From Ritual To Theatre:

From Ritual to Theatre Victor Witter Turner, 1982 How is social action related to aesthetics and anthropology to theatre What is the meaning of such concepts as work play liminal and flow In this highly influential book Turner elaborates on ritual and theatre persona and individual role playing and performing taking examples from American European and African societies for a greater understanding of culture and its symbols *From Ritual to Theatre* Victor Witter Turner, 1982

Masked Performance John Emigh, 1996 Growing out of a series of articles written over a 15 year period and illustrated with over 100 photos this volume offers a narrowed focus examination of various performing traditions that rely on the expressive power and imagination of masks It explores the redefinition of self into other when the mask is worn and examines actors and their performances in Papua New Guinea Orissa India and Bali *Ritual Theatre* Claire Schrader, 2012 This book considers the relevance of ritual theatre in contemporary life and describes how it is being used as a highly cathartic therapeutic process With contributions from leading experts in the field of dramatherapy the book brings together a broad spectrum of approaches to ritual theatre as a healing system **Theatre, Ritual and Transformation** Sue

Jennings, 2018-12-20 Sue Jennings and her three children spent two years on a fieldwork expedition to the Senoi Temiar people of Malaysia Theatre Ritual and Transformation is a fascinating account of that experience She describes how the Temiar regularly perform seances which are enacted through dreams dance music and drama and explains that they see the seance as playing a valuable preventative role in people's lives as well as being a medium of healing and cure Her account brings together the insights of drama therapy and theatre with those of social anthropology to provide an invaluable theoretical framework for understanding theatre and ritual and their links with healing *The Roots of Theatre* Eli Rozik, 2005-04 The topic of the origins of theatre is one of the most controversial in theatre studies with a long history of heated discussions and strongly held positions In *The Roots of Theatre* Eli Rozik enters the debate in a feisty way offering not just another challenge to those who place theatre's origins in ritual and religion but also an alternative theory of roots based on the cultural and psychological conditions that made the advent of theatre possible Rozik grounds his study in a comprehensive review and criticism of each of the leading historical and anthropological theories He believes that the quest for origins is essentially misleading because it does not provide any significant insight for our understanding of theatre Instead he argues that theatre like music or dance is a sui generis kind of human creativity a form of thinking and communication whose roots lie in the spontaneous image making faculty of the human psyche Rozik's broad approach to research lies within the boundaries of structuralism and semiotics but he also utilizes additional disciplines such as psychoanalysis neurology sociology play and game theory science of religion mythology poetics philosophy of language and linguistics In seeking the roots of theatre what he ultimately defines is something substantial about the nature of creative thought a rudimentary system of imagistic thinking and communication that lies in the set of biological primitive and infantile

phenomena such as daydreaming imaginative play children's drawing imitation mockery caricature parody storytelling and mythmaking

The Origins of Theater in Ancient Greece and Beyond Eric Csapo, Margaret C. Miller, 2007-01-15 Publisher description **The Ideology of Ritual** Frank H. Gorman, 1990-01-01 For the Priestly writers ritual was a fundamental form of theological reflection This study analyses the conceptual categories of space time and status in an effort to clarify the larger cultural and conceptual categories operative in the Priestly ritual system Drawing on interpretative models derived from cultural anthropology the author argues that Priestly creation theology forms a necessary context for understanding the Priestly rituals

The Power of Um Werewere Liking, 1996 This possibility of her ritual plays to shift from one level to the other from rituals to topical issues without seeming didactic gives it a sophistication and an overwhelming impact that one hardly finds in realistic drama so prevalent in Francophone Africa
