From Time Immemorial:

From Time Immemorial Joan Peters,1985 This book is a study of the basic reasons for the Arab Jewish feud and supports the author's thesis that the displacement of hundreds of thousands of Arabs who had lived in what became Israel in 1948 is not the reason for the conflict which has now been going on for years **Image and Reality of the Israel-Palestine**

Conflict Norman G. Finkelstein,2003-05-17 A new edition by the author of the international bestseller *The Holocaust Industry* Blaming the Victims Edward W. Said,Christopher Hitchens,2001-09-17 *Blaming The Victims* demonstrates with cold precision how the denial of truth about Palestinians by the governments and the media has led to the current impasse in Middle East politics Controversial forceful and honest it attempts to redress a crime against historical truth to make a more rational future possible Constitutional History of the American Revolution John Phillip Reid,1995 Designed for use in courses this abridged edition of the four volume *Constitutional History of the American Revolution* demonstrates how significant constitutional disputes were in instigating the American Revolution John Phillip Reid addresses the central constitutional issues that divided the American colonists from their English legislators the authority to tax the authority to legislate the security of rights the nature of law the foundation of constitutional government in custom and contractarian theory and the search for a constitutional settlement Reid's distinctive analysis discusses the irreconcilable nature of this conflict irreconcilable not because leaders in politics on both sides did not desire a solution but because the dynamics of constitutional law impeded a solution that permitted the colonies to remain part of the dominions of George III A Lasting Peace Jonathan Bernis,2019-01-08 The crisis in the Middle East is not a political issue It's a spiritual issue Rapidly unfolding events in the Middle East will shape the future not just of Israel but of our entire world This insightful commentary by Rabbi Jonathan Bernis combines historical biblical and prophetic teaching to help you understand what's happening and how Believers should respond to these events Drawing from the perspective of a Jewish Believer in Jesus this book provides a biblical understanding of the complex issues continuing to unfold in the Middle East today and how they relate to key prophecy in Scripture Discover why there is constant upheaval in the Middle East what to watch for in the days ahead and whether peace is really possible Other books by Rabbi Jonathan Bernis include *Unlocking the Prophetic Mysteries of Israel A Hope and A Future* United States Statutes at Large United States,2010 Volumes for 1950-19 contained treaties and international agreements issued by the Secretary of State as United States treaties and other international agreements

The Revolt of the Palestinian Jews Anthony Cardinale,2024-06-25 *The Revolt of the Palestinian Jews* describes Israeli Prime Minister Benjamin Netanyahu's campaign to enhance the rights of Palestinian Jews at the expense of Palestinian Arabs Bibi on trial for corruption could return to office in late 2022 only by aligning with rabid far right religious parties that were intent on driving Palestinian Arabs out of the so called occupied territories Hoping to get the Knesset to legalize the crimes for which he was on trial Bibi proposed a judicial reform plan to neuter the power of the Supreme Court to annul such a law

Soon thousands of Israelis were demonstrating for and against the reform even coming to blows prompting President Isaac Herzog to warn of impending civil war Seeing Israelis bitterly divided Hamas exploited this weakness with a surprise all out attack on October 7 2023 Israel is now fighting back But will the tens of thousands of civilian casualties in Gaza someday prompt the nations to attack Israel as prophesied in the Bible While Netanyahu exploited divisions in Israeli society increasing the ungodly polarization this book predicts that God will employ a godly polarization between religious and secular Jews forcing them to take a stand in the coming final days

Out of Bounds Matthew Abraham,2014-01-02 Academic freedom is a key element of the academic enterprise in the U S However it does not seem to exist when scholars seek to advocate on behalf of Palestinian self determination This unique work examines how the knowledge power nexus is shaping the discourse around the Israel Palestine conflict and restricting academic freedom Beginning with a discussion of American Zionism the work proceeds to explain why scholars working on the question of Palestine are often denied standard academic freedom This is supported by prominent cases such as Norman G Finkelstein s denial of tenure the Middle East Studies Department at Columbia University

and Mearsheimer and Walt's book *The Israel Lobby*. The work of Edward Said and Noam Chomsky are also discussed and the book concludes with recommendations for protecting intellectual freedom to those seeking to critically pursue the question of Palestine. This scholarly study will appeal to a broad audience of faculty, students and readers who seek to understand the importance of academic freedom and the thorny debates surrounding the Israel-Palestine conflict.
