## **From The Margins Of Globalization Critical Perspectives On Human Rights:**

From the Margins of Globalization Neve Gordon, 2004-01-01 In *From the Margins of Globalization* Neve Gordon assembles work from leading intellectuals and activists in the field of human rights. Each essay in this volume discusses a community or issue left adrift in the wake of global capitalism. Whether it is Mohammad Khatami writing on the United Nations and its role after 9/11 or Ytienne Balibar thinking through universalism, racism and sexism, this book comprises a core challenge to human rights by focusing on what lies beyond the margins of a world in constant flux. **Critical Perspectives on Human Rights** Birgit Schippers, 2018-09-25 *Critical Perspectives on Human Rights* provides cutting edge interventions into contemporary perspectives on rights, ethics and global justice. The chapters written by leading scholars in the field make a significant and timely contribution to critical human rights scholarship by interrogating the significance of human rights for critical theory and practice. While the contributions engage sensitively yet thoroughly with the regulatory, disciplinary and exclusionary effects of human rights, they do so without giving up on the transformative potential of human rights. By thinking productively through the exclusions, paradoxes and aporias of human rights, *Critical Perspectives on Human Rights* is a key reference text for students and scholars in this important area of inquiry. **The Sociology of Human Rights** Mark Frezzo, 2014-12-23 Long the arena of philosophers, legal scholars and political scientists, the interdisciplinary study of human rights has recently seen an influx of sociologists. Why is this so and how do sociologists contribute to our understanding of human rights in the contemporary world? In this landmark new text, Mark Frezzo explores the sociological perspective on human rights, which he shows to be uniquely placed to illuminate the economic, political, social and cultural conditions under which human rights norms and laws are devised, interpreted, implemented and enforced. Sociologists treat human rights not as immutable attributes but as highly contested claims that vary across historical time and geographic space and investigate how human rights can serve either to empower or to constrain social actors from large societies to small communities and identity groups. Frezzo guides readers through the scholarly, pedagogical and practical applications of a sociological view of major debates such as foundationalism vs social constructionism, universalism vs particularism, globalism vs localism and collective vs individual rights. This cutting edge text will appeal to students of sociology, political science, law, development and social movements and all interested in the nature, scope and applicability of human rights in the twenty-first century. Human Rights and the Arts Lily Cho, Susan J. Henders, 2014-10-23 *Human Rights and the Arts: Perspectives on Global Asia* approaches human rights issues from the perspective of artists and writers in global Asia. By focusing on the interventions of writers, artists, filmmakers and dramatists, the book moves toward a new understanding of human rights that shifts the discussion of contexts and subjects away from the binaries of cultural relativism and political sovereignty. From Ai Wei Wei and Michael Ondaatje to Umar Kayam, Saryang Kim, Lia Zixin and Noor Zaheer, among others, this volume takes its lead from global Asian artists, powerfully re-orienting thinking about human rights.

subjects and contexts to include the physical spiritual social ecological cultural and the transnational Looking at a range of work from Tibet Indonesia Sri Lanka India China Bangladesh Japan Korea Vietnam and Macau as well as Asian diasporic communities this book puts forward an understanding of global Asia that underscores Asia as a global site It also highlights the continuing importance of nation states and specific geographical entities while stressing the ways that the human rights subject breaks out of these boundaries Many of these works are included in the companion volume Human Rights and the Arts in Global Asia An Anthology also published by Lexington Books

***Anti-Impunity and the Human Rights Agenda*** Karen Engle, Zinaida Miller, D. M. Davis, 2016-12-15 In the twenty first century fighting impunity has become both the rallying cry and a metric of progress for human rights The new emphasis on criminal prosecution represents a fundamental change in the positions and priorities of students and practitioners of human rights and transitional justice it has become almost unquestionable common sense that criminal punishment is a legal political and pragmatic imperative for addressing human rights violations This book challenges that common sense It does so by documenting and critically analyzing the trend toward an anti impunity norm in a variety of institutional and geographical contexts with an eye toward the interaction between practices at the global and local levels Together the chapters demonstrate how this laser focus on anti impunity has created blind spots in practice and in scholarship that result in a constricted response to human rights violations a narrowed conception of justice and an impoverished approach to peace

**Seven Management Moralities** T. Klikauer, 2012-09-18 For the first time Seven Management Moralities delivers a comprehensive overview of all forms of moral and immoral behaviour displayed by management Utilising Kohlberg s ascending scale of seven moralities the book includes the ethics of Aristotle Kant Utilitarianism Bauman Habermas and Singer

***Civilizational Dialogue and Political Thought*** Fred Reinhard Dallmayr, Abbas Manoochehri, 2007-01-01 Civilizational Dialogue and Political Thought collects the ideas of Islamic and Western scholars who believe that the need is strong for a peaceful global agenda of dialogue among civilizations as has been proposed by Mohammed Khatami former president of Iran

**Refugees and Rights** Mary Crock, 2017-05-15 Forced migration is both as ancient as human life on earth and a relatively new subject of interest for human rights scholars This volume continues the discussion from Migrants and Rights to focus attention on refugees victims of trafficking and others who cross borders seeking protection from anthropogenic or natural disasters The opening essays provide historical and conceptual overviews of rights to freedom of movement and asylum and links between human rights and refugee law Articles on the principle of non refoulement in international law explore the occasional disjuncture between the individual s right to protection and the State s rights to protect its national interests The refugee s rights to due process and the substance of entitlements at law are explored in essays that range across administrative processes social and cultural rights including family reunion detention and the right of return There follow four essays that address sexual orientation and refugee rights refugees and disability rights human rights and persons displaced by climate change disasters and the rights of victims of

human trafficking The volume concludes with work reflecting on the rights discourse outside of traditional Western theatres These cover Africa Kenya India South America Brazil and the Asia Pacific Indonesia and Papua New Guinea

**Mobilizing for Human Rights** Beth A. Simmons, 2009-10-29 Beth Simmons demonstrates through a combination of statistical analysis and case studies that the ratification of treaties generally leads to better human rights practices She argues that international human rights law should get more practical and rhetorical support from the international community as a supplement to broader efforts to address conflict development and democratization

**The Impact of High-Speed Railway Development on Regional Spatial Structure in China** Yunyun Wang, 2025-03-02 Using the theoretical framework of new economic geography and the research methods of GIS and econometrics this book analyzes the impact of high speed railway development on China's economic distribution population mobility and regional integration The development of high speed railway has subverted the traditional mode of transportation greatly shortened the time and space distance between cities and people's travel patterns employment choices and production behaviors have undergone profound changes accordingly which has had an increasing impact on economic and social development The findings of this book have important theoretical and practical significance for China's transportation infrastructure construction and regional spatial development The book is intended for researchers in urban planning economics geography and readers interested in regional spatial development in China

**A New Perspective on Human Mobility in the South** Rudolf Anich, Jonathan Crush, Susanne Melde, John O. Ouch, 2014-07-22 This book offers innovative insights on South South human mobility It features a collection of papers that highlight often overlooked mobility patterns among and within regions in the global South as well as address critical realities faced by South South migrants This publication thoroughly investigates key issues of the migration debate spanning from the terminological and contextual meaning of migration and development It also critically examines some of the key features that human mobility in the global South is characterized by including the prevalence of intra regional and labor mobility the role of diasporas communities in developing countries South South remittances patterns the influence of environmental factors on the decision to migrate and the rising number of child migrants By carefully moving the lens from the frequently examined South North and North North movements to human mobility within the Southern regions of the world this book questions the traditional conception of the migration paradigm It offers knowledge and insights that will help to expand the debate as well as stimulate further research on this important topic and hopefully promote future activities aimed at the protection of migrants and their families living in the South As a result it is an ideal resource for migration scholars policy makers and development practitioners

**Transnational Crime and Human Rights** Susan Kneebone, Julie Debeljak, 2012-08-06 Transnational Crime and Human Rights offers an evaluation of the responses to the transnational crime of human trafficking and governance of the issue through a case study of the Greater Mekong Subregion GMS which comprises Cambodia the People's Republic of China Lao People's Democratic Republic Myanmar

Thailand and Viet Nam The book analyses the international and national legal policy frameworks and the role of governments international and national non governmental institutions and regional processes in responding to trafficking issues in the GMS The book is based on the findings of a three year study conducted in the region involving interviews with more than 60 individuals from relevant organizations and agencies and examines the social political and historical factors including gender and age labour exploitation and migration which form the background to human trafficking in the GMS The authors consider issues of competing mandates and gaps in strategies for protection and conclude with a discussion of broader lessons to be learned from the GMS situation and suggestions for future governance strategies in the fight against trafficking

*The Times and Temporalities of International Human Rights Law* Kathryn McNeilly, Ben Warwick, 2022-02-24 This collection brings together a range of international contributors to stimulate discussions on time and international human rights law a topic that has been given little attention to date The book explores how time and its diverse forms can be understood to operate on and in this area of law how time manifests in the theory and practice of human rights law internationally and how specific areas of human rights can be understood via temporal analyses A range of temporal ideas and their connection to this area of law are investigated These include collective memory ideas of past present and future emergency time the times of environmental change linearity and non linearity multiplicitous time and the connections between time and space or materiality Rather than a purely abstract or theoretical endeavour this dedicated attention to the times and temporalities of international human rights law will assist in better understanding this law its development and its operation in the present What emerges from the collection is a future or more precisely futures for time as a vehicle of analysis for those working within human rights law internationally

**Cosmopolitan Political Thought** Farah Godrej, 2011-10-05 Cosmopolitan Political Thought asks the question of what it might mean for the very practices of political theorizing to be cosmopolitan It suggests that such a vision of political theory is intimately linked to methodological questions about what is commonly called comparative political theory namely the turn beyond ideas and modes of inquiry determined by traditional Western scholarship It is therefore an argument for applying the idea of cosmopolitanism understood in a particular way to the discipline of political theory itself

Postcolonialism and Political Theory Nalini Persram, 2008-01-01 Postcolonialism and Political Theory explores the intersection between the political and the postcolonial through an engagement with critique of and challenge to some of the prevalent restrictive tenets and frameworks of Western political and social thought It is a response to the call by postcolonial studies as well as to the urgent need within world politics to turn towards a multiplicity largely excluded from globally dominant discourses of community subjectivity power and prosperity constituted by otherness radical alterity or subordination to the newly reconsolidated West The book offers a diverse range of essays that re examine and open the boundaries of political and cultural modernity's historical domain that look at how the racialized and gendered and cultured subject visualizes the social from elsewhere that critique the limits of postcolonial theory and its

claim to celebrate diversity and that complicate the notion of postcolonial politics within settler societies that continue to practice exile of the indigenous Postcolonialism and Political Theory is an ideal book for graduate and advanced undergraduate level study and for those working both disciplinarily and interdisciplinarily both inside and outside academia

**Human Rights in Our Own Backyard** William T. Armaline, Davita Silfen Glasberg, Bandana Purkayastha, 2011 Human Rights in Our Own Backyard focuses on the state of human rights and responses to human rights issues in the United States drawing on sociological literature and perspectives to interrogate assumptions of American exceptionalism *Philosophy of Human Rights* Anat Biletzki, 2019-11-05 An introductory text to the philosophy of human rights this book provides an innovative systematic study of the concepts ideas and theories of human rights It examines the principal philosophical issues that arise in specific areas of rights such as women s rights minority rights or disability rights and addresses the human rights aspects of world problems such as global poverty and humanitarian intervention Along with the presentation of these established subjects the book provides a vibrant critique of both the liberal fundamentals of human rights and the legal and political aspects of the concrete practice by individuals and organizations Key Features Presents a thorough philosophical introduction to human rights for anyone from any subject e g international law politics public policy philosophy While grounded in philosophy demonstrates a clear organized understanding of real world aspects of the field with a deep analysis of vital current issues Is attentive to critical stances on human rights and to stultifying privations in the field Offers a well organized overall structure moving from historical treatment to conceptual analysis to a set of current issues and finally to criticism Human Rights Judith Blau, Alberto Moncada, 2015-12-03 In an era of globalization and greater connectivity human rights have come to the fore Human rights depend on treaties but also increasingly on local and national laws and grassroots activism The authors provide a basic introduction to human rights and they unveil long standing yet intensifying obstacles to attaining them most notably the opposing logics of capitalism and of solidarity and collective struggles They suggest ways to overcome these contradictions and create greater participation by the U S in the international community

**International Human Rights** Jack Donnelly, 2012-07-22 International Human Rights examines the ways in which states and other international actors have addressed human rights since the end of World War II This unique textbook features substantial attention to theory history international and regional institutions and the role of transnational actors in the protection and promotion of human rights Its purpose is to explore the difficult and contentious politics of human rights and how those political dimensions have been addressed at the national regional and especially international levels The fifth edition is substantially updated rewritten and revised throughout including updates on multilateral institutions especially the UN s Universal Periodic Review process and the Human Rights Council s Special Procedures mechanisms regional systems human rights in foreign policy including a specific chapter on U S foreign policy humanitarian intervention and the responsibility to protect and anti terrorism and human rights The book also includes a new chapter on the unity indivisibility

of human rights Chapters include discussion questions case studies for in depth examination of topics including new case studies on the U N Special Procedures Myanmar and Israeli settlements in West Bank Palestine and ten problems including new entries on the war in Syria and hierarchies between human rights tailored to promote classroom discussion      **Writing Human Rights** Crystal Parikh, 2017-10-17 The legal texts and aspirational ideals of human rights are usually understood and applied in a global context with little bearing on the legal discourse domestic political struggles or social justice concerns within the United States In Writing Human Rights Crystal Parikh uses the international human rights regime to read works by contemporary American writers of color Toni Morrison Chang rae Lee Ana Castillo Aimee Phan and others to explore the conditions under which new norms more capacious formulations of rights and alternative kinds of political communities emerge Parikh contends that unlike humanitarianism which views its objects as victims human rights provide avenues for the creation of political subjects Pairing the ethical deliberations in such works as Beloved and A Gesture Life with human rights texts like the United Nations Convention Against Torture she considers why principles articulated as rights in international conventions and treaties such as the right to self determination or the right to family are too often disregarded at home Human rights concepts instead provide writers of color with a deeply meaningful method for political and moral imagining in their literature Affiliating transnational works of American literature with decolonization socialist and other political struggles in the global south this book illuminates a human rights critique of idealized American rights and freedoms that have been globalized in the twenty first century In the absence of domestic human rights enforcement these literatures provide a considerable repository for those ways of life and subjects of rights made otherwise impossible in the present antidemocratic moment
