

# From Reich To State

**Peter H. Wilson**

## **From Reich To State:**

**From Reich to State** Michael Rowe, 2003-07-31 Napoleon's contribution to Germany's development was immense. Under his hegemony the millennium-old Holy Roman Empire dissolved, paving the way for a new order. Nowhere was the transformation more profound than in the Rhineland. Based upon an extensive range of German and French archival sources, this book locates the Napoleonic episode in this region within a broader chronological framework encompassing the Old Regime and Restoration. It analyses not only politics but also culture, identity, religion, society, institutions, and economics. It reassesses in turn the legacy bequeathed by the Old Regime, the struggle between Revolution and Counter Revolution in the 1790s, Napoleon's attempts to integrate the German-speaking Rhineland into the French Empire, the transition to Prussian rule, and the subsequent struggles that ultimately helped determine whether Germany would follow its own *Sonderweg* or the path of its western neighbours.

**From Reich to State** Michael Rowe, 2003. *From Reich to State* is based upon an extensive range of German and French archival sources, locating the Napoleonic episode in this region within a broader chronological framework encompassing the Old Regime and Restoration. It analyses not only politics but also culture, identity, religion, society, institutions, and economics.

**The Cambridge Economic History of Europe** Michael Moïssey Postan, H. J. Habakkuk, 1966. For contents and other editions see Title Catalog.

**From Recovery to Catastrophe** Ben Lieberman, 1998-09-01. Historians of the stabilization phase of Weimar Germany tend to identify German recovery after the First World War with the struggle to revise reparations and control hyperinflation. Focusing primarily on economic aspects is not sufficient; however, the author argues the financial burden of recovery was only one of several major causes of reaction against the republic. Drawing on material from major German cities, he is able to trace the emergence of strong local activism and of comprehensive and functional policies of recovery on the municipal level, which enjoyed broad political backing. Ironically, these same programs that created consensus also contained the potential for destabilization; they unleashed intense debate over the needs of the consumers and the purpose and extent of public spending, and with that of government intervention, more generally, which accelerated the fragmentation of bourgeois politics, leading to the final destruction of the Weimar Republic.

**From Reich to Revolution** Peter H. Wilson, 2019-10-10. German history after the Reformation is often seen as a confusing period of political failures before the emergence of powerful states like Prussia gave some coherence to the national story. The inability of Emperor Charles V to solve Germany's political and religious problems by 1558 seems to condemn the country to the chaos of the Thirty Years War and the subsequent partition of the Reich or Holy Roman Empire into virtually independent states until its final collapse in 1806. Peter H. Wilson's major new study weaves insights from the latest research into a comprehensive account of German social, political, and cultural development across two and a half centuries. Addresses fundamental questions such as how the apparently fragile structure of the Reich survived the trauma of the Thirty Years War and why, despite gross social inequality, Germany did not experience mass French-style revolution.

Provides a helpful glossary detailed appendices and a guide to further reading to aid study     Plant Inventory ,1992     The Encyclopedia Britannica ,1922     **The Encyclopaedia Britannica: Index Eng to Zul** ,1922     **The Encyclopædia Britannica** Hugh Chisholm,1922     Weimar Prussia, 1918-1925 Dietrich Orlow,2010-11-23 Orlow demonstrates that the success of parliamentary democracy in Prussia during the Weimar Republic found its roots in the strength of national unity developed during the nineteenth century and the work of Catholics Social Democrats and Liberals during the time of Republic
