no equivalent in Japanese is in essence a lack of hara With hara awareness we not only recontact our own innermost soul depths and soul centre We learn to make contact with others from that centre to experience true intimacy of soul Hara awareness is both an alternative to medical and psychiatric cures and the basis for a genuinely psychological medicine an anatomy of the soul body Head Heart and Hara contrasts the head and heart centred culture of the West with the hara culture of Japan It also shows how hara awareness can unite the primordial wisdom of both East and West Peter Wilberg brings together the dao of Lao Tse and the logos of Heraclitus in a new spiritual anatomy of the soul and its body **Heart** ,1926 Missouri School Journal ,1925 Herald of Gospel Liberty Elias Smith,1903 **A Complete Pronouncing Medical Dictionary** Joseph Thomas,1893 *The Heart of Northern Wales* W.
