Visual Search 2 A.G. Gale, K. Carr, D. Brogan, 2003-09-02 The concept of visual search embraces a wide range of processing activities from human cognitive phenomena to applied problems for both human and machine vision in industrial medical and military environments This book the second to be derived from the series of international conferences on visual search organized under the auspices of the Applied Vision Association brings together research from a variety of disciplines enabling the reader to share experiences at the cutting edge accessing knowledge which might otherwise be locked away in specialist journals or grey literature

Eye Tracking Methodology: Theory and Practice Andrew Duchowski, 2013-03-14 The scope of the book falls within a fairly narrow Human Computer Interaction domain i.e. describing a particular input modality however it spans a broad range of interdisciplinary research and application topics There are at least three domains that stand to benefit from eye tracking research visual perception human computer interaction and computer graphics The amalgamation of these topics forms a symbiotic relationship Graphical techniques provide a means of generating rich sets of visual stimuli ranging from 2D imagery to 3D immersive virtual worlds while research exploring visual attention and perception in turn influences the generation of artificial scenes and worlds Applications derived from these disciplines create a powerful Human Computer Interaction modality namely interaction based on knowledge of the user's gaze Recent advancements in eye tracking technology specifically the availability of cheaper faster more accurate and easier to use trackers have inspired increased eye movement and eye tracking research efforts However although eye trackers offer a uniquely objective view of overt human visual and attentional processes eye trackers have not yet gained widespread use beyond work conducted at various research laboratories This lack of acceptance is due in part to two reasons first the use of an eye tracker in an applied experimental setting is not a widely taught subject Hence there is a need for a book that may help in providing training

Eye Movements Roger PG van Gompel, 2007-03-27 Eye movement recording has become the method of choice in a wide variety of disciplines investigating how the mind and brain work This volume brings together recent high quality eye movement research from many different disciplines and in doing so presents a comprehensive overview of the state of the art in eye movement research Sections include the history of eye movement research physiological and clinical studies of eye movements transsaccadic integration computational modelling of eye movements reading spoken language processing attention and scene perception and eye movements in natural environments Includes recent research from a variety of disciplines Divided into sections based on topic areas with an overview chapter beginning each section Through the study of eye movements we can learn about the human mind and eye movement recording has become the method of choice in many disciplines

Roger Grant,1993 **The Search** Shaheen Akhtar,2012-06-25 A quarter century after the war that was meant to bring liberation to Bangladesh Mukti a young researcher comes into Mariam s life armed with a set of questions that have no easy answers How did Mariam and women like her Biranganas the raped women touted as the new nation s honour but treated quite otherwise by their families and society survive the war Why did Mariam send her young brother away but stay on herself in Dhaka as the city became increasingly unsafe How did the Pakistani army deal with the women they found in homes in offices in colleges Did the Muktijoddhas the freedom fighters protect their women For Mariam these questions are almost irrelevant Instead she is haunted by different demons she tried so hard to save Montu yet the war swallowed him up even before he could fully understand its meaning How did this happen What happened to the men in her life Jashimul Haque Abed Jahangir Ishtiaque I and II where did they all go What does freedom and independence mean Is there any place for her and women like her in the new nation Shaheen Akhtar s mesmerizing and moving novel set against the background of the Bangladesh war of independence skilfully explores the violence done to women their courage and heartbreak their search for love and their betrayal Akhtar s is one of the younger voices to explore this hitherto hidden dimension of the history of Bangladesh The Search Taalash was awarded the Prothom Alo Literary Prize in Bangladesh in 2004 Published by Zubaan Euphoria Connie Gault,2009-09 A bond between a young girl and an abandoned baby encompasses eastern and western Canada from 1890s Toronto to the Regina Cyclone A historical novel that chronicles the life of Gladdie McConnell and her seemingly mysterious connection to Orillia Cooper The importance of sex of love of mothers and daughters all are themes running through this novel The nurturing and love from our mothers be it traditional or not is paramount to real survival The opening prologue set in Toronto in the late 1880 s connects Gladdie to Orillia in a way she didn t think possible When Gladdie a Toronto boarding house servant makes a promise to an abandoned day old child in 1891 she means to keep it A host of obstacles including her station in life a determined adoptive family and half a continent of distance isn t going to stop her Schooled in adversity and red headed like all the best indomitable heroines she knows how to persevere The twists and turns of Gladdie s helpmate life lead her to the summer of 1912 when twenty year old Orillia Cooper wakes up from surgery after being struck down by the Regina Cyclone It has taken a tornado and a devastating injury to Orillia to bring them back together because Orillia is that same child However she has no idea who Gladdie McConnell really is she s just a friend when she is in need of one An engaging cast of characters inhabits Euphoria bringing both eastern and western Canada at the turn of the 20th century to vivid life This beguiling novel with its quiet intelligence wit and comedy of errors is about the stories we want to believe in and more importantly about the value that may exist in wishes that don t come true **National Search and Rescue Manual** ,1986 **National Search and Rescue Manual: National search and rescue system** ,1986 **In Search of Monsters** Josh Covington,2009-11-17
